Just A Woman's Observations - By - DOROTHY B. SHUPE

What a terrible first day of school! As Charlotte and I were leaving our home Wednesday, our new doggie chased our car and the back of my car hit her! Charlotte started crying, I started crying, and I didn't know which way to go! Anyway, I got my husband on the problem and left for school, not knowing if the dog would live or not. Without going into all the details, the dog wasn't too badly hurt and should be all right in a few days, thank goodness!

When I got to school, here came all my buddies from last year to chat — or fuss — and I had to just send them on their way 'cause I couldn't have fun, wondering how Prissy was feeling. As the morning wore on, I began to feel some better and old Fred Messer, Ray Davis, and others came by to aggravate me, as usual. I wasn't up to arguing with Bobby Fisher, Harold Payne, Arnold Fox, Jimmy Landers, Tom Nolan, or Dennis Rector, but will be read for them by the end of the week, I guess.

Coley said the paper is tight this week, so I'll not chat too long; in fact, this morning I don't think I'd feel like writing for sometime if I had killed our dog. Must mention some of the seniors I miss such as Ralph Baldwin, Gail Fisher, Yvonne Wallin, Ronnie Gladford, Cob Haynie, Willa Ann Plemons, Sandra Henderson, Butch Caldwell, Ronnie Johnson, Mike edford, Pat Hale, Lloyd Wayne Stanley, Judy Tipton, and of course, Stanley Ward, Larry West, Jimmy Worley and Edwin Wild. I miss all of the old crowd. All of you go to college and get real smart! This new crowd of juniors is just delightful. I'll be telling you more about them in the future.

Observed — Glad to see Jennie Lee Buckner back to work after a short illness — Congratulations in order for Coach J. C. Wallin who receives his master's degree at Cullowhee Friday night; wish I could see you get that sheepskin, boy — Understand he is going to teach at Mars Hill this year — looking forward to watching the Democratic National Convention next week — I'll bet he has on the back for Harry Silver and others on getting the tomato plant going.
