## EDITORIAL

### WILLING TO ASSIST

The future of the United Fund in Madison County depends largely on the actual interest and understanding of what the United Fund represents. The people of this county have shown in past years that a United drive — that is, one drive to secure pledges and cash for many agencies — is the practical method. Most everyone had rather pledge and/or give cash at one time rather than be bothered with so many solicitations.

The officers and directors of the County U.F. at a meeting held several weeks ago, decided to "divorce" the five health agencies from United Fund because they refuse to accept U.F. monies. It was hoped that the agencies would cooperate with the United Fund method and that they would realize that more money with fewer drives would be beneficial to all. This proved wrong. They have constantly refused to accept the amount which had been allocated them. With years of refusals by them, there seemed little choice in the latest decision. If they want to struggle along with separate drives then that's their business. The agencies which will accept U.F. monies will be listed soon. These will probably be Red Cross, Salvation Army, White Cane, Boy and Girl Scouts, Carolinas United (Research, etc.), and probably others. Those "divorced" from the U.F. include Heart, Polio, TB, Crippled Children and Cancer. (These refuse to participate).

A budget committee is to be appointed soon and the committee will apportion the amounts to the participating agencies.

It has been officially promised that the Buncombe-Madison Red Cross Chapter, the Boy Scout and Girl Scout organizations and perhaps others will actively assist in the organization and campaign. These worthwhile agencies are willing to take a certain section of the county and do everything possible to help the Madison United Fund succeed. This offer was made last week and it seems to us that it is most generous and cooperative. For example, Red Cross is willing to "work" the Mars Hill area; Girl Scouts, the Marshall area; and maybe Boy Scouts, the Hot Springs area.

Surely, with this assistance and with full cooperation of other volunteers, the United Fund can reach its goal.

It is now up to the general public to awake from its lethargy and support the United Fund.

## FIRE PREVENTION — THE JOB

Every 37 seconds a fire breaks out in some city in the United States, endangering lives and damaging or destroying property.

Every 46 minutes some one dies as the result of fire in this country.

These are the two impelling challenges commanding us to give a thought to fire safety during Fire Prevention Week (October 9-15).

It was the Great Chicago Fire in 1871 that eventually brought recognition of the need for a concentrated drive for fire prevention on a national scale.

### First Fire Prevention Day

The first Fire Prevention Day was observed October 9, 1911, the 40th anniversary of the Great Chicago Fire.

In 1920, President Woodrow Wilson issued the first Presidential-Proclamation of Fire Prevention Day.

And, in 1922, President Warren G. Harding proclaimed the first Fire Prevention Week.

Each year since then, the President of the United States has proclaimed the week containing October 9 as Fire Prevention Week.

Last year losses from fire were a shade below those of the preceding year.

In 1959 the number of fire deaths totaled 11,300, compared with 11,500 in 1958.

And fire losses at \$1,047,073,000 were nine-tenths of one per cent under 1958, the first decline since 1950.

### The Job Must Continue

There can be no relenting in the fight against fire. There can be no resting on the laurels.

It is the job of all of us to continue our efforts to make America fire safe.

Have you checked your attic or basement recently for accumulation of the type of combustible trash in which fires so easily start?

Have you checked your electrical circuits and extension cords to make sure they are in tip-top shape?

Does your fuse box contain fuses of the proper size?

Remember, one-fourth of all fires are caused by matches and smoking. Another 20.4 per cent are the result of misuse of electrical equipment. And three-fifths of fires in homes — they are caused and prevented by using care.

## Madison Man Held In Federal Custody

A Madison County man was in Federal custody Thursday, Oct. 6 for failure to pay a fine of \$175 after sentencing in U. S. District Court in Asheville last spring on a liquor violation.

A U. S. deputy marshal and a Federal Alcohol and Tobacco Tax Division investigator arrested Wayne Franklin of Marshall RFD 2 Thursday night. At the time of his sentencing, Franklin drew a two-year term suspended on probation for three years and the fine.

## Mrs. Theodore Worley Passes; Rites Saturday

Mrs. Theodore Worley, 41, of Hot Springs, RFD 1, died at 1:30 a. m. today (Thursday) in a Waynesville hospital following a lengthy illness.

