

Ammonium Nitrate Discount Program Offered To Farmers

Madison Farmers Eligible To Participate; Discount Declines Each Month

TVA is again this year making the discount program on ammonium nitrate available to interested farmers in the TVA watershed for certain grazing crops. All farmers in Madison County are eligible to participate in this special discount program if they have eligible crops to which they would like to apply the material, according to ASC office manager Ralph W. Ramsey.

The program began July 1 and will continue through January 31, 1958 with the percent of discount declining each month. The best discount will be for the month of July when it will amount to approximately 30 percent. The ammonium nitrate will sell for \$3.15 per cwt., during the month of July whereas it will cost \$3.40 per cwt., during the month of December, Ramsey explained. It will therefore be a considerable saving to farmers interested in purchasing this material to secure it during the months of July or August rather than wait until the latter months.

Ramsey said this discount program was separate and apart from the regular Agricultural Conservation Program and that county ASC offices were issuing the certificates of eligibility to the interested farmers for TVA.

The primary objective of the program is to increase the grazing capacity of fall, winter and spring pastures. The rates of application range from 1 to 2 cwt. per acre. Eligible crops are small grains and/or grasses and legumes which the farmer has or is desiring to plant. It may also be applied to straight seedings of fescue for grazing.

Interested farmers should contact ASC or county agents' office for additional information.

Soil Sample Saves Chandler Much Time

Clyde Chandler, Jr. of the Middle Fork section of the county says that he was surprised to get the results of a soil sample taken of field seeded alfalfa. Clyde had planned to put two tons of lime per acre, but the soil sample showed "no lime needed". The small amount of time necessary to take a soil sample saved Mr. Chandler the time and expense necessary to lime six acres.

PHYLLIS CODY OF HOT SPRINGS IN OUTDOOR DRAMA

Phyllis Cody, of Hot Springs, is happy because she is a dancer in Paul Green's famous outdoor drama, "Wilderness Road" at Berea, Kentucky this summer. She is the daughter of Mrs. Sarah E. Cody of French Broad. Phyllis was Salutatorian of her high school graduating class at Hot Springs in 1949 and won the A. A. Scholar's Medal at Warren Wilson Junior College at Swannanoa. The dancing she does in the historical play sponsored by Berea College is authentic folk dances with a group. Sometimes there are as many as 70 persons on stage at once in this spectacular production. Miss Cody was one of the 85 cast members chosen from the more than 800 who auditioned for roles in "Wilderness Road". The one hundred thousandth person to see this play now starting its third season is expected during the first of July. The play is presented nightly except Sundays during July and August at the forest-cool Indian Post Theater just off U. S. Highway No. 25.

CLOWN SPEAKS TO CIVITANS HERE TUESDAY

Reports On Wildacres Are Also Given At Meeting

The Marshall Civitan Club had as guest speaker Tuesday, the professional clown, Mr. Brown, who is associated with the Johnny T. Tinsley Shows which are on the Island here this week.

Mr. Brown was introduced to the club by Jim Story, program chairman. In introducing the guest, the club members played "What's My Line" in an attempt to guess Mr. Brown's profession. When he is "out of character," minus his clown's uniform and make-up, Mr. Brown doesn't remind anyone of a clown. The Rev. Richard Mellin guessed correctly after much questioning, drawing applause from the club and congratulations from Mr. Brown.

Mr. Brown told the club of his profession and expressed a keen delight in traveling throughout the country making people laugh. He told the club of several experiences and stated that a professional clown tried to please his "customers" just as merchants and businessmen did. His talk was most informative and entertaining.

Miss Roberta Reeves and Bobby Caldwell, who attended Wildacres this summer, representing the local Civitan Club, made reports of activities at Wildacres. Both Miss Reeves and Bobby were thorough in their reports and expressed appreciation for being selected by the Civitan Club.

15 members and three visitors were present.

HORNWORMS DAMAGING TOBACCO HERE

Many Madison County farmers are having difficulty controlling hornworms in tobacco this year. The weather conditions seem to favor the growth and development of these A stalk of tobacco this early in the season does not make many juicy meals for the over-grown worms. Mr. Bert Flynn of the Walnut Creek community has tobacco stalks that are half eaten by hornworms. Bert says that hornworms are the worst that he has ever seen them.

