MATO OPENING SUCCESSFUL

The successful opening of MATO PACKING CO., INC., Saturday despite damp and rainy weather, marked a dream come true for our county farm agent, Harry Silver. It was through his vision and efforts that this modern tomato grading and packing plant was conceived and it was through his untiring efforts that have really paid off for tomato growers in this county and surrounding counties.

Quite true, other business and professional men who realized the great need for more diversification in our county, saw the potential of a tomato shed here and joined Mr. Silver in laying the groundwork for the new MATO corporation. It would be most difficult to name all the men who worked so faithfully and gave so much of their time for this to become a reality but it would be most unfair not to mention E. C. Teague, president of MATO; D. M. Robinson, C. D. Bowman, Zeno H. Ponder, L. B. Ramsey, Leonard Baker, Robert Chandler, Frank T. Moore, C. E. Mashburn, and all those who had faith in the new Madison County industry to buy shares of stock, both in the Madison County Development Board, Inc., and the MATO PACKING CO., INC.

It was exciting and gratifying to see the new industrial site humming with activity last Saturday as trucks, bumper to bumper, waited in line before their load of tomatoes could be started through the grading and boxing processes.

Although the ground was a bit muddy and the weather most uncomfortable with fine rain falling most of the afternoon, tomato growers, and other interested citizens, braved the elements to attend the first day's operation of the plant. People from every section of Madison County were there. Most of them seemed awed at the size of the shed, the modern conveyors, and the efficiency in which the men and women worked at their particular jobs.

When we arrived shortly after the first load of tomatoes had been graded, there were some 50 trucks lined up. When we left about an hour later, there were even more trucks and cars waiting. This marked the beginning of a new era for our county. This progressive step will not only mean much to the tomato growers, but will bolster our lagging economy throughout the county.

Saturday, August 15, 1964, will be a "red letter" day as far as our county is concerned. It has taken hard work, faith, patience and hard-earned money of many to make this dream come true.

We commend everyone who has had anything to do with this step forward and sincerely hope that by this success, there will be other steps of progress in the near future.

"Choo-Choo" Justice Named Chairman Arthritis Campaign

Chapel Hill — Charles (Choo-Choo) Justice of Asheville has been named State Campaign Chairman for the North Carolina "Stop Arthritis" Campaign which will be held in September. Justice's selection is announced by Dr. Donald D. Weir, chairman of the board of directors of the Arthritis and Rheumatism Foundation.

Justice, famous for his unequalled record as a member of the University of North Carolina football team 1946-49, will head a statewide campaign seeking contributions to aid the Foundation in its fight against arthritis which is the nation's greatest crippler. At Carolina, "Choo-Choo" was selected for nine different All-American teams. This remains a unique record.

As a businessman, Justice, now owner of the Justice Pure Oil Company, is active in church and civic affairs. He and his family are communicants of All Souls Episcopal Church in Biltmore. "Choo-Choo" is advisor to the Senior Episcopal Young Churchmen of his parish and a member of the Youth Commission of the Diocese of Western North Carolina.

Justice is a director of the Asheville YMCA and a member of the Christian Athletes Committee of Western North Carolina. He is a member of the Lions Club and the Veterans of Foreign Wars. He is currently president of the Madison County Young Democratic Club. "Choo-Choo" and his wife Sarah, have two children, Ronnie, 15, and Barbara, 12.

Dr. Weir announced Justice's selection with this comment, "We are honored that Charles Justice will head our 1964 "Stop Arthritis Campaign." Known to millions as "Choo-Choo" from his days at the University, Mr. Justice is one of our state's most outstanding young citizens and businessmen. Our board members and volunteers will work with him in fulfilling our motto "Care today — and a Cure tomorrow" as we seek through research to end the threat of crippling arthritis."

Miss Altha Briggs Becomes Bride Of Howard Hoyle

Miss Altha Josephine Briggs, daughter of Mr. and Mrs. Roscoe H. Briggs of Marshall and Howard Hoyle, son of Mrs. B. W. Hoyle and the late Mr. Hoyle, of 134 S. French Broad Ave., Asheville, were married Saturday, August 15, 1964 in Long Branch Baptist Church.

The Rev. George W. Briggs, grandfather of the bride, conducted the ceremony.

A program of wedding music was presented by Lawrence Weldon Briggs, of Marshall, brother of the bride, soloist; and Mrs. Lawrence Weldon Briggs, pianist. The traditional wedding marches were used.

The couple entered the church together. The bride wore a street length gown of ice blue Peau de soie and a veil of illusion attached to a coronet of seed pearls.

Mrs. Polly Lewis, sister of the bride, and Reagan Riddle, of Candler were the couple's only attendants.

The bride is a graduate of Marshall High School, attended Blanton's Business College and is employed at Citizens Bank in Marshall. The bridegroom is employed at Sprinkle-Shelton Co. in Marshall.

The mother of the bride wore a dress of white and green silk jersey with matching accessories and the groom's mother wore a dress of pink and white voile with matching accessories. Both wore corsages of white carnations.

The couple will live in Asheville.

DAIRY CATTLE MOTEL TYPE LOAFING BARN

The latest thing in dairy cattle housing is the motel type loafing

barn. This consists of a concrete slab, bordered on the north, west, and south sides by covered stalls. Two of these barns are being built in Madison County at the present time, one by Zeno Ponder, of the Grandview Community, and the other by Franklin Anderson, of Mars Hill. The advantage of this type arrangement is you have a more efficient use of your concrete slab which is used for loafing, feeding, and as an alley way to the loafing stalls. It is also much easier to clean this slab by mechanical means than to clean alley ways drier than the alley ways because of the access to sunlight and drying winds.

Mrs. Ella Merrill is a patient in Memorial Mission Hospital where she underwent surgery on Tuesday following a fall from which she suffered a broken hip and arm. Mrs. Merrill is the widow of John Merrill and the mother of Mrs. C. T. Waldrup.

1965 WHEAT SIGN-UP SET FOR AUG. 24 - OCT. 2

The sign-up period for the 1965 wheat program will be held from August 24, 1964 through October 2, 1964, according to Emory Robinson, Chairman of the Agricultural Stabilization and Conservation County Committee. Farmers wishing to sign up for 1965 must visit their local ASCS office and sign an agreement during the sign up period.

Robinson points out that the 1965 program is basically the same as the 1964 program. It offers diversion payments, marketing certificates, and price support for farmers that participate. The national average loan rate for the 1965 crop wheat is \$1.25 per bushel. This is 5c under the 1964 support rate. Certificate value is 5c. Domestic certificates are valued at 75c per bushel and export certificates are 30c per bushel.

According to Robinson, the 1965 program will offer greater flexibility for the farmer. The farmer may substitute wheat for his feed grain base or feed grain for his wheat allotment. Farmers are also reminded that mixtures of wheat and other grains that contain more than 25% wheat will be classified as wheat.

Robinson urges all wheat farmers to study this program carefully. It can fit well into several farming operations. Your ASCS office has all the necessary details about individual farms. Farmers should study their situation and make a decision prior to October 2 which is the final date for signing up in the program.