Services will be held Saturday at 11:00 a. m. in the Mt. Pleasant Baptist Church. The Rev. Clinton Holt and the Rev. Doyle Miller will officiate and burial will be in the church cemetery. Friends will serve as pallbearers.

Surviving in addition to the husband are 2 daughters, Althea and Lucille Worley of the home; the mother, Mrs. Mae Allison Dockery of Marshall RFD 1; two brothers, Homer Allison of Hot Springs RFD 1 and J. J. Allison of Marshall RFD 1.

The body will be taken to the home of a brother, J. J. Allison, Friday morning and will remain there until the funeral hour.

Bowman-Rector Funeral Home is in charge of the arrangements.

## Prices Higher For Well Graded And Prepared Burley

Many farmers in Madison County have started stripping and putting their tobacco crops which will be marketed during the winter months. All farmers are familiar with some of the things that happened to a large per cent of the tobacco that was marketed from the crop grown in 1959.

The tobacco companies seemed to pay higher for crops which were well graded and prepared for market than they had in previous years. We all recall what happened to the tobacco containing dirt which had gotten on the leaves while stuck out in the field during rainy weather. Any tobacco containing dirt again this year will more than likely carry a No Grade mark and will not be supported by the government support program.

Additional effort should be put forth by farmers in keeping clean tobacco separated from tobacco containing dirt. A little extra time and effort in separating the different groups, the green tobacco, and the damaged tobacco should also pay the farmer well for his time.

## Bank Receives Congratulations

Shown above is Mr. E. R. Tweed, president of the Citizens Bank, receiving a plaque of congratulations to the bank for its 50 years of service in Madison County. The presentation is being made by Mr. E. Lee Cain, vice-president of the Wachovia Bank of Asheville, on the bank's 50th anniversary on October 1.

## Sheriff Identifies Body As That Of A. L. Robinson

The body of a man found last Wednesday afternoon, Oct. 6, in a field about six miles from Mars Hill has been identified as that of Arthur Lee Robinson, about 40 of Fletcher, Madison County Sheriff E. Y. Ponder said.

Robinson's body was found near the head of Crooked Creek and Turkey Branch by two squirrel hunters, J. C. and Charlie Boone of Mars Hill RFD 2. He had been dead for about a month, the sheriff said.

Allen Duckett, assistant county coroner, said no inquest would be held.

Graveside services were held at 10:30 a. m., Friday, October 7, in Roland Cemetery in Yancey County. The Rev. Fred Boone officiated.

Surviving are a son, Orville Robinson of Burnsville; four sisters, Mrs. O. C. Cooper of Marion, Miss Annie May Robinson and Mrs. Elizabeth Johnson of Hendersonville and Mrs. Ruth Griffin of Hampton, Va.; and four brothers, G. B. Leland and Sheridan Robinson, all of Mars Hill, and Marion Robinson of Hendersonville.

## SECURE YOUR FEED EARLY

Many farmers in Madison County are faced with the prospect of not having enough feed to carry them through the winter, if we have a rough winter. With the present prices of cattle, it is doubtful if a farmer can buy feed under stressed conditions and make a profit. Farmers who know that they may run short of feed and plan to purchase, should do so before rough weather sets in.

The hard winter which went through last year caused most of the reserve feed supply to be used. This will mean that roughages will be scarce and high in cost if we should experience a similar season this year. Taking the chance of a mild winter may well wipe out the profit to be realized from livestock. Secure the additional feed now or cut livestock numbers to bring them in line with existing supplies of forage.

## Cuthbertson Speaks To Walnut Students

The Rev. and Mrs. Stewart W. Cuthbertson, who served as non-denominational missionaries in Nigeria, Africa, until 1957, spoke recently to the students, faculty and several patrons at Walnut High School. They spoke of their work of teaching and ministering to young boys and girls in Nigeria. It was evident from what the Rev. and Mrs. Cuthbertson said that Nigeria is not nearly as primitive as many would imagine, and that her peoples' habits are colorful and their customs unusual. The Nigerians are logical and practical.

