

FBEMC Meet—

(Continued From Page One)
Teague, vice president; J. H. Sprinkle, treasurer; and W. S. Willis, all of Madison County; C. L. Proffitt, secretary; M. D. Bailey and Paul Higgins, Yancey County; Harper Wilson and C. E. Buchanan, Mitchell County; O. H. Tilson, Buncombe County; and J. A. Rice, Unicoi County, Tenn.
Entertainment for the event was furnished by Lulu Belle and Scotty Wiseman, famous stars of radio and television. Their appearance here was well received, and the capacity audience responded time and again with applause.
Other entertainment which thrilled the audience was furnished by outstanding talent from this county, which included Mr. and Mrs. George Fisher, Byard Ray, and Ervin (Slim) Adams.
The following prizes were awarded to the following persons:
Range—Mrs. Leoter Gosnell, Rt. 6, Marshall; Multicooker—Mrs. Minnie Coates, RFD 6; Perculator—Eva Dockery, RFD 5; Hotdogger—Coble Ball, RFD 3; Multicooker—Jessie Bailey, RFD 5; Electric Iron—R. F. Meadows, RFD 5; Electric Iron—Wayne Fisher, RFD 2; Hotdogger—Fred Briggs, RFD 2; Electric Iron—J. B. Wallin, Mars Hill; Hand Mixer—Buck Tweed, RFD 3; Can Opener and Sharpener—Paynes Chapel Baptist Church, RFD 5; Electric Iron—Ed Sams, Marshall; Perculator—Leroy Gosnell, RFD 4; Clock—Luther Davis, RFD 5; Toaster—Joe Bullman, RFD 4; Hand Mixer—Floyd Henderson, RFD 5; Hotdogger—George Bailey, RFD 1, Alexander; Can Opener and Knife Sharpener—Audley Gilbert, RFD 3; Can Opener and Knife Sharpener—Mrs. Frances Crafton Ramsey, Walnut; Automatic Toaster—George Roberts, RFD 2; Clock—Mrs. Etta Stanton, RFD 3. The door prize, a television set, was won by Mrs. Charles Sexton of Marshall.

INDEPENDENCE

Stand on your own two feet—no habit grows faster than that of depending on others.

Mrs. Cromartie—

(Continued From Page One)
er states and the same is true among our counties in North Carolina." She commented that North Carolina has gained a reputation among southern states for handling its affairs in a Christian and humane manner.
"You, as women," she continued, "can do much to strengthen your influence in your community and state by actively participating in the Democratic Party. For those people who are not in full agreement with all of the facets of our party, you will find no home in the Republican Party, but will do well to stay on the Democratic team and do what you can to put right those things in which you believe."
Mrs. Cromartie further stated that she was "tremendously pleased with the interest in the Democratic Party by women of Madison County, because I believe they bring an idealism to our Party that is healthy. Women should inform themselves of the facts—then fight for what is right. Democratic women have no intention of sitting on the sidelines but expect to play and are playing an active role in the policy of making our party."
Following the address by Mrs. Cromartie, a very lively and informative question-and-answer period was held for an hour during which time policies of the Democratic Party, legislation before the present General Assembly, and activities of the Democratic Women's Clubs were discussed.
When the meeting adjourned, Mrs. Cromartie was the honor guest at a reception. Hostesses for the Club were Mrs. Don Henderson, Mrs. Vienna Hunter and Mrs. Julia Tilson. Prior to the meeting, the guests were entertained at a dinner by the Executive Board.

BIG RISK

Trust some people with your money if you wish, but never with your reputation.

