A COLLECT FOR CLUB WOMEN

Keep us, oh God, from pettiness; let us be large in thought, in word, in deed.
Let us be done with fault-finding and leave off self-seeking.
May we put away all pretense and meet each other face to face without self-pity and without prejudice.
May we be never hasty in judgment and always generous.
Let us take time for all things; make us to grow calm, serene, gentle.
Teach us to put into action our better impulses, straightforward and unafraid.
Grant that we may realize it is the little things that create differences, that in the big things of life we are as one.
And may we strive to touch and to know the great, common human heart of us all, and, oh Lord God, let us forget not to be kind!

DESIGN FOR A HOME
(Contributed by Mrs. A. W. Huff, Pres., Mars Hill H.D. Club)
PREPARATION: Invite God to lay the cornerstone. Excavate for foundations by removing doubt, fears and selfishness.
CONSTRUCTION: Erect a strong framework of faith, supported by sturdy beams of deep devotion; lay a stout flooring of sympathetic understanding; lath with generosity; insulate with enthusiasm; and plaster with a sense of humor.
Shingle the roof with protective kindness and apply siding composed of high hope and great expectation. Chink all cracks and crevices with pleasant memories and little family jokes. Build in permanent fixtures of honesty and integrity.
Provide doorways wide enough for the heavy-hearted and the merry-hearted to enter. Plan plenty of windows to admit sunshine for the joy of living. Weatherstrip all openings with appreciation.
Equip with plumbing adequate for daily cleansing of the spirit; install heating apparatus guaranteed to maintain a steady glow of friendly warmth; illuminate with the shining radiance of smiles and tears; and ventilate with an unlimited supply of patience.
Adorn the walls with cheerful courtesy and pave the hearth with hospitality. Cement the walk with humility and surround the yard with a fence of loyalty, entered through the gate of gratitude.
Furnish throughout the year with love. Insure against disaster by fervent prayer for daily guidance.
Walk right in . . . the place is yours!

JELLO CAKE
1 pkg. lemon jello
1 box white cake mix
3/4 cup wesson oil
3/4 cup water
4 eggs
1 teaspoon of lemon extract.
Beat 3 minutes and bake in a tube pan for 1 hour. Oven 325 degrees.

Addie Sams Tipton Dies In Asheville; Rites Held July 13

Mrs. Addie Sams Tipton, 72, of Emmett, Idaho, and a native of Madison County, died July 11, 1958 in an Asheville hospital after a long illness.
Mrs. Tipton left Madison County in 1906 as the bride of Jake Tipton. They lived in Idaho until Mr. Tipton died about a year ago. Mrs. Tipton then came to Asheville to live with her sister Mrs. Mae Sprinkle.
She is survived by three sisters, Mrs. Sprinkle, Mrs. Fred Rice Marshall RFD 4 and Mrs. Rollins Gosnell of Weaverville.
Funeral services were conducted in Bull Creek Church Sunday, July 13, with the Rev. Glenn Whitley and the Rev. A. P. Sprinkle officiating. Burial was in the church cemetery.
Nephews were pallbearers, and nieces were flower bearers.

NEW PROVISIONS ON TOBACCO ALLOTMENTS

Production and sale of harvested "suckers" from a farm tobacco acreage allotment will hereafter result in a reduction of the tobacco allotment the following year according to Noville Hawkins, chairman of the Madison County ASC committee.
The new provisions are included in an amendment to the law governing tobacco acreage allotments and marketing quotas recently passed by Congress and approved by the President.
The law now provides that if more than one crop of tobacco is grown from the same plants or different plants on the same acreage in one year, the tobacco allotment for the farm will be decreased. The decrease in the farm allotment will be equal to the acreage from which two crops of tobacco are grown. Previously, two crops of tobacco from the same acreage in one year had no effect on the farm tobacco allotment the following year.
These new provisions go into effect beginning with the harvesting of 1958 crop of tobacco, and the reduction applies to the next established allotment for the farm.