It was significant that the Rev. and Mrs. Cuthbertson addressed the students only a few days prior to the time Nigeria received her independence (Oct. 1). As missionaries to this distant — but no longer backward hostile land, they have done much to improve relations and understanding between our respective countries.

Rev. and Mrs. Cuthbertson expect to return with their two children to the missionary field in Nigeria next April. In the meantime they are making their home in Lincoln Park, Mich. The Rev. Mr. Cuthbertson is a former resident of Madison County.

## REPEAT PERFORMANCE?

Indianapolis — Employees at the county health office in Indianapolis had to do a little research when they received reports of a woman having two babies the same day in different places.

That is how it happened, however. Mrs. R. B. Marcus gave birth to a daughter at home, then was rushed to a hospital an hour later for delivery of the boy member of a set of twins.

## The Big Push—

There is some good in everything — the wolf at the door often starts a guy climbing.

## REPORT OF THE CONDITION OF THE Bank of French Broad

of Marshall in the State of North Carolina at the close of business on October 3, 1960

## MARS HILL TAKES 5TH PISGAH WIN

Mars Hill rolled to its fifth victory in the Pisgah Conference at Mars Hill Friday night by clipping Edneyville, 13-0.

This was the fourth loop hit on which Mars Hill has been un-scored on.

Woody Ammons, Mars Hill quarterback, opened the scoring for his team in the second quarter when he raced in from 24 yards out. O'Neil Shelton recovered a fumble on Edneyville's 26-yard line to set up the touchdown march. Ammons ran the conversion.

The winners second touchdown came in the second quarter also when Benny Roberts went over on a 17-yard reverse play to cap a 65-yard drive.

Sydney Johnson and Hubert Metcalf were the defensive stand-out for Mars Hill.

	E	MH
First downs	5	8
Rushing yardage	73	156
Passing yardage	45	46
Passes	12-4	8-3
Passes intercepted	1	2
Punts	4-24.6	6-30.4
Fumbles lost	4	2
Yards penalized	60	65
Edneyville	0 0 0 0—0	
Mars Hill	0 13 0—13	

## EAST YANCEY ROLLS OVER MARSHALL

East Yancey scored in every quarter at Burnsville Friday to top the Marshall Tornadoes, 32-6.

This victory was the fourth for the East Yancey team as against two losses.

Fullback Ronnie Robinson scored twice to lead East Yancey. He raced 45 yards for his first TD in the opening period, and then ran the extra point. In the second he pushed across from the one-yard line to cap a 53-yard drive.

East Yancey's other touchdowns were made by Danny Efflott on a 12-yard run, Jim Young on a three-yard plunge and by Steve Young from 20 yards out.

Billy Day Chandler ran 31 yards to score for Marshall in the second quarter.

	EY	M
First downs	12	16
Rushing yardage	152	329
Passing yardage	40	13
Passes	4-3	8-1
Passes intercepted	0	1
Fumbles lost	0	1
Yards penalized	0	30
Marshall	0 6 0—6	
East Yancey	14 6 6—32	

## C-N LOSS MARS HILL'S 'BEST GAME'

In the wake of a free-for-all which climaxed his team's 7-2 loss to the Carson-Newman junior varsity last Thursday night, Mars Hill Coach Don Henderson said Friday he thought it was the best game his team has played all season.

"Of course, I deeply regret the fracas at the end of the game," he said, "but that still does not alter the fact that our boys played a great game. They tackled hard, ran hard and worked together. Several of the Carson-Newman boys told me after the game that it was the toughest action they had seen all season, and those boys have been scrimmaging against the Carson-Newman varsity."

"I was especially proud of our co-captain, left halfback Buddy Windle. He carried the ball 16 times for a net gain of 66 yards, which was nearly half of our total yardage on the ground. In addition he handled three punts and one kickoff for another 35 yards."

Henderson also singled out halfback Don Hibb and quarterback Lewis Kendrick for high praise as well as defensive linemen Dick Albert, Clarence Hazy, R. E. Henderson and Ron Henderson.

"In fact," he said, "I was mighty proud of the entire team and rather than being discouraged they really encouraged. I think we'll see a good game Thursday against Anderson-Wald, but we are already looking forward to it."
