1966 WOOL INCENTIVE PRICE IS INCREASED

The shorn wool incentive price of 65 cents a pound for the 1966 marketing year represents an increase of 3 cents a pound over the present level, Emory Robinson, chairman of the Agricultural Stabilization and Conservation Service county committee has announced.

As in previous years, shorn wool payments will be equal to a percentage of each producer's cash returns from sales. The percentage will be that required to raise the national average price received by all producers for shorn wool up to the announced 65-cent-a-pound incentive price.

Robinson explained that the support price for wool for 1966 is fixed by a formula in the Food and Agriculture Act of 1965. This legislation amended the National Wool Act of 1954 and extended the wool and mohair payment program through 1969.

Under the new incentive-price formula, the present support price of 62 cents is multiplied by the ratio of the average index (index of prices paid by farmers) for the most recent 3 years to the average parity index for 1958, 1959, and 1960. The Wool Act requires support of mohair within a range of 15 percent above or below the comparable percentage of parity at which wool is supported. The 1966 mohair support price continues support at the legal minimum level.

HEARD AND SEEN

By "POP"

Everybody I talked with last Saturday predicted snow Saturday night — frankly, I thought it was going to snow, too — peeked out the window early Sunday morning but no snow — was glad and sorry — would like to see a snow but don't like icy, slippery road to drive on — maybe we'll have a white Christmas — the Intermediate Sunday School classes (girls and boys) had a Christmas party Saturday night in the Fellowship Hall of the Baptist Church here — naturally, being a teacher of the boys, I attended — Mrs. Rummion, teacher of the girls, was under the weather and couldn't be there — missed her — in fact, I was the only adult present but got by just fine — the girls and boys seemed to have a real nice time — exchanged gifts and I received a nice hair brush from Frank Roberts — he had gift wrapped it most uniquely in a copy of The News-Record — quite appropriate, Frank — visited Boyce "Bub" Mayhew Sunday night at Memorial Mission Hospital — he looked real good — hope he is soon recovered — glad Roger Slagle escaped serious injury Monday in the school bus mishap — also glad the bus wasn't loaded with boys and girls — the third drawing Saturday didn't draw as many people but it was successful — you know, you do not have to be present to win but it's nice to see a large crowd present, anyway — Mrs. W. A. Sams brought in a beautiful Christmas wreath a few days ago — sent to us by the Marshall Garden Club — we certainly do appreciate the wreath — and so the snow finally came here Monday night — not a heavy snow, but a snow, nevertheless — and again Tuesday we enjoyed snow flurries — who should walk in the office Tuesday morning but Pvt. Earl Davis, former employee — Earl looks real good in uniform — crew cut and all — says he likes army life thus far — stationed at Fort Jackson, S. C. — thanks a million for the birthday cards — especially so near Christmas time — there's one I received which will always be remembered — and by golly, Irene Fox, of Black Mountain, sent me a birthday card and wrote that she, too, was born on December 22 — she writes, "Happy Birthday to you and me" and P.S., "You are the second person I've found that have the same birthday as mine" — thanks, Irene, and Happy Birthday to you — the pageant Tuesday night was most impressive despite a few last-minute difficulties which will probably be ironed out — the characters portrayed their roles well — in many ways, I think the pageant was better this season than the previous two years — each year
