## EDITORIAL

### SKYLINE DRIVE NO SPEEDWAY

Numerous complaints have been registered about the reckless and fast driving being practiced on Skyline Drive in Marshall. The narrow road leading from the residence of Kermit Cody to the Marshall Recreation Park is fast becoming one of the most dangerous strips in the corporate limits. For some reason, or lack of reason, many teenagers are recklessly driving on this strip as if it were a speedway. Something must be done to protect them as well as others who use this road. Although there is a 15-mile-per-hour limit on this road, several are completely ignoring the law.

It is impossible for a policeman or any other officer to be "everywhere at the same time." When some of the youngsters know where the policeman is, they will act like crazy and when a policeman does get close by, naturally, they slow down.

In order to help stop this reckless and useless practice, it must become the duty of the residents who live on this road to take down license numbers and names and turn them in to the proper authorities. Then the residents must "back up" their actions when the case is heard before J. Hubert Davis. This seems to be the only way in which these violations can be curbed. By this cooperation of residents, those who persist in making this road a speedway can be cited, tried and fined.

Some complain that cars and "squealing rubber" are becoming quite common, even late at night. This practice MUST be stopped before a serious accident occurs. You can help if you want to.

### HAZARD — CHIMNEYS

A most unusual incident occurred in Marshall Tuesday morning when several bricks from a chimney on a house on Main Street fell, striking the sidewalk with a few bricks landing in the street. Fortunately, no one was passing the residence at the time of the mishap. Local firemen went to the scene and quickly tore down the remaining portions of the chimney which threatened to fall on the roof and sidewalk.

When Fire Chief Allen Duckett and fireman Jimmy Sprinkle started tearing down the chimney they discovered that the bricks were loose and the "mortar" was nothing but sand. The other chimneys at the house are also in a dangerous condition.

It isn't often that a chimney falls, but at the same time, it might be wise to inspect your chimneys and if they look to be in a dangerous condition it would well pay you to get them rebuilt before damage is done to your roof or perhaps injury to some person.

### Redmon Reunion To Be Held On Sunday, July 27

The second annual Redmon(d) Redman Reunion is to be held Sunday, July 27, 1958, at Redmon Cemetery near the Madison-Buncombe County line. The program will begin at 10:00 a. m., and we urge you to be present with a picnic lunch.

Directions to the cemetery are as follows: Go north on U. S. No. 70 between Asheville and Marshall to Alexander; cross the river at Alexander and follow the hard surface road to the end of the hard surface; continue ahead about two miles to the first gravel road to the left; follow the signs which will be posted along the road from this point.

Last year's meeting was an outstanding success with a very large group present. Help us to make this year's gathering an even greater success by being present. Please extend this invitation to other members of your family and to any other person known by you to be of Redmon(d) Redman ancestry.

Cordially yours,  
Officers and Directors of the Redmon(d) Redman Reunion

### Marshall Garden Club Met July 17, With Mrs. McElroy

The Marshall Garden Club met Thursday, July 17, at 2:00 p. m., in the home of Mrs. J. L. McElroy.

Mrs. Leonard Baker had charge of the program using "Roadside Developments" as her topic. Her talk included the requirements for the 'model mile', some of which were: cleanliness, cooperation of land owners, a minimum of signs, planting of nature scrubs and planned planting. She also discussed the picnic areas or wayside parks, taken as projects by the Garden Clubs in the state, and the Blue Star Memorial Highway — U. S. 64 and 301. Antilitterbug campaigns by Garden Clubs have also contributed to the beautification of our highways.

Following refreshments, Mrs. Edwin Mashburn presided over the business session. Nine members were present.

### Decoration

There will be a decoration at the Crooked Ridge Cemetery on Big Flat, on the 4th Sunday, July 27, starting at 10 o'clock.

All singers and speakers are invited to attend, and everyone is welcome.

CLYDE RANDALL

## LETTERS TO THE EDITOR...

### LISTEN MEN!

"Likewise, ye husbands, dwell with them (your wives) according to knowledge, giving honour unto the wife. — I Peter 3:7a.

Are you a married man? If you are, you should read this carefully. If you are not married, you should read it before you get married. Being a husband is a difficult task, because very few husbands understand their wives. Peter says, if you want to be happy as a husband, you must use some common sense. That is the meaning of the phrase, "dwell with them according to knowledge." Consider the welfare of your wife before your own. Live to please your wife and not yourself. Consider her desires before your own. And then Peter adds: "giving honour unto the wife." The word "honour" may be translated "dignity." The husband is to make his wife feel dignified, proud of her husband. The word "honour" also may be translated "importance." Do you ever tell your wife how really important she is, or do you make her feel embarrassed and inferior? It's those little things you remember which really count. Do you remember anniversaries? These are important to a woman. Do you ever tell her she is beautiful? It will not make her vain, don't worry. How long since you've told her, "I love you more than ever?" Do you ever comment on her new hat? Does she ever hear a word of appreciation for some special dish? Little things, you say? Oh, no, these are big things — they give dignity to love. They make a woman feel she is needed, important — yes, indispensable. Our great example is Jesus. Paul says in Ephesians 5:25: "Husbands love your wives, even as Christ also loved the church, and gave himself for it." He GAVE HIMSELF! What are you GIVING to the one YOU love? She wants more than clothes, a home, and gadgets — it is love which gives dignity to a faithful wife and mother. For true lovers — the honeymoon never ends. — (M.R.D.)

