HEARD AND SEEN By "POP"

Last week was National Newspaper Week — little did I think that anyone in our county was aware of such a special week — imagine my surprise when Joe Templeton, likable personnel manager at Burlington Worsted plant at Hot Springs phoned and invited me down to the plant last Friday — he simply said he wanted me to see the "... new additions and expansion of the plant" — I accepted the invitation since I've been trying to get down there for a long time — leaving Marshall about 11 a. m., I drove slowly to Hot Springs enjoying the gorgeous Fall coloring and the beauties of nature — as I drove along I was reassured that this season is the most beautiful of the year and that we were fortunate to live in the mountains where the Autumn coloring reaches the sky — arriving at the huge and attractive plant, I found Joe hard at work at his desk — he quickly laid down his paper work and we had a long, interesting talk — Truman Melton, the able and personable plant manager, joined us as did Andy Forloines, office manager — they told me they wanted to "do something special for the local editor on National Newspaper Week" — by golly, they did — they took me out to a delicious dinner at Henderson's Cafe and we were joined there by Mr. and Mrs. Ed Murray, of Raeford — Ed is the group manager of Burlington Worsted's Division — we had a fine time chatting and believe you me, Ed and Lib are real nice people — after dinner I toured the plant and was surprised to see how much they have improved the building — new offices, a loading dock, a neat and attractive commissary, and tons and tons of new machinery — as I walked up and down the countless rows of spinning bobbins amid the roar of the machinery I again realized that the Hot Springs plant is indeed a most interesting place and a place everyone should visit — after the tour as I started to leave, Truman and Joe presented me with beautiful material for a pair of pants, four pairs of socks — and material for my wife to have a suit made — such gestures as were shown last Friday certainly makes a person feel good — and, needless to say, my wife was thrilled to death when I showed her what they'd given me — thanks, fellows, for remembering a country editor who often gets criticism but seldom gets praise — Sunday was a beautiful day and Satan got the best of me as I played hooky from church and drove over to Bald Mountain Sunday morning — they've done a lot of work and improving since I last visited the development — the golf course is rapidly taking shape and the pro office and motel are perched high on a mountain top where a person "can see the world" — met Larry Wood, new golf pro at the Wolf Laurel Country Club — Larry was most cordial and told me all about future plans for the development — it's one of the "musts" to visit, especially now when the Autumn colors are so beautiful — things don't seem right this week at the Rock Cafe — Peggy Fowler, Mildred Morrow and Velma Freeman are regular customers and always sit at the same table — this week, however, Peggy is alone because Velma is on vacation and Mildred is in St. Joseph's Hospital — what about those Amazing Mets? — little was heard of the nationwide Moratorium here but nearly everyone was talking about the World Series — glad Dr. Sams is able to be at home again — and he's glad, too — we missed you this summer, Doc — hope you continue to improve.

JUST A WOMAN'S OBSERVATIONS By DOROTHY B. SHUPE

I must tell you what a big time we had going to see Appalachian play Lenior Rhyme last Saturday and seeing my child perform with the Appalettes! I had sat through a tough first half and then when their group of girls began their dance, I was just thrilled to death to see her do "her thing"! There was a lady and her daughter sitting in front of me to whom I had said only "Pardon me" four or five times when I'd jump up during the game and hit her if she got in the way — well, when Charlotte's group started their routine and were doing beautifully (very unprejudiced, of course) I punched the lady in front of me and said, "That's my daughter on the end of the line!" She was very nice and remarked that they were excellent.

Who are you for in the series? I'm all for dear old Baltimore Orioles, but Shupe is a Met fan. My students seem to be about divided on the issue, and I imagine by this afternoon (Wednesday) the score will about come out even — 2 games each. Robert Cameron is about the only one with me in home room, with Susan Gregory, Ricky McDevitt, M. J. Ball and Russell Wyatt all pulling for the Mets. In my history classes, I have some Oriole fans — Garry Moore, Dennis Treadway, Danny Freeman, Elaine Luther, Harvey Bullman, and Steve Fowler. I really don't think the world will come to an end even if I don't win.

Oh, we're getting new light fixtures in my room and my classes are being held in the basement for a day or so. We're having fun going up and down steps and look forward to having good lighting when we get back "home." Oh, a few have complained, but mostly those who complain about anything anyway. Speaking of complaining — I recognize the right of people to protest the war, but I don't see how our boys over there can possibly be helped by people stopping work or school as they are doing today in some places. I'd hate for some boy to lose his life cause we had people over here not building him a gun while protesting on this one day.

We get a second chance to beat Mars Hill this Friday night. I can remember two years ago, at just such a time at Mars Hill, how Gary Sprinkle covered a fumble in the end zone and we beat 'em on their homecoming night. Poor ole Terry Bryan got his hand hurt and had to go to the hospital — and lots of other excitement, but the boys won. Our team just might be ready to take this one, so watch out, Mars Hill!

OBSERVED — Debra told me I was wrong about just who was dating a certain Marine, so Malcolm forgive me — or come home and set me straight — Looking forward to our NOEA dinner meeting at Spring Creek High next Tuesday night — Mrs. Mary Nesbitt, former CTA state president will speak, Supt. Edwards will also speak, and we will have some entertainment from the Spring Creek High School students

directed by Mrs. Jewel Church — You should have been here Monday for the program the Seniors sponsored — On second thought, maybe you shouldn't have seen me fall on the stage — Mrs. Clark's crowd gave a cute program today and I think the Juniors might try one next week — Can't tell you who will be Miss or Mr. Marshall High but the Seniors always win, don't we, kiddies? — Hope all you parents will come to our shindig on the 31st as that is our big money making affair of the year — Have a good day ..

Surprise Birthday Dinner Is Given Rev. W. C. Clark

After a most impressive service by the pastor, Rev. W. C. Clark, at the Methodist Church, Sunday, October 12 in Walnut, the congregation met at the home of Mr. and Mrs. Gilbert Stackhouse for a surprise birthday dinner given in honor of Mr. Clark.

After all assembled, "Happy Birthday" sung, greetings exchanged, candles blown out on this beautiful, huge cake, a lovely birthday card with a nice size donation was presented to "Our Beloved Pastor." Then a delicious turkey dinner with all the trimmings, ice cream and cake were served.

After the bountiful meal was over, all were invited to the front porch, where Mr. Clark made many timely remarks and expressed his appreciation to Mr. and Mrs. Stackhouse and all present for the enjoyable occasion. After dismissing with prayer, each one went home being spiritually blessed to have spent these hours with this beloved man of God.
