JUST A WOMAN'S OBSERVATIONS

By DOROTHY B. SHUPE

It's almost press time and Pop says he might not write, so I'm to briefly write a few witty(?) observations for your pleasure!

Congratulations to the Edward A. Mortons on the birth of a new son! I wonder how Myra feels about a new brother?

I think old De Gaulle has a lot of gaudy nerve to come to Canada and say the things he has and I wish Pearson had Drew's tongue to straighten him out!

I'm for the Negro having his rights in full, but I don't think he is entitled to burn cities down to get these rights. I think Congress was blind when it voted laws to control riots but turned down a law to control rats in slum areas. BOTH laws are needed.

That's about like people who will vote FOR a new school building, but vote AGAINST the taxes to build one!

Have you had any fried cabbage with hot pepper in it lately? I love it with boiled eggs, cornbread, crisp bacon, lettuce, onions, etc. Now, Jack Cole, if you try this like my sardines, don't eat too much!

Say, the ad about a free vacation in Florida from the Bonanza Steak House in Asheville is for real! I'm trying to talk Shupe into going and if we do, I'll tell you all about it when we get back!

Unfortunately, that flower deal that I told you about isn't turning out as expected. I have so few flowers that if there's any profusion around here it will be changed to CONFUSION!

Eddie Henderson is home for a 20-day leave and he looks so good. He is really one fine young man and the Marines are lucky to have him as one.

Did you see in the paper where Shupe won a shoe polishing kit from the Ford place? We are so excited about winning SOMETHING after all these years that we are still LOOKING at it? We'll start using it one of these days—when we start wearing shoes in cold weather!

Belated congratulations to Sheila Rice Carrow and hubby on their new baby! I know Mrs. Rice is beaming these days. By the way, Mrs. Rice, just call us when that dinner is ready! The other day we went together to the telephone meeting and she said the Gentrys had said they were coming to her house someday for a dinner and she was going to feed them the next night—just like that—I told her we would let her know we would be over for a meal if that was all it took to get invited! No, Pop, you eat too much, you can't just call and say you're coming!

Enjoyed a visit with Ruth Tolley McClure the afternoon when she was visiting Clyde, Mary and Lou, with her cute daughters, Karen and Debbie. She still has that lovely voice that I could listen to for hours. Gee, these paragraphs are somewhat like John Parris' way of writing—but no, I'm not really as good as he.

Lou, with her cute daughters, Karen and Debbie. She still has that lovely voice that I could listen to for hours. Gee, these paragraphs are somewhat like John Parris' way of writing—but no, I'm not really as good as he.
