Do you like to enter contests? Do you like to cook? Then put the two together and enter the seventh N. C. Chicken Cooking Contest. This contest is sponsored by the N. C. Poultry Processors Association, N. C. Poultry Federation, N. C. Department of Agriculture, Carolina Power and Light and Dula Power Company.

This contest is the forerunner to a National run-off. You must use ORIGINAL recipes and must use whole, broiler fryer chicken or parts. Official entry blanks are available from the Extension Office. The recipe and entry blank must be submitted to the National Office before February 14, 1970. Fifteen entries will be selected and notified to be prepared to compete in the actual cooking contest on March 17, 1970. An adult and junior winner will be selected. The National Contest will be held June 12 and 13, 1970.

If you are interested please call or come by the Extension Office for your entry form.

The Extension Service is broadening its field and is coming out with a television program over channel 33 in Asheville. One program which should be of particular interest to all of the people in Madison County is entitled "The Estate Planning for North Carolina Families". Every property owner has an obligation to himself and to his family to acquire some knowledge of estate planning and develop a satisfactory plan.

This program will consist of a series of three programs. The first is entitled "Why Make a Will" and will be shown on Jan-

uary 14, 1970 at 7:30 p. m. The second is entitled "Property Transfer Methods" and will be shown on January 21, 1970 at 7:30 p. m. and the last is entitled "Estate Settlement and Death Taxes" to be shown on January 28, 1970 at 7:30 p. m.

Mark these dates on your calendar and be sure to see this series of articles of shows with your family.

RESOLUTIONS FOR GROWING YOUR 1970 TOBACCO CROP

1. Grow your tobacco in a different field this year.
 2. Take soil samples for both fertility and nematodes.
 3. Make repairs to tier poles this winter — remember how you felt when those poles cracked and popped last fall.
 4. If you are in a black shank area, buy a black shank resistant variety of seed.
 5. If you cannot rotate, grow a black root rot resistant variety such as Ky 12 or Ky 14.
 6. Turn your cover crop under early.
 7. Locate plant bed near the house and near a water supply.
 8. Fumigate bed with methyl bromide.
 9. Do not over nitrate the plant bed.
 10. Do not over nitrate in field.
 11. Water plant bed regularly after seed begins to sprout.
 12. Allow tobacco to remain on field as long as possible before cutting.
- If you keep all of these resolutions, you may increase the size of your tobacco check next fall.
