CHICKEN

Have you heard about the new TV series that will be based on a cowardly deep-sea diver? It will be called, "Chicken of the Sea."

HEARD AND SEEN

By "POP"

I've always liked spring showers — they make things smell clean — make the grass grow — etc. but that was no spring shower we had here Tuesday night — it was a steady downpour — mixed with thunder and lightning — the television cut up but I managed to watch a few programs — then when I finally went to bed I couldn't sleep because I just knew the river was rising again — and surface water was pouring into the printing office — I twisted and turned and started to get up about 4 a. m., and take a look downtown — but I didn't, thank goodness — when I came down Wednesday morning I was relieved to see no water in the office and the river behaving itself — but — Wednesday afternoon the surface water started coming into the office — not bad, but enough to cause concern — sorry to hear that my friend, Bill Deans, has been under the weather — hope he is soon tiptop — for once I didn't get caught on any April Fool pranks — had to run up to Asheville last Monday night on a little business and invited Jack Ramsey to go with me — he had never been to the Citizen office and was quite impressed with how a big newspaper is made up, etc. — belated thanks to the Jack Grosses for sending up copies of the Progress Edition of The Greenville Reflector — it was a huge newspaper and most interesting — I am sure you have noticed the beautiful profusion of pretty yellow flowers blooming on the banks and in the yard of the Harry Silvers — I didn't know what they were but "Bill" informs me they are Forsythias — I'll take her word for it — anyway they surely are pretty — glad Allen Duckett is out again — miss him when he's out of circulation for long — thought I led all others in buying cat food for our pet, Mike, but found out Wednesday p. m., that James Penland also buys plenty of Puss 'n Boots — speaking of the James Penlands, have you noticed the neatly printed sign on Beautytime Beauty Shop on Main Street? — Ruth Penland did the printing — very good job, Ruth — instead of four gal renters up-stairs, I now have five — Adaleen Elkins has joined Wanda Fay, Dean, Elma and Sue — one more female renter and I'll have enough for a girls' basketball team — glad to see the Island getting back in shape for baseball — much work has been done since the high water recently — guess this is enough for this week — so long.

Well, I just saw the Early Bird go up on TV and now that we can have instant communication all over the world, I just don't know whom I'll call first! I suppose I'd have to clean my house and get my hair done before I go into this international television — on second thought, I'll just let others try it for a while and if they like it, then I'll get into the act. You know the old adage, "Be not the first to try the new, nor yet the last to cast the old aside..."

We had three rousing cheers for Johnny Hensley this morning! He had been to town and had his hair cut! I asked him if it had been his mother or pressure of the students that had caused him to get it cut (He'd had a long haired "do" that I'd call a Beatie cut, but Charlotte says that it wasn't one of theirs) and he said it was pressure of his peers that had caused him to get it sheared off to a nice crew cut. I must say he withstood the pressure rather well, seems like he'd been long haired for half the year!

I just wonder how well Shirley Wilson and her family are sleeping tonight (Tuesday). This morning Carolyn Bradley brought her three baby chickens and the school hall sounded at times today as if we were in the chicken business! Shirley is so dignified and nice, it most embarrassed her to death that her chickens had to "peep" every once in a while! I think Joyce Fisher and Tula Payne and all of Shirley's friends had more fun today than they have had in years over Shirley's embarrassment! Congratulations to Steve Davis of Mars Hill for making the WNC All-Scholastic Basketball Team! I thought you looked good in the Madison County tourney, but I really didn't see any need of your playing so well the night you played us! That scholastic average sounds good, also. Best of luck to you next year at Warren Wilson. I must say one of my junior girls was quite impressed with you and just about snatched my paper away from me to read all about your selection!

Observed—Vader Shelton wanted me to give his CB Club a boost in this column and I do appreciate all the fine work you people are capable of rendering in times of emergency like last week during the flood — I don't think the Asheville paper gave you proper credit for keeping the lines of communication open when the phones went out — they gave all credit to the Asheville Rescue Squad, also a good group, but let's give credit where it's due — we do a few good things here in Madison! — Glad to have Lib Sprinkle back to school; her youngest has been ill and she missed several days — I did catch up with playing "Pig" with Jerry, Joe, James, Larry, Phil, Chas, and others for a day or so — Who is this boy Cecelia teases Phyllis about? — Went down to Knoxville for the week-end to see Daddy; he's fine, and also saw Agnes, my sis, who came down from Baltimore for a few days, and Pearl who lives there — Charlotte looked at me and then at my two sisters and said, "Mother, how come you're the youngest, and you're the only one with gray hair?" Of course, I answered, "Only their hairdressers know for sure . . . !"

Sunrise Service At Walnut Creek Church On Easter

Johnson, West To Be Honored For Salesmanship

Charlotte—Robert Johnson and Nathan B. West of Service Motor Sales, Inc., Marshall, will be honored for an outstanding sales performance during 1964 at a banquet at the Charlotte Coliseum in Charlotte on Saturday, April 10.

William H. Kennedy, manager of Ford Division's Charlotte sales district, said a select number of Ford dealership salesmen will be presented a 300-500 Club membership award for "excellent retail sales performance." The Ford 300-500 club was founded in 1960 to recognize the performance of outstanding Ford salesmen throughout the country.

Mr. Kennedy said the average 300-500 Club member sold more than \$400,000 worth of automotive merchandise in 1964 to qualify for the national honor.

Mr. Johnson will also receive a special Sales Award for unusually outstanding performance.

Key To The National Anthem

Francis Scott Key, a lawyer and volunteer in a Colonial light artillery company, wrote a stanza of the Star Spangled Banner on the back of an envelope while being temporarily detained on a British ship during the bombardment of Fort M'Henry, Baltimore, Maryland, September 13-14, 1814.

From 7 a. m. on September 13, when the bombardment began, until it stopped 25 hours later, the British fired over 1,500 shells. During that time the American flag with its 15 stars and stripes, remained proudly waving.

The baffled British withdrew after releasing Key. He managed to get back to Baltimore where he wrote the three stanzas which celebrated the little American battery's survival and the flag that still flew. The four stanza poem was published in a Baltimore paper and later set to the music that we know today.
