Foods

On several farms throughout the county the problem of storage for pumpkins, apples, potatoes and other foods that keep through the winter, is a big problem.

Some of the rules for storage of these articles are:

- 1. Keep them dry and in a place where the air can circulate around them. 2. Keep in a dark place. 3. Keep out all of the moisture possible.

Gardening

Growing flowers is one of the things Mrs. Frank Flynn enjoys most about living on the farm. She has some beautiful potted flowers as well as a garden of them outside.

Clothing

Storage of summer clothing is one problem facing many of our families. With all our many things to store it is difficult to find any extra place for the summer articles that are not being used now.

Housing

Mrs. Allen Ball made drapes from burlap - dark green - to carry out the color scheme of her son's room.
