SENSIBLE WORDS

Mr. Bernard S. Brigman, principal of the Marshall school, spoke briefly to the Marshall Civitan Club last Tuesday commending the club for the successful sponsorship of the Band trip to Duke University last week-end. As we have previously stated, Mr. Brigman spoke briefly but what he said had a thoughtful and inspiring meaning to this writer.

He made the statement that "the people of Marshall can get what they want if they want it badly enough." He referred to the initial cost of organizing a school band and said the first figures made the thought of a band prohibitive. "But," he added, "the people of this area WANTED a band and the dream was realized." He then referred to the expense of the Duke trip. He said that when Mr. Lackey, the band director, received the invitation to participate in High School Day he was naturally pleased BUT — there was no money for such a trip. Raising \$400 was "impossible." Disappointment spread over the school because this was the first time in the county's history that one of its bands had received such an invitation. BUT — the people, realizing what the trip would mean to the members of the band, cooperated with the Marshall Civitan Club, who sponsored the trip, and donated enough money to make the trip possible.

Mr. Brigman's few words bore a great deal of meaning and IF the people of this area WANT SOMETHING BADLY ENOUGH, they can get it — be it industry or what not.

Intermediate R.A.'s To Visit Mars Hill College Saturday

Intermediate age boys, 12-16, from throughout Western North Carolina, members of the Royal Ambassador organization in their churches, will visit the Mars Hill College campus Saturday for a first-hand look at college life. Approximately 50 boys, accompanied by their RA leaders, are expected to attend. The day's program is part of a series of such visits being promoted by E. W. Jackson, head of RA work for the Brotherhood of the Baptist State Convention of North Carolina. Similar programs are planned for Wake Forest, Gardner-Webb and Chowan colleges. Arriving Saturday morning, the boys and their leaders will be registered and assigned accommodations in the college's newest dormitory for men, Myers. That afternoon they will be welcomed by President Hoyt Blackwell and other leaders at the college. Later they will be conducted on a tour of the campus and eat in the college cafeteria. Saturday night they will be guests at the Mars Hill-Gardner-Webb football game to be played at Mars Hill.

A Lino Operator's Musings

A horse-trader once said to Henry Ward Beecher: "I have a good family horse I want to sell you. He is a good carriage horse. He works double with any other horse and on either side of the tongue. In short, he is a good all-around horse and a good team worker." Mr. Beecher replied: "My friend, I can't buy your horse but I would like to have him as a member of my church!" — I had some of the best pumpkin pie Sunday and by the way: I found someone else who has found out how good it is — he has just re-discovered the goodness and satisfaction in it — boy, can that Roberts boy from Hot Springs tote a pigskin — it would have been nice to have him and his teammates R. L. Cantrell and Norton and Walnut's "Tim" Roberts and Benny Thomas with us Friday night against Glen Alpine — I heard a guy say that Roy Reeves was the deepest student of football he ever saw — said Roy lived, slept and ate football — "he'll make a No. 1 good coach some day," he concluded — Floyd came in one day this week all "shook up" — seems he had to take his better nine-tenths to the doctor at Mars Hill and had a busted tire — just gave him the key to my car and "away he goes" — well, it seems like my hands will never stop being sore, cracked, dried out and tender — and in all my (7) years I have never had any affliction that took away my strength as this infection did — going to a birthday dinner in honor of one of the grandest old men I ever met on my next trip to Tennessee — I want to take Billy's movie camera and get some real good pics — Fain is one of the best fellows I ever worked with — patient, quiet and willing to do anything to help — glad the kids had a nice trip to Duke — went to see Mr. Andy Lewis in the hospital Tuesday night, and lo and behold it seemed like half of Madison were there — visited Rex Davis (brother to Bob) and Mr. Freeman of Spring Creek while I was there — hurry and get well, fellows — "Happy is he that hath the God of Jacob for his help, whose hope is in the Lord his God." — Psalm 146:5.

Mr. and Mrs. Berion Aikens are the proud parents of a baby boy, born Tuesday, Oct. 7, and named William Robert. Mr. and Mrs. Monroe Tweed

Let's Make A CHANGE In Madison County

Are you happy with the situation in Madison County? Where is that ECONOMY in Government that was promised? Have you compared your TAX RECEIPTS and TAX NOTICES of the present with the amounts you previously paid? Compare the County EXPENSES now and then.

What about liquor and law enforcement in general?

Who has caused all this ELECTION SCANDAL publicity which has hurt our County in more ways than we'll ever know? And, can anyone deny its justification? Do any of you younger voters who honestly wish to know the truth about Madison County politics know of any of the other 99 COUNTIES in North Carolina which has a ONE-MAN Jury Commission? Do you think ANY MAN is qualified to be in sole control of the Jury System? This is just one example of the injustice brought about by the outfit in control. And, you don't have to be a Republican to be their target!

The Election Laws provide in part that recommendations may be made by a political party of judges to serve in the Election, and further sets the time that the County Board shall make the selections. In Madison, the full list is already made when the meeting is called, not only is a Democrat Registrar and Democrat Judge listed for each Precinct, but also the Republican judge is already picked, AND the list of 5 Republican electors of good moral character and otherwise qualified which is presented by the Republican member of the Board on behalf of the Chairman of the Republican Party from which it is requested that I be taken as Republican Judge, is ignored. If they have the support claimed, why do they object to naming one judge recommended by that Party? Unfair, yes, but Democrats don't smile too quickly at our predicament! If you haven't already, you may be treated likewise by this group if you do not go along. We want and every citizen should demand a clean Election; your VOTE is your BIRTH-RIGHT!

We invite all of you, Republicans and Democrats, to come to the aid of Your County by working for, supporting, and voting for the following candidates which we proudly present as being honest and well qualified for the respective offices they seek:

If you don't know these people personally, ask their neighbors and friends. They will each stand a thorough investigation with flying colors.
