ACP Cost-Sharing -
(Continued from Page One)

had the land instead been mismanaged.
Farm ponds, which furnish water for livestock, recreation, and fire protection, have also provided a touch of beauty to the farmsteads. An acre of woodland not only affords timber and land protection, it also means food and habitat for increased numbers of wildlife which seek out and abound in such protected surroundings.
Farmers needing ACP cost-sharing to carry out conservation practices should visit their local ASCS county office and discuss their conservation needs if they have not already done so.
In conclusion, Mr. Robinson urged farmers within the county who have enrolled in the 1967 ACP cost-sharing program to follow through to completion on their approved farm practice and file their performance reports within the established report date of June 30.

Dr. Roberts -
(Continued From Page One)
book series being developed by the Addison Wesley Publishing Company in Alto, California.
Dr. Roberts is a graduate of Marshall High School and the Asheville Journal where she earned her B. S. degree. She was on sabbatical in elementary education in Buncombe County before going to Detroit to teach in Lavonia schools.
Dr. Roberts holds the M. S. degree and doctorate from Wayne University in Detroit. Her graduate major was in sociology and anthropology. She has published monographs and articles in professional journals and has spoken widely at professional conferences. She taught at Miami University in Oxford, Ohio before going to Bridgeport University, Bridgeport, Connecticut, her present post, where she is a full professor in the education department.
Bridgeport University has granted Dr. Roberts a leave of absence to participate in the writing project for Addison Wesley Publishing Company. Dr. Roberts, and her son, Bruce, who lives with her, will move to California early in August.

HUMANE
Diesel Truck Driver: "Hey, Cutie Pie, would ya mind bringin' me some more soup in this bowl?"
Diner Waitress: "Certainly not. You like our soup?"
Diesel Truck Driver: "Hell, no! I'm just tired of watchin' this bug wade around. I want him drown-ed."

SLOW DOWN

Going To Canada?

If So, Read the Following:

IT'S THE LAW!
Driving to EXPO '67 or other points of interest in Canada? If so, you'll need proof that your auto insurance liability limits are adequate. Canada's financial responsibility laws require definite proof of sufficient coverage. And the requirements in virtually all provinces are generally higher than in the United States.

Without proper limits real problems can develop. If an accident occurs, you may be required by law to put up cash or post a bond as security . . . or worse. For example, in some provinces public officials can suspend your driving privileges or even impound your vehicle.

So, be safe before you set out on that trip. We'll be happy to assist you. Just call and
MAKE A DATE WITH US!

To help guarantee a happy trip, call us today. We'll see that our policy holders have the necessary insurance credentials — namely the NON-RESIDENT INTER-PROVINCE MOTOR VEHICLE LIABILITY INSURANCE CARD. Canadian authorities require that you possess this card at all times. It is available only through your insurance carrier or this office.

These card are issued to our customers without charge — just as a courtesy — good for 30 days. By the way, this Canadian insurance requirement applies to all trips into Canada . . . vacation, business, hunting, etc.

HAVE A WONDERFUL TRIP . . . AND DRIVE CAREFULLY

REMEMBER the extra security of Maryland Casualty TRIP ACCIDENT AND BAGGAGE INSURANCE

Get the most out of your trip by feeling totally secure. No matter how you travel, or how long you stay (1-180 days) you and your personal effects can be protected. This low-cost Trip Accident and Baggage Insurance protects you as you go, while you're there, and as you return. You'll get carefree, worry-free travel and have much more fun at EXPO '67. Issued in our office.