Memory Verse (For men only): Ephesians 5:28

"Honour the wife — in love with her dwell; 'The God's command' — 'Thou wilt pay you well!'"

THOT: "Woman was taken from man's side — next to his heart — to be loved!"

—(J. M. Gray)

### Make Your Farm A Safer Place

This week is National Farm Safety Week. Each year farm accidents cost farmers and their families much misery, and, in some instances, death. Most of these accidents could be prevented by taking the proper precautions at the proper time. Too many times "the barn door is closed after the bull escapes."

Mr. John Silver of the White Oak section in Madison County says that a seemingly harmless tool left out of place may cause a serious accident. He referred to a rake not properly stored which he stepped on and was almost knocked out by the rake handle.

Our farms and homes can be a safer place in which to live. Let's make it our goal for each member of the household to eliminate at least one hazard in the home or on the farm.

### CARD OF THANKS

We wish to express deep appreciation to our friends and neighbors for the beautiful flowers and all the kindness shown us during the death of our beloved mother, Mrs. Pearl Shelton.

### A Lino Operator's Musings

By COLEMAN CALDWELL

Trying to be a Christian on the installment plan is always a waste of important time — Shades of Babe Ruth, Lou Gehrig, Roger Hornsby and other immortals — I never heard of such a game as the Walnut-Mars Hill Little Leaguers played last Thursday — both teams getting 2 hits each, all coming in the same inning — each team getting two runs (one each in the 1st and 6th) — each team committing 3 errors — each pitcher fanning 6 hitters — then playing nine whole innings to a 2-2 tie — one for the books — did you ever get bawled out and like it?

Tom Basnight remarked to me the other day "why don't you quit beefing about no one reading your column? I know of someone who is reading it" — thanks, Tom — but I still haven't got him in the notion of going trout fishing with me — he and his cute little son came in to see me last week — always glad to see them — baptized at my church Sunday; outdoor pool, spring water, and b-r-r-r, was it cold? — got another baptizing Sunday in Tennessee — been attending Vacation Bible School this week at my Antioch church — Mrs. Pike knows her stuff in this kind of work — thanks, Speedy, for the Bibles for my two churches — while fishing with a male Adam fly (dry fly) Saturday, Bob looked off from his fly, and while his head was turned a moth closely resembling his fly, lit on his floating line — turning his head back to his fishing, he mistook the moth for his fly, and it took wings and flew off — thinking it was his dry fly leaving, Bob remarked to himself: "Well, I've finally cracked up" — "Why beholdest thou the mote that is in thy brother's eye, but considerest not the beam that is in thine own eye?" — Matt. 7:3.

An efficiency expert is a man who doesn't have a business of his own to wreck.

#### MARSHALL, 18 HOT SPRINGS, 0

Marshall's Little Leaguers won an easy victory last Thursday afternoon on the Island when they romped to a 18-0 win over Hot Springs. The game was called after five innings due to the one-sided score. Worley was the winning pitcher and Gentry was the losing pitcher.

Marshall gathered 12 hits while Hot Springs only got one hit — a single by Gentry in the second inning.  
Hot Springs 000 00—0 1 3  
Marshall 336 6x—18 12 3

#### MARS HILL, WALNUT BATTLE TO 2-2 TIE

The Mars Hill and Walnut Little Leaguers hit head-on last Thursday afternoon on the Walnut diamond and played one of the closest and most exciting games this season. The result was a 2-2 tie after nine torrid innings.

Each team managed to get only two hits. Both collected their hits in the same innings — first and sixth.

Smith pitched for Walnut and Ponder was on the mound for Mars Hill. Each pitcher struck out six batters. This should be some kind of a record, don't you think?

Mars Hill diamond, 7-3. Davis was the winning pitcher while Smith was charged with the defeat. These two teams battled to a 2-2 tie last Thursday at Walnut.  
Phillips and Edmonds each collected 2 for 2 to pace the winners while Cook, Walnut centerfielder, clouted a home run in the first inning.  
Walnut 111 000—3 7 3  
Mars Hill 204 10x—7 7 2  
WP: Davis; LP: Smith.

### Auto Racing At McCormick Field Speedway

Asheville — Banjo Matthews, the biggest winner in history on McCormick Field Speedway's quarter-mile track, will be back in action Saturday night when the local NASCAR sportsman division cranks up for a 40-lap race.

Banjo was not included in the field last Saturday — but the event was rained out. He was minus a car due to the decision of his car owners, Eddie Joyner and Toy Jones, to keep their racers out of competition for a while.

But Jones and Joyner agreed to put their racers back in the field when Track Director C. F. Powell said measures have been taken to reduce recent alleged rough driving instances.

The decision to re-field their cars means that Jones and Joyner also will put the racers driven by Dick Plemmons and Rags Carter back on the track.

Thus, it is expected that Banjo and Ralph Earnhardt will again hook up in a fast race. They've been battling it out all season with Banjo holding the upper hand, five victories to Earnhardt's one.

Sportsmen will compete in a 40-lap feature, two 10-lap heats and a 15-lap consolation. Amateurs scheduled to run a 30-lap main event and three 10-lap heats. Time trials will begin at 7 and racing at 8.

In addition to the regular races, a 10-lap Powder Puff Derby will be held for women drivers.

Effective Saturday night, the track will pay the fastest 24 sportsman qualifiers a \$25 minimum providing they start in the feature race or wreck out in a heat.
