

# Do You Want To Throw Off The Yoke Of Ponderism? Do You Want To Put An End To Fraud And Oppression?

Unlike the primary two years ago, the election Saturday will be conducted openly and the results will be tallied quickly and fairly — and the poll books won't be "lost" Sunday morning either! Courteous and trained election officials will show you how to use the voting machine. You can vote as you please, and no one will know how you vote.

### Have Your Taxes Been Raised?

If so, it is because the Brown Ammons Board of so-called Tax Equalization, which was created by Liston Ramsey, has raised your property evaluation. The tax rate, which is set by the county commissioners, has been lowered; therefore, the only possible way for your taxes to be increased is for your evaluation to be raised by the Brown Ammons Board.

### Do You Want To Nominate Democrats Who Can Win In November?

It is common knowledge that the Pondercrats cannot win in the general election in November, which will also be conducted honestly and accurately. It is commonly known too that the Pondercrats have caused more persons in Madison County to vote Republican than Barry Goldwater, Richard Nixon, Bob Gavin and Charles Jonas put together.

### Do You Want To Be Mistreated Like The Good Democrats Of Precinct No. 2 (Laurel)?

They won the May 7th precinct election fair and square, but Zeno Ponder strong-armed them out of their rightful place at the county convention and on the executive committee — just as he will strong-arm anyone who does not do just what they are told to do. That's not democracy; it's Ponderism! Why send our sons to die in Vietnam and then be cheated out of our rights at home?

Fortunately, Zeno Ponder Won't Be Conducting Saturday's Election The Way He "Railroaded" the County Convention. The Primary Will Be Honest and Fair and Your Vote Will Be Secret.
