Madison Election Petition Dismissed

Local Board Is Directed To 'Admonish All Registrars"

The Madison County Board of Elections was directed Tuesday to "admonish all registrars" to follow the letter of the law in upcoming registration and voting.

The State Board of Elections issued the directive, and also voted to have State Bureau of Investigation agents observe the Nov. 5 election, after a lengthy discussion of a petition charging election irregularities in the county.

The board, however, dismissed the petition and stopped short of initiating an investigation of its

The petition, filed by Madison Republican Chairman W. B. Zink last month, charged Madison registrars with irregularities during the May 4 primary period. Zink asked that the State Board of Elections conduct an investigation and dismiss the present county board of elections headed by Mrs. Virginia Anderson of Hot Springs.

The state board passed a resolution "informing" Mrs. Anderson of the complaints made in affidawits filed by Zink, asking her to investigate them and directing her to "admonish all registrars to follow proper procedures" and advise them that "if such acts did indeed occur in May, they were in violation of the law."

'Another resolution was passed requesting the SBI to station observers in Madison during the Nov. 5 balloting.

Zink's petition was dismissed. Board Chairman Lee C. Smith of Raleigh said it was "not properly before us, because Mr. Zink should have presented it to the Madison County Board of Elections first."

16,000 SHARES **COMMON STOCK**

Westco Telephone Co. has been given permission by the State Utilities Commission to sell 160,-000 shares of its common stock to its parent firm, Western Carolina Telephone Co.

The \$800,000 to be realized by the stock sale would repay advances made earlier by Western Carolina to Westco.

Westco, ordered last year by the SUC to improve its facilities and service, borrowed money from its parent firm to finance expansions Alex Brock, executive secretary in the Western North Carolina of the North Carolina Board of area and to retire outstanding Elections, says a new ballot has debts.

In its petition to sell its stock, in the state Nov. 5 in an effort to Westco reported it had made \$1.3 simplify and speed up the voting million construction expenditures during the past year.

The stock sale must still be apfirst time the board has designed proved by the Securities and Exa ballot which comes as close as change Commission and other regulatory agencies.
