

CHILDREN IN URGENT NEED OF CLOTHES, SHOES

Marshall PTA Appeals To Public; Situation Is Critical

"The need for clothes and shoes is urgent at once," Mrs. Guy White, chairman of the welfare committee of the Marshall Parent-Teacher Association said this week. Mrs. White said that it seems that more children in the Marshall school are "almost naked and barefoot" than ever before.

The public is urged to donate any children's clothing that is possible. Shoes are vitally needed and many children don't have sweaters or coats. This appeal is made in good faith that the public will respond immediately.

If you have anything to donate, please contact Mrs. White, Mrs. Kermit Cody, Mrs. John Corbett or Mrs. Hilliard Teague, committee members. Mrs. Earl Robinson states that the home economics room will be used as an accumulating point.

"Please look in your home for discarded clothes and shoes and let us know at once. You can help keep some child comfortable this Fall and Winter," Mrs. White said.

EAST YANCEY HIGH UPSETS MARS HILL

East Yancey gained its 5th consecutive triumph at Burnsville Friday night as it upset Mars Hill's Pisgah Conference leaders, 21-13.

The home forces scored first in the opening quarter to gain a 7-0 halftime lead when quarterback Steve Young passed 20 yards to end Steve Boone and halfback Danny Elliott ran for the extra point.

East Yancey gained a 14-0 lead early in the 3rd quarter by driving 65 yards in four plays with the second half kickoff. Elliott reached pay dirt on a 40-yard gallop off left tackle and fullback Ronnie Robinson bucked for the extra point.

Mars Hill drew up to 7-14 in the same period when halfback Bill Ball scored the visitors' initial touchdown on a 5-yard run around right end and also ran there for the extra point.

Early in the final quarter Mars Hill closed the gap to 13-14 when Edwards plunged over from the one to cap a 76-yard drive in 11 plays. A 61-yard pass play from Ball to Edwards to East Yancey's 2-yard line set the stage for the score. Ball attempted to run the extra point around right end but was stopped short of tying the game.

With only 45 seconds left to play in the game, East Yancey put the icing on the cake when Elliott raced 47 yards for the final touchdown. Halfback Jim Young plunged for the extra point.

BRUSH BURNING PERMITS ARE NOW ESSENTIAL

J. Moody Chandler, Madison County Forest Ranger, announced this week that brush-burning permits are essential and urged everyone in Madison County to read the following law and secure permits at once:

Brush-Burning Permit Law:
14-139. Starting fires within five hundred feet of areas under protection of State Forestry service. It shall be unlawful for any person, firm or corporation to start or cause to be started any fire or ignite any material in any of the areas of woodlands under the protection of the State Forest service or within five hundred (500) feet of any such protected area, during the hours starting at midnight and ending at 4:00 p. m., without first obtaining from the State Forester or one of his duly authorized agents a permit to start or cause to be started any fire or ignite any material in such above mention between the first day of October and the first day of June inclusive. No charge shall be made for the granting of said permits.

IN NORTH CAROLINA YOU PAY \$1.10 TAX ON TEN GALLONS OF GASOLINE!

How Do You Vote?

I Believe Gasoline Taxes Are Too High!

YES NO

HOW DID YOU VOTE?

• No matter how you voted, these facts on gasoline taxes are important to you:

- In North Carolina, car owners pay \$1.10 tax on every 10 gallons of gasoline they buy!
- Gasoline taxes across the nation amount to a 50% sales tax—and that's five times as high as the tax rate on luxuries like diamonds and mink coats!
- Since World War II, there have been three increases in the Federal gasoline tax alone. This brought the Federal tax to 4 cents a gallon, in addition to the State tax of 7 cents a gallon!
- In the last ten years gasoline taxes have skyrocketed 51%—yet the price of gasoline itself has risen only 5.5% during the same period!
- Each year the average motor vehicle owner in this state pays \$96 for gasoline taxes alone. That's actually more than the average week's pay for most people!

HIGHWAYS AND GASOLINE TAXES

Your gasoline retailer, naturally, favors construction of the roads that the motoring public needs. He believes in fair and reasonable taxation for this purpose but feels that taxes on gasoline have now reached unreasonably high levels. He also believes that all special taxes on the motorist should be used only for highway purposes. Yet last year, out of every automobile tax dollar collected by the Federal Government from highway users, more than 40 cents went for non-highway purposes. If these automotive tax revenues were dedicated for highway purposes, there would be no need for the latest increase in the federal gasoline tax.