Rom Horton, 80, Passes Tuesday Funeral Today

Rom Horton, 80, of Mars Hill, died Tuesday night, July 22, 1958 at his home after a long illness.
Services will be held at 2:30 p. m. today (Thursday) in the Mount Olive Baptist Church.
The Rev. J. H. Smith will officiate and burial will be in the church cemetery.
Surviving are a daughter, Mrs. Roy Ray of Mars Hill; a son, Adam of Mars Hill; a sister, Mrs. Pearl Griffith of Burnsville; 12 grandchildren and three great-grandchildren.
Pallbearers will be Manuel and David Briscoe, Avery Ray, Seam Roland, Herbert Barnett, and Fred McDowell. Women of the church will be flower bearers.
Holcombe Funeral Home is in charge of arrangements.

DROWNING MAY BE PREVENTED

Vacation time is in full swing and, judging from the experience of other years, approximately 3,500 lives will be lost by accidental drowning during these next few months. This represents only about half of the total number of people drowned each year, but they are crowded into the three summer months.
The annual death toll in the United States from drowning grows larger each year. More than one-half of those dying in this manner are young persons under twenty-four years of age, the largest single age group of youths between fifteen and nineteen years.
Every vacationist should be careful this summer. A period of rest and relaxation from work is fine, and necessary, but carelessness should not rob it of its pleasure. To venture too far in the surf or to take chances in a swift current means running the risk of drowning. Swimmers should be extremely careful.

GRADUATION BONANZA

Grand Forks, North Dakota—Rodger Elofson received a graduation gift from his wife a few days before he was graduated from the University of North Dakota — one which he will never forget. Mrs. Elofson presented him with triplets — two boys and a girl. The triplets weighed a total of less than six pounds.

PRAYER
O God, for this day we pray that we may be kept from the grime and soot that soil and spoil our hearts and lives. Cleanse Thou our inner selves for Jesus' sake. Amen.

THOUGHT FOR THE DAY
"My strength is as the strength of ten,
Because my heart is pure."
—Alfred Lord Tennyson.
—Elmer Ellsworth Helms (California)

Discount TVA Ammonium Nitrate Available To Farmers

The TVA through their Test Demonstration Program is making available TVA Ammonium Nitrate to farmers in Madison County at a discount price to be used as follows, stated Harry G. Silver, county agent:

1. On small grains and annual grasses planted for fall and winter grazing 100-150 lbs. per acre when established, and another application of 100-150 lbs. for February and March if desirable.
2. On straight seedings of grass or on pasture or meadow land where the legume is disappearing, 200 lbs. around February and/or 200 lbs. about the first of August.

This material will be available to Madison County farmers by filling in a Certificate of Eligibility through the ASC office in Marshall and presenting this certificate to Teague Milling Company who is handling the material for the Madison County Soil Conservation and Land Use Association at the prices given below:
July — \$3.65 per 100
August — \$3.70 per hundred
September — \$3.75 per 100
October — \$3.80 per 100.
Farmers desiring this material for any of the above practices may obtain it at their earliest convenience and store the material until the suggested time of application. Madison County farmers who have used this material in the past have stated in general that they received excellent results and good returns on their investment.

PRUNE TREES
Printess W. England, assistant county agent, says now is a good time to examine your trees to see if they need thinning or if some low limbs need removing. If you wait until the leaves fall, it's hard to tell what pruning is needed. Moderate pruning can be done at any time, so go ahead and do whatever pruning is needed. In removing limbs make the cut adjacent to the trunk or another limb. Never leave a stub since it will decay and open a way for infection to penetrate the trunk. Treat the wound with either a commercial tree paint or water soluble asphalt.

The Big Difference in Gasolines

CROWN GOLD

OTHER OIL COMPANIES DO THIS:
Siphon off the high-energy components for aviation fuels and other uses

CROWN DOES THIS:
Retains all the high-energy components for automotive fuels

CROWN GOLD is the highest octane motor fuel you can buy. Yet, it's priced lower than other super-premium gasolines! Here's the reason behind this greater value: Other companies divert or siphon off substantial quantities of high-energy components into their aviation fuels . . . and for other uses. But CROWN "custom-tailors" its gasoline exclusively for automotive needs . . . and retains all high-energy components for its automotive fuels.
At CROWN's Houston refinery, all the highest energy ingredients are retained for CROWN GOLD gasoline. That's why it's today's top-octane fuel . . . a better-balanced automotive fuel that gives your car greater power and performance and delivers maximum miles per gallon.

Try the two-tank test . . . and prove the **BIG DIFFERENCE!**
