Says:

I am not a candidate for reelection to the Madison County Tax Office. The decision is my own and based on the poor health of my family, as well as the fact that I have reached retirement age, and the distance I have to drive to Marshall. I wholeheartedly endorse the Organization candidates whose announcements appear upon this page and will actively support each and every one of them during the May 26th Primary and the General Election.

Many thanks to my loyal friends for your vote, support, and confidence during my various campaigns.

We announce our candidacies for nomination in the Democratic Primary on May 26, 1962, subject to the will of the Democratic Voters. Your support will be greatly appreciated.

Who Is Supporting Who?

—oOo—

It has been said that "A man is known by the company he keeps." It has also been said that "Birds of a feather flock together."

In a political campaign it is usually quite interesting and very informative to observe what candidates in a Primary being supported by what groups.

On behalf of the Madison County Democratic Organization, I at this time urge the Democratic Voters in the various precincts throughout Madison County to take a close look as to what groups are talking for what candidates in your precinct. I ask you to find out what candidates running in Saturday's Democratic Primary have the support of the bitter, highly partisan Republicans in your precinct. My guess is that you will find that the bitter, highly partisan Republicans in your precinct are giving their blessings and whatever support they can to those candidates who are running in opposition to the Madison County Democratic Organization.

Why would these bitter, strongly partisan Republicans be interested in the success of certain candidates running in a Democratic Primary? Would it be that these bitter, strongly partisan Republicans having repeatedly failed to defeat the Democratic Party in Madison County by frontal assault have now decided to attempt to defeat it by internal sabotage and "Trojan Horse" methods? I urge all Democratic Voters to go to the polls this coming Saturday and cast their ballots for the good of the Democratic Party, and I further urge them not to be misled into voting in a manner that would injure the Democratic Party and help the Republican Party. When your vote is cast for the good of the Democratic Party, I am supremely confident that it will be for those Democratic Candidates shown on this page.
