## EDITORIAL

### ACCEPT CHALLENGE

"We accept your challenge," an official of the Marshall Garden Club told this writer this week in response to an editorial in last week's issue concerning a Clean-Up, Paint-Up Week for Marshall.

The special week will perhaps be held next month with the exact dates to be announced later.

It will be remembered that the Clean-up, Paint-up Week was highly successful last year and with the cooperation from civic clubs, officials and the public, should again be worthwhile this year.

At least one store in town is already "painting-up" and with everybody "pitching in," Marshall can be greatly improved.

### MARSHALL INVENTORY

We have faith in our county and our town and believe that sometime in the future this section will grow — with added industry and more payroll. Regardless of our faith, there are many "shortages" which need to be corrected.

Let's take a quick look at some of the things we lack in attracting industry and tourists to Marshall and vicinity:

Clinics, 0; Hospital Beds, 0; Tourist Courts, 1 (4-units on Walnut Creek Road); Tourist Homes, 2 (these two are fine, but we should have more); we have no sewerage disposal system; we have no supervised recreational program; we have no indoor theaters and only one outdoor theater; we have no chamber of commerce, we have no natural gas available; we have no golf course to attract tourists; we have no tennis courts or other outdoor attractions. We do not have an accurate labor survey to offer industry. We could also use more community spirit, too.

With all these "shortages," however, we have many assets. To name a few:

We have a swimming pool, a recreation center with community building (being improved with floor adequate for skating, etc.), adequate water storage system, modern gymnasium, newspaper, radio station, adequate fire department with fine fire protection, ideal climate, beautiful scenery, abundant labor, dial telephone system, electric power, Civitan and Lions Clubs, Masons, Order Eastern Stars, American Legion, Merchants Association, Girl and Boy Scouts, Book Club, Garden Club, and numerous other assets.

Let's work on our "shortages," prepare an up-to-date brochure and go out and get others interested in locating in Marshall and vicinity. In doing this, we can keep our young people here.

Let's keep faith in our town but let's also apply some work and community spirit in bettering Marshall and vicinity.

### OPEN FORUM

THE VOICE OF THE PEOPLE

Marshall, N. C. March 18, 1958

Mr. J. I. Story

Dear Sir:

I have been reading your report (in your paper), on the Tournament. I would like to ask a question: Did the Laurel girls play in the tournament? They seem to have got no credit for playing five nights out of the six played, and eliminating two teams, and, of course, playing in the semi-finals.

There seems to be more honor in setting back and looking on and dropping in occasionally and dealing the death blow than having to stay in the fight it out in a one-sided relay race.

If that is fair play and good sportsmanship, I want no part of it.

Yours for a better deal next time.

T. E. SHELTON  
Marshall, N. C.  
R-3, Box 230

### EDITOR'S NOTE:

Indeed, the Laurel girls did play in the tournament — and played great ball. They defeated Hot Springs, 67-30; lost to Mars Hill 59-40; defeated Spring Creek, 41-30; defeated Marshall, 41-39, and lost to Mars Hill, 62-41. In writing up the tournament, the major limelight was, naturally, on the finalists. Certainly this writer didn't mean to "slight" the Laurel girls, or any other team. Space just didn't allow each game to be written up. The box scores of all games were published. This writer has always admired the fine girls' team at Laurel and congratulated some of the players personally after they upset favored Marshall. Again, I wish to congratulate the Laurel girls on their fine play and sportsmanship, not only this year, but for many years past. —Jim Story.
