HEARD AND SEEN

By "POP"

Man, oh man, have you ever seen such a sling-shot in all your life — I'm talking about the monstrosity on the courthouse lawn — if you haven't seen it, be sure to stop and examine it — wonder what's going to happen — guess we'll all know in the next few days — ding-bust if I want to be sent into orbit in that contraption — went down to Hot Springs last Friday night and enjoyed supper which was sponsored by the Friendship Club — proceeds used for recently-installed lights on athletic field — when Bill and I arrived, we noticed Wade and Louise Huey eating at full speed so we joined them — Mr. and Mrs. Neill Ross joined us and we had a fine time eating and talking — it was the Hueys' wedding anniversary and we felt quite honored to be eating with the bride and groom of a few years back — have you noticed the new paint job at Coal, Feed & Lumber Co? — real nice — Everett Barnett has done a fine job — I have watched Everett work for several days and he's the type of person who gives you every minute of every hour of solid work — no goofing-off or loafing — they've just about finished "flooring" Wild's Radio & TV Service and I'll bet Roy, Frances & Co. will be glad to get back "to normal" in a remodelled store — several fellows from Marshall are spending this week near Plymouth where they are deer (not dear) hunting — hope they have a nice trip and return safely — note to Locella and Robert: Why don't you write sometime and tell us about Germany
