### THE DAY CARE CENTER

Much effort has been put into the realization of operating a Day Care Center here for handicapped children. From all reports the project is working very well. Mrs. Hazel Ramsey, director, states that the Center is staffed with reliable ladies who love children and enjoy doing things for them.

The main problem which exists at the present, however, is the LACK of children. There is no doubt many children in our county who should be attending this Center are not attending. This could either be through lack of knowledge or it might be indifference on the part of parents. The leaders say they are certain that they are helping the ones who are attending but they could also help many more.

If parents would visit the Center and talk with the leaders and observe how much enjoyment the children were having we feel that more children would be enlisted. It is indeed gratifying to see how the children respond to playing with other children like themselves. These children also are thrilled at knowing that someone outside their own families are taking an interest in them and showing love and compassion for them.

If transportation is a problem, we suggest you contact Mrs. Ramsey or Dean Shields. We believe something can be worked out.

Should the number increase substantially more workers will be needed. If you are willing to volunteer some of your time for this worthy project please contact Mrs. Ramsey.

"I think anyone who helps in any way will feel as I do — that this is one of the most rewarding things they have ever done," Mrs. Ramsey commented this week.

"FOOD FOR THOUGHT"

By

Sugar Campbell

Before marriage, a man years for a woman. Afterward the "Y" is silent.

Reminds me of the three ingredients in the good life: Learning, Earning and Yearning.

An adolescent is a youngster who is old enough to dress himself if he could just remember where he dropped his clothes.

Men are creatures who can wait three hours for fish to bite, but can't wait fifteen minutes for their wives to dress.

Never be depressed — setbacks pave the way for comebacks!
