Bull Creek HD Club Met On Tuesday In Club House

The Bull Creek home demonstration club met Tuesday at 7:30 p. m. in the club house, with Mrs. Zeb Edwards as hostess. Mrs. Lela Peek presided.

The music chosen for the month of April was the 17th Century German Melody, "Lasst Uns Erfreuen," led by the music chairman. Prayer led by Mrs. Hubert Scott.

In the business session, the minutes of the previous meeting were read and Mrs. Charles Hunter presented the treasurer's report.

Due to other commitments, it was decided that money from the club treasury would be used for the Bull Creek quota for the "State Home Demonstration Building Fund," in lieu of participating in the Bake Sale to be held by other HD clubs in the county.

A reading program is now being conducted by the club, of which the majority of the required books will be supplied through the courtesy of the Madison County Library.

A program was presented by the Housing and House Furnishing project leader, Mrs. Aaron Sronce, on selecting and hanging of pictures in the home. Material used for this program was supplied by Mrs. Sronce.

The meeting was dismissed by all repeating "A Collect for Club Women." Delicious refreshments were served to the following: Mesdames Arnold Garrison, Gay Merrill, Aaron Sronce, Hardy Merrill, Hubert Scott, Fletcher Kuyker, Lela Peek, Charles Hunter, Glen Phillips and Zeb Edwards.

The next meeting will be held May 25, with Mrs. Lela Peek as hostess.

HEARD AND SEEN
By "POP"

After attending the Hot Springs Post Office dedication Saturday afternoon, a press meeting at the S&W Saturday night, the Rocky Bluff dedication Sunday afternoon, a hurried business trip to Asheville Sunday night, an all-day EOA meeting at WOC Monday and a Lions Club meeting Monday night and covering the Board of Education meeting Tuesday night, I'm a little bushed as I try to write this column at 1:30 Wednesday p. m. — I surely did enjoy both dedications — the Hot Springs Lions are to be congratulated on sponsoring both events so successfully — could write a column on each event but space is not available, I'm told — the sun was really hot at the first dedication but I found a little patch of shade near the old well near the new post office — enjoyed seeing and speaking to Laura Davis — also to the rest of the guys and gals in Hot Springs — they're real nice folks — friendly and congenial — the new post office is a dilly — hope Bill Whitten and his crew keep it as clean and shiny as it was Saturday — Rocky Bluff is just as pretty and restful as I'd heard it was — enjoyed that dedication, too — had a nice, long talk with Congressman Roy Taylor before introducing him and he's quite a guy — wanted me to walk to the Creek with him but we decided it was too near dedication time — he heard PLENTY about Highway 25-70 — and he sympathizes with us — hope he can get the ball rolling — also glad to meet so many other "celebs" — such as Pete Hanlon — Jim Wells, president of the H. S. Lions and Ranger, is an asset to the area — nice guy — hope to get back soon to Rocky Bluff for a quiet, "unprogrammed" stay — it's gorgeous — "Bill" surely did appreciate the bouquet given her at the dedication, Jim — found out, too, that Mrs. Roy Taylor is a delightful person — very attractive — congrats to the wives of P. O. personnel on serving refreshments at both dedications — the EOA meeting Monday at WOC was also enjoyable and informative although I got a little tired of sitting for almost 6 hours — Ron Sprinkle invited me to go with him and so I did — along with Jack Thomas and Chauncey Metcalf — we ALMOST solved all the nation's problems going and coming from WOC — had a nice talk with Dr. James White, N. C. Coordinator, EOA, who was chief speaker — Jim is a close friend of the Robert Holts and Jack Grosses of Greenville — that makes me a close friend of Jim's — we talked at lunch about Bob, Jack, Claire and "T" — he says they're all getting along just fine although the Holts have been plagued with injuries lately — hope they're all well by now — while loafing a little at the meeting, I saw Rosella Rice — she told me she almost went to sleep in History class Monday — also saw Jerry Rice, Jr. — he looks real well — talked with Emma Kate Osteen, who attended the meeting from Sleepy Valley — she's a fine girl who finds time to play piano for Salvation Army on Sundays and does a little bit of everything for others — she remembered my playing the piano years ago at Hot Springs for her to sing a solo — enjoyed dinner in the cafeteria — good food — sat with Jack Thomas, Bill Whitten and Jim Wells and also watched them eat — Coley, my faithful Linotype operator, says for me to close down this column — so I'll do just that.