Charles Jonas—

(Continued From Page One)
GOP chairman from the 11th District counties and Republican nominees for Asheville's City Council will make up a reception committee for Jonas.
At the dinner itself, GOP State Chairman Robert Gavin of Sanford will introduce Jonas and former State Chairman James M. Bailey of Asheville—general chairman for the dinner—will preside.
Edward F. Deacon, Buncombe County Republican chairman, is assisting Bailey with general arrangements, and John B. Veach of Asheville is chairman of the finance committee.
Bailey said that reports indicate more than 1,000 Republicans will be on hand to honor the Lincolnton lawyer who is their party's number one vote-getter in the state.
Jonas, a graduate of UNC and its law school, serves on the important Appropriations Committee and is ranking minority member of the Military Construction Committee.
Long an advocate of curbing government spending, Jonas has made this field his primary target in Congress.
McClure—
(Continued From Page One)
Gap with Mr. McClure's father as carrier.
The present Walnut post office is one of two third-class offices in the county and provides rural delivery service to sections west of the French Broad River, including Barnard, which no longer has a post office; Anderson Branch, Big Pine, and Doe Branch.
Miss Odessa Henderson of Walnut, who has worked in the office for about twenty years, has been selected as Substitute Career Clerk in charge of the Walnut post office and assumed her duties May 1.
Mr. McClure will continue his work in the Walnut Supply Company store, of which he is part owner, for the present.

Issues Outlined—

(Continued From Page One)
1964-crop wheat would include (1) the same acreage allotments, and (2) price support at 80 percent of parity (about \$1.35 per bushel, national average, at current parity price levels) to farmers who plant within their allotments.
"Don't depend on heresy to decide how to vote in the 1964-crop wheat referendum," Chairman Robinson cautioned growers. "Come in to the ASCS County Office, and we will give you the facts on which you can make your own decision about what's best for you and for the country as a whole."
In conclusion, Robinson urged all farmers to sign and return the copy of their "Notice of Farm Acreage Allotment and Marketing Quota" not later than May 13, 1963 in order to be eligible to cast a vote in the referendum on May 21, 1963.
More Corn—
(Continued From Page One)
and other pests, and plant on an 8 in. to 10 in. spacing in a 42 in. row.
Fertilization should be done to correct soil deficiencies and for the expected yields. If fertilizer dollars are squeezed to a 40 bushel yield, don't expect to get 100 bushels. Most of the better soils in Madison County will need 500 pounds of 5-10-10 and 400 pounds of 33-0-0 or equivalent to yield 100 bushels per acre or corn; that is 150 pounds of nitrogen, 50 pounds of phosphorus and 50 pounds of potash. This could be met by using 500 pounds of 30-10-0 and 100 pounds of 0-0-60. Does this cost too much?
If you go from the average of 63 bushels of corn per acre to 100 bushels you gain 47 bushels of corn. The average of 300 pounds of 5-10-10 and 200 pounds of 33-0-0 gives the 63 bushels. This cost about \$18.40 fertilizer bill, seed, soil preparation, seeding of cover crop, and weed control. For \$17.35 more for fertilizer and \$.80 more for seed you may get 47 bushels

DAILY W.M.M.H. PROGRAM SCHEDULE — DIAL 146

Monday — Saturday
8:30—Music for a Happy Day
8:45—Morning Devotions

Chemicals Dangers—

(Continued From Page One)
pint jar at the desired pressure and speed. Divide the number of seconds into 7.5; this gives you the gallons per minute of one nozzle. Now you can determine your gallons - per acre by this simple formula: 5940 times gallons per minute per nozzle; then, multiply the nozzle spacing in inches by the miles per hour and divide this number into the answer of 5940 times gallons per minute.

Grazing Periods—

(Continued From Page One)
cover of grasses or legumes must be established on the designated acreage if such acreage did not already have a cover established. The programs further provide that this designated acreage may be grazed up to May 1 in the spring and after November 1 in the fall. Grazing of the acreage is prohibited between May 1 and November 1 and harvesting is prohibited during the calendar year.
In conclusion, Ramsey said that the 400 county corn and wheat farmers who are taking part in this year's diversion programs should take the necessary precaution to protect the acreage which they have set aside from grazing during the period of May 1 and November 1.