Insecticides for the control of hornworms comes in both liquid and dust forms. TDE, one of is available in a 10% dust and in a 50% wettable powder. The dust should be applied at the rate of from 15 to 30 pounds per acre and the wettable powder should be applied at the rate of from 2 to 3 pounds per acre in the amount of water necessary to get coverage.

ASC OFFICIAL RECOMMENDS SOIL TESTING

The Agricultural Conservation Program for 1957 provides several instances where the government could share with the farmer the cost of conservation practices requiring application of lime or fertilizer. Tilman R. Walker, chairman of the Agricultural Stabilization and Conservation State Committee, says that although a soil test is not mandatory under any of these practices it is strongly recommended in every case.

RETIREES

B. W. STINES, 65, of Walnut, has retired from the State Highway and Public Works Commission after 34 years' service. He was a foreman at the time of his retirement and had worked in Madison County during his entire period with the road agency. Before leaving the job for the last time, he expressed appreciation to his fellow employes for their friendship over the years. Stines now plans to do some gardening and fishing. He and his wife have five sons and five daughters.

CARNIVAL TO BE ON ISLAND THROUGH SAT.

Johnny T. Tinsley Shows Sponsored By Marshall Lions Club

Boys, girls, men and women have been having a great time on the Island since Monday night when the Johnny T. Tinsley Shows started. Amid brilliant light, the noise of the crowd, the sound of the motors and the carnival music and "atmosphere," hundreds of people have looked with awe at the exhibits and thrilled when they rode the various rides. The Tinsley Shows offers rides for all ages, some of them slow and enjoyable for the children while others are breath-taking and thrilling for the adults.

One of the features is the exhibit of a 21-foot snake or Gila Monster which weighs 208 pounds. This exhibit is run by Albert Rivers. The Rock 'n' Roll Show also has been popular.

The carnival will continue on the Island through Saturday night when hundreds are expected to go over to the Island.

The event is being sponsored by the Marshall Lions Club.

Odds On His Side

The everyday Christian has a seven to one chance over the Sunday practitioner.

New Post Office For Marshall Now Approved; Construction To Start Soon

MRS. ANNA FOX TAKING HEALTH COURSE AT UNC

Chapel Hill, July 8 — Mrs. Anna Fox of Madison County Health Department, of Marshall, is taking special work in public health this summer at the University of North Carolina School of Public Health.

The course, Special Fields in Public Health Nursing, began July 8 and will continue through August 2. The four-week course is divided into four sections of a week each. One week will be devoted to each of the following subjects: cancer control, July 8-12; tuberculosis control, July 15-19; chronic diseases, July 22-26; and cardio-vascular diseases, July 29-August 2. Approximately 95 students are registered for each section of the course. The course requires four hours daily of class-work.

The purpose of the course is to offer professional education to public health nurses who are engaged in public health and institutional work.

Mrs. Fox has enrolled for the following sections of the course: Cancer, Tuberculosis, Chronic Diseases and Vascular Diseases.

This work is being offered by the Department of Public Health Nursing of the University of North Carolina School of Public Health.

The UNC School of Public Health is the fourth oldest professional school of its kind in the United States and one of 10 such schools in North America accredited by the American Public Health Association.

American League Wins Annual All-Star Game

Breaking the jinx the National League has held over them for so many years, Casey Stengel and his array of stars from the American League finally won the annual All-Star game at St. Louis Tuesday. But not without an effort by the National Leaguers in the eighth inning that threw a scare into the millions of fans watching from the grandstand, on television and hearing the broadcast over the radio.

Passes Tuesday

Mrs. Fred Redmon

MRS. REDMON DIES TUESDAY; FUNERAL TODAY

Mrs. Fred Redmon, 37, wife of the Madison County tax collector, died at 7:30 a. m., Tuesday, July 9, 1957 in an Asheville hospital after a long illness.

