Two Minutes With The Bible

"THE DISPENSATION OF GRACE"

Many people have a mistaken notion that a dispensation is a period of time. This is not so, however, for the word "dispensation" means simple "to deal out." The word "dispensation," then, means "the act of dispensing or dealing out," or "that which is dispersed or dealt out."

There are medical dispensaries, for example, where medicines are dispensed to the poor. Sometimes these dispensaries are conducted on a particular day of each week. Such a dispensation of medicine may take a full twelve hours each week, but it does not follow from this that a dispensation is a period of twelve hours! It is rather the act of dispensing or that which is dispensed.

The word dispensation is used many times in the Bible, though it is not always translated the same way. In Eph. 3:2 Paul writes of "the dispensation of the grace of God, which is given me to you ward." God had committed to him a wonderful message of grace to dispense to others. Thus we read in Acts 20:24 his stirring words, spoken in the face of persecution and death.

"But none of these things move me, neither count I my life dear unto myself, so that I might finish my course with joy, and THE MINISTRY WHICH I HAVE RECEIVED OF THE LORD JESUS, TO TESTIFY THE GOSPEL OF THE GRACE OF GOD."

The "gospel" or "good news" of the grace of God: this was the dispensation committed to Paul for us by the risen, ascended Lord. This is always Paul's message: "Where sin abounded grace did much more abound." "The Forgiveness of sins, according to the riches of His grace." "Justified freely by His grace, through the redemption that is in Christ Jesus." "By grace are ye saved, through faith."

DAY DREAMS

One of life's pleasantest pastimes is making plans to spend the money you'll probably never have.

Return Of Tobacco Marketing Cards

One of the responsibilities of the farmer who operates a tobacco farm is the disposition which he makes of his marketing production each year. In discussing this subject, county ASCS office manager Ralph W. Ramsey said that each individual farm's marketing card is used primarily for the purpose of accounting not only for the quantity of tobacco produced on the farm but also for recording the time, place, and manner of marketing each lot of tobacco. In most all cases, all the farmer needs to do to account for his disposition of tobacco is to simply return his marketing card to the county ASCS office from which it was issued. The best time to return the card is immediately after all tobacco has been marketed from the farm. Delays in returning the card after it has served its purpose only increase the danger of misplacing or losing it, which in turn causes the farmer a considerable amount of trouble in accounting for the disposition he made of his tobacco by other means.

In conclusion, Ramsey urged each tobacco farm operator to mail or bring his card to the ASCS office as soon as possible after sales have been completed for the farm.

PATCHED-UP EGGS HATCH

Lansing, Mich. — Someone brought a clutch of wild turkey eggs to Roy Hunt of the Conservation Department. The eggs had been run over by a mowing machine and several were broken. Hunt fastened the shells back in place with gummed tape and five of the eight eggs, including two of those taped, hatched into healthy poults.

consideration to conducting a District Wide Meeting of its ASC Community Committeemen.

According to County ASC Office Manager, District Wide Meetings of Tar Heel Community Committeemen have been planned for the Week of January 7-11. He also announced that this special meeting of Committeemen for District No. 10 which is composed of Alleghany, Ashe, Avery, Burke, Caldwell, McDowell, Madison, Mitchell, Watauga, and Yancey Counties has been scheduled for Thursday, January 10, at Morganton.

The primary purposes of these meetings are to give recognition to the services rendered by farm-

er elected Community Committeemen, to indoctrinate them on ASC Programs and to meet and exchange ideas with Committeemen from other counties.

Ramsey further explained that several of the Committeemen from Madison County will be presented citations either from the State ASCS Committee or Secretary of Agriculture for the contribution which they made under the 1962 special Agricultural Conservation Program.

In conclusion, Ramsey stated that he hoped every one of the County's 48 Community Committeemen would be able to attend this first District Wide Meeting.