WCC Alumni—

(Continued From Page One)
Zora Hoffman, Miss Queen Faulkner, Principal Auburn Wyatt, Mrs. Helen Adams and Mrs. Reeves Church of Walnut School; Mrs. Hazel Suttles and Miss Janet Hall of Mars Hill School; Principal Owen Fish of Spring Creek School; Driver Education teacher Glenwood "Tom" Wallin; and Grover Gillis, supervisor of elementary schools.

Rabies Clinics—

(Continued From Page One)
against rabies (Mad Dog).
Vaccination of all dogs will prevent endless anxiety, as well as help to eradicate rabies. Protect your family and your pet. Do your part in obtaining public health protection for your whole community. If dog owners keep their dogs immunized through vaccination, rabies will no longer be a problem.
The Clinic schedule has been set up as follows:
Tuesday, May 7
Hill Service Station — 12:00-1:00 p. m.
Mars Hill Town Hall — 1:30-2:30 p. m.
Marshall High School — 3:00-4:00 p. m.
Wednesday, May 8
Spring Creek School — 1:00-2:00 p. m.
Caldwell's Store — 2:15-3:30 p. m.
Hot Springs Town Hall — 3:00-4:00 p. m.
Self-discipline is the main ingredient in character building.
of corn. Is \$.40 a bushel corn too much?
Adequate weed control can be had by shallow, frequent cultivation stopped when corn is 2 foot tall. One cultivation and 2,4-D applied will do a fair job. One spraying with atrazine or simazine before the corn comes up is cultivation enough.
To make high yields of corn economically: 1. Use a good hybrid; 2. Get a good stand; 3. Fertilize well (all per plant if you wish); 4. Control weeds.

Today's MEDITATION

Read Psalm 103:11-18
The Lord is good, a strong hold in the day of trouble; and he knoweth them that trust in him. —(Nahum 1:7)
Few persons read the book of Nahum. It describes the wrath and vengeance of God. Fearfully we run away from it. But in this book is found the phrase which we often use in prayer!
"The Lord is good, a strong hold in the day of trouble; and he knoweth them that trust in him."
This verse tells of God's mercy and grace. The thought that the Lord is good and a refuge in the days of trouble gives us a radiant hope. Its truth has been the repeated experience in our lives. In the midst of tumult, we have cried unto God, and He has inclined

WATCH DOG?

Grand Junction, Colo. — A robber walked into a liquor store and robbed Gerald Wert, clerk, of \$341. To make the matter even more humiliating, he made Wert lie down on the floor, right beside the store's watchdog, sound asleep.
His ear unto us.
We can say that the Lord is good, and a refuge in the time of trouble.
Prayer: O Lord, through Jesus Christ we know that Thou art our heavenly Father. Thou lovest us and carest for us. Grant us the faith that we may always trust in Thee and entrust our lives into Thy hands. Through Christ, our Lord who taught us to pray, "Our Father who art in heaven . . . Amen."
Thought for the day: "My shield is with God, who saves the upright in heart."
—R. D. Massey (India)

We Only Want What We Own!

Nobody wanted to serve us with electricity when there appeared to be little chance of profit. So we borrowed REA money and built our own rural electric systems—the same money available to profit power companies to build rural lines.

Because service is what we wanted, we organized as nonprofit cooperatives. When we pay our electric bill, we pay all expenses of the operation—plus enough to repay our debt to REA.

At the end of 1961, members of our 33 systems operating in North Carolina had paid nearly \$40 million on principal and nearly \$17 million in interest on our debt to REA. And we had nearly \$30 million of our own invested in these systems.

This looks pretty good to some power companies . . . and they're trying to take over our best areas. It doesn't seem fair for us to build a system, suffer through the roughest years, and then have to give up the best parts because somebody else now sees a chance to make a profit on them.

Tarheel Electric Membership Association, Inc.

Nonprofit membership of North Carolina's 33 rural electric systems. Incorporated under North Carolina laws. 1955, Marshall, N. C.