Funeral services will be held at 2:30 p. m. today (Thursday) in the Marshall Baptist Church. The Rev. D. D. Gross, the pastor, will officiate, and burial will be in Bowman-Rector Cemetery. Pallbearers will be Liston Ramsey, Don West, J. C. Dodson, Jack Lunsford, Clarence Nix and Bruce Murray.

Mrs. Redmon was the former Miss Wilma Ramsey, daughter of Mrs. Caney Ramsey Sr., of Marshall and the late Mr. Ramsey. She was a member of Marshall Baptist Church.

Surviving in addition to her husband and mother are four children, Billie Jean, Patsy, Linda, and Ann of the home; four sisters, Mrs. Margery McDaniel and Mrs. Eloise Waite of Orlando, Fla., Mrs. Roy Wild and Mrs. Ellsworth Rector of Marshall; and three brothers, Glenn Ramsey of Newport, Tenn., and Cheever and Caney Ramsey Jr., of Marshall.

Human Weakness

A man can mend his ways, but there is no safe-guard against them breaking out in new places.

Mrs. Robert A. Ramsey \$5.00
Annie L. Goforth 1.00
Claude J. Wilds 25.00
Donald Slimes 10.00
TOTAL TO DATE \$41.00

Modern Building Is To Be Located Next To Belk Store

Announcement has been made of the approval of a new Post Office Building for the town of Marshall and the surrounding area. The approval was made after long-range planning based on extensive research and survey indicating the future needs of the postal installation at Marshall for a twenty to fifty year period.

The blueprint sets up a pattern of plant and service areas which will provide a stable physical installation sufficiently flexible to adjust to the severest of economic, social and even physical changes within the Marshall area.

Conclusions and recommendations relating to the new postal facilities at Marshall were based chiefly on the following factors:

1. Population growth, including directional and density trends, and corresponding increases needed in future postal deliveries.

2. Increases in efficiency, and continuing changes in equipment, physical plant, operating techniques, and administrative practices.

3. Long-range expansion of the economical base of the Marshall area to provide continuing development toward an ideal future postal establishment in the area which will contribute importantly toward making the Postal Service more economical and efficient.

The new Post Office Building will be completely functional, designed to Post Office Department specifications for just one purpose — speedier and better handling of the mails. And it will provide better working conditions and more safety and comfort for (Continued on Last Page)

Two Mars Hill Boys Charged In Buncombe Break-Ins

Two Mars Hill youths were arrested and jailed by the Buncombe County Sheriff's Dept. Wednesday on charges of breaking into a service station and restaurant in the county and stealing a large quantity of merchandise.

Arrested were Danny Metcalf, 16, and Albert Metcalf, 17, both of Mars Hill.

They allegedly broke into a service station at Newbridge July 2 and a restaurant at Woodfin June 30.

Allegedly removed from the service station were \$13.75 in cash, 65 packages of cigarettes, and 45 quarts of oil.

Removed from the restaurant were five cigarette lighters, eight cartons of cigarettes, a typewriter and an electric razor.

LONE RANGER TO BE IN ASHEVILLE FRIDAY, JULY 12

Advance Tickets On Sale At News-Record Office; Much Interest Shown

The wild west's most dashing hero, the Lone Ranger, is coming to Asheville's McCormick Field Friday, July 12, to present matinee and evening performances of his widely-hailed Hollywood show.

Astride his great horse, Silver, and with the wonder dog, Lasso, at his side, the Lone Ranger will be featured in two 2-hour shows that begin at 2:30 and 8:15 p. m.

In the troupe will be the King of the Purple Sars, singing show of many Jay Rogers and other Western legends. The matinee will include some special surprises. (Continued on Last Page)

DEFENDING CHAMPIONS in square dance competition in the Mountain Dance and Folk Festival, Aug. 1-3 will be the Bailey Mountain dance team of Mars Hill. Bailey Mountain team members shown with the Dr. Cecil A. Pless championship cup are (L to R): front row, Frances Anderson, Edith Shepherd and Patricia Robinson. Back row, Bruce Briggs, Bob West and Wayne Roberts. The team, directed by Mrs. Barbara Bennett, has won the Pless cup four times.
