

State Health—

(Continued From Page One)

rate for the state was 4.5 per 10,000 live births. Infant death rate for the same period was 20 per 1,000 live birth, compared to the state rate of 18.5.

In disseminating information, the department has been successful in reaching many more parents than in the past. In 1962, 10,000 copies of the "Parents' Guide to Infant Care" were distributed.

The department is also working on a new program to help parents care for their children during the winter months. This program will be completed in the next few weeks.

N.C. 'Who's Who'

(Continued From Page One)

Dr. Spencer B. Smith, assistant director of the department, was born in North Carolina. He received his M.D. from the University of North Carolina in 1928.

He has been in the department since 1930. He has held various positions, including chief of the division of child health.

Dr. Smith is also a member of the American Medical Association, the American Academy of Pediatrics, and the American Society for Clinical Investigation.

County's '62 ACP Accomplishments

The Madison County ACP has taken part in the Program since the early 1960's. The record for the year shows that 253 farmers who had not taken part in the County ACP since 1958 were active in the program.

The county also has a record of 1000 bushels of corn, 1000 bushels of soybeans, and 1000 bushels of wheat.

The county also has a record of 1000 bushels of cotton, 1000 bushels of tobacco, and 1000 bushels of peanuts.