JUST A WOMAN'S OBSERVATIONS
By DOROTHY B. SHUPE

Are you as stupid as I am about a common cold? I fool around with all kinds of home remedies, try a few my friends suggest, and then end up going to the doctor anyway because I can't get rid of it! By the time I get to a doctor, I've already spent enough to cure three colds and one case of pneumonia! I sure spent a miserable week-end with this thing and missed going to Cully Monday to hear how we can participate in the EOA program.

Ed Marrow's death is a great loss to the journalism profession. He had such a nice voice and way of presenting the news that just demanded respect and attention. I remember how he would start his radio program, "THIS is the news." He was once called down by someone for starting that way and he answered his critic in his matter of fact way that what he was telling was for the moment "the news."

Then he went to TV and a lot of education was put into his programs that would never have reached many people had they been forced to read or study same from books. I was pleased to hear all the kind words the top newscasters had to say about him, because I always felt that he belonged to North Carolina since he was born here. (Another top one from N. C. is David Brinkley, which I suppose everyone knew.)

Congratulations to Postmaster Bill Whitten and the people of Hot Springs on their new post office! I must take some credit for the support of your post office — one of my students gets about three or four letters a week from down there!

We had a cut program at school today for the PTA directed by Mrs. Hardy Clark, Mrs. Guy White, Mrs. Garland Adams and Miss Eloise Ward. It was a variety show with solos, group singing, dancing, musical selections. I particularly liked little Sharon Rice's singing of "Some Glad Morning," and the girls' dancing of the Virginia Reel.

My, aren't the flowers and early shrubbery lovely? I meant to mention the pretty forsythia, or whatever it was, that was on the bank below Harry Silver's home long ago and there is a real pretty bush of lilacs out at Ted Allen's home; guess Ama Lee is responsible for that, and oh, just so many places that are just "blooming out al over!" We planted two little puny lilac bushes a couple of years ago and they got killed about five times last year and never did bloom, but this year we have several lovely blooms.

Charlotte was selling 4-H tickets Saturday in Marshall for the calf — that lucky James Allen won! — and some friend of mine told her that my old classmate, Virginia Randall Roberts has now received her doctor's degree in education! I just think that is wonderful and I'm sure no one of the class of 1935 is at all surprised because Virginia was such a marvelous student and a lovely person to have around. Congratulations, Virginia, and may you have continued success!

Observed — Guess the seniors are getting a bit weary of all that walking, but would never admit it! — Hope none of them come down with the mumps like someone did last year and have to come home — how about Governor Moore waiting until now to have the mumps? — Now, what was it Brenda, Linda and Alice wanted me to say about worms?

VOW To Present Walnut School With Flag Soon

William H. Gaddis, F. I. C., Area Manager, WOW, of Asheville, stated yesterday that the local camp Woodmen of the World, will present the Walnut School with an American Flag and flag pole in the near future. The presentation is part of the fraternal benefits derived from the national Service Fund.

This is part of a program carried on nationally and is one of the benefits given to communities, civic clubs and other organizations.

Although inactive at the present time, efforts are underway to reactivate the local camp and make it an outstanding and well-known local organization.

The selection of the Walnut school to receive this honor was made possible through the efforts of Knox Brigman, who is an outstanding member as well as other members of his family.

THERE'S NO ALCOHOL IN FOODS COOKED WITH WINE

17

Many people believe that because wine has a small amount of alcohol in it that adding it to foods before cooking will make the foods alcoholic. This is quite erroneous, since during the process of cooking, the alcohol is changed into vapor and passes into the air. Wine is cooking in not for alcohol content, but for flavoring. It is the "spirit."