Committee Of 100 -
(Continued from Page One)

tendent of Haywood County schools, was introduced by Mr. Young.
Mr. Dale explained that he had had much experience with school bond issues and congratulated the Madison groups which plan to travel the road with which he is familiar. He told the group of the various steps necessary to secure a bond issue and ultimately a modern, consolidated school. He cited the great progress made in Haywood County and pointed out the improved curriculum now offered in Haywood (75 courses).
In closing Mr. Dale said, "It is heartbreaking sometimes to give up our small schools, but only with large high schools can good curriculums be offered."
Mr. Emmett Sams read the report of the nominating committee and stated that they felt that since the officers are barely getting started and that the Executive Committee members were elected so recently that the nominating committee nominates the following for a full committee year:
Chairman, Gerald Young; vice chairman, Harold Baker; secretary, Mattee Mashburn.
Executive Committee:
Three year term: Troy Allen, Helen Huff, Mrs. David Kimberly, Mrs. Ray Tweed, Bill Whitten.
Two year term: Dr. Fred Bentley, John Corbett, Edna Martin, Lott Kandolph, Perry Willis.
One year term: Carl Eller, Bill Ferguson, Ed Niles, Thula Norton, Mrs. Homer Plemmons.
(Mrs. Plemmons will replace Mr. Andy Woody who has asked that he be replaced.)
There were no nominations from the floor.
With Mr. Jim Fish acting as temporary chairman, it was duly moved and seconded that the report of the nominating committee be accepted and that those members named be elected for the coming annual year. Motion was unanimously approved.

Resolution -

(Continued from Page One)
record as favoring the popular election of members of the Madison County Board of Education on a non-partisan basis in the interest of better educations, peace and unity beginning with the general election of 1968. We therefore, support and recommend the enactment of Committee Substitute Bill for Senate Bill 33 or Representative Ernest Messer's House Bill entitled "AN ACT TO ESTABLISH A STATEWIDE SYSTEM FOR THE ELECTION OF THE MEMBERS OF COUNTY BOARDS OF EDUCATION." It is our belief that this legislation will bring about needed reforms for our county and merits passage during the current session of the General Assembly. Our state legislators are therefore, urged to support and enact this legislation into law, and to defeat any attempt to exclude Madison County from full participation under the same, by exempting Madison County.
Be it, therefore, further resolved that said Committee, (1) commend the authors of this legislation, Senator Ashley B. Futrell and Representative Ernest Messer, for their foresight and vision, (2) applaud the action of the newly constituted Madison County Board of Education for sanctioning the non-partisan election of Board members and, (3) express its approval of the editorial viewpoint

Welfare Aid -

(Continued from Page One)
for a bill designed to save the program.
Among the delegation were officials from Haywood, Cherokee and Swain counties. Rep. Wiley A. McGlamery of Hayesville and Sen. Mary Faye Brumby of Murphy accompanied them, Craig said.
Rep. Ernest B. Messer of Canton introduced a bill in the House Monday night which would resolve the question, if enacted.
It provides for deletion from the present law the provision "for determination by the county commissioners and county boards of welfare, of the number and salary of employees of county boards of welfare."
Craig said that if the matter isn't resolved by the current General Assembly, a special session may be required later in view of the emphatic stand taken by the Federal Government.
expressed by Mr. James I. Story, Editor, THE NEWS-RECORD.
The Committee of 100 for Better Schools directs the Secretary of this organization to forward copies of this resolution to: (1) the House and Senate committees on Education and other appropriate legislative officials, (2) the Madison County Board of Education, and (3) the Editor, THE NEWS-RECORD, Marshall, N. C.

Head Start -

(Continued from Page One)
20 for Madison County and June 26 for Buncombe County could be met.
The total federal grants for this area are \$6,207 less than the grants allocated to the 1966 summer Head Start effort in this area and will enroll 32 fewer youngsters than were accommodated in 1966.
Reason for the cuts is an out-sized demand from communities for funds, and limited funds, according to the OEO.
J. C. Wallin, principal of Hot Springs High School in Madison County, has been appointed as director of Madison's Head Start project this summer.
A director for the city of Asheville program has not yet been hired.
The Asheville program will be conducted directly by the Opportunity Corp., whereas boards of education in the two counties will operate their respective projects.
The OEO announced the following Madison County breakdown on fund allotments, number of Head Start pupils and staff. Figures in parentheses are the requested amount:
\$41,165 (47,860) federal share; \$6,761 (7,676) local share; 150 children (150); 12 paid professionals (12); 10 classes (10); 32 poor people.
