Wildcats Given Boost By Duck

# Jim Johnson Of Brevard To Coach Blue All-Star Team

Robert Johnson, Of Walnut

BY RICHARD MORRIS Citizen-Times Sports Editor

Jim Johnson, head basketball coach at Brevard High for the past three years, has been namd coach of the Blue (non-Buncombe) All Stars in WNC's 18th annual Blue-White Senior All-Star bas ketball game March 28 in T. C Roberson gymnasium at Skyland.

The selection of Johnson, one of the finest young coaches in Western North Carolina, was announ ced by Sam Patton, founder and director of the annual attraction sponsored by the Rhododendron Civitan Club for the benefit of its WNC Retarded Children's program.

The game annually pits the finest high school senior basketball players in Buncombe County (the Whites) against a similar group from counties bordering and neighboring Buncombe (the Blues).

Patton, who started the game merican Enka in order to give

tion in action, stated that the coach of the Buncombe stars will week. The Whites lead 10-6, havng won the last six.

The Rhododendron Civitan Clul All-Sar committee under the directions of Patton has been scouting talent in Western North Carolina since the first week of the season and will make its player selection in the next few weeks.

There will be 10 players on each club. The game will be played under college regulations with 10 minute quarters. The man-to-man type defense will be used by both clubs and all players will see action.

The players will gather in Buncombe for practice for four days prior to the game. Ticket sales will be conducted by members of the club and the various schools.

A native of Walnut, Johnson in 1951 under the auspices of A. State. Between his junior and senior years at Applachian he college coaches a better chance taught and coached on a "B" con-

to see the top seniors of the sec tract at Walnut High.

He graduated from Appalachian, where he was an outstanding be announced within the nex" athlete, in 1960 and accepted a job at Colonial High in Orlando. Fla., as backfield coach and baskethall coach.

> He was named backfield coach for the Brevard High football team in 1961 and has held that position since that time. Four years ago he took over as girlbasketball coach and the next year was named girls and varsit) boys coach. Two years ago he was relieved of his duties as girls basketball coach and allowed to concentrate on developing the var sity boys into a winning team.

Last year the 3A Brevard team went 9-11 and this year that record may be bettered.

"I consider this one of the highest honors I've ever received. The game is being played for one of the most worthy causes possible graduated from Gardner-Webb streak of the Buncombe team." Junior College and Appalachian Johnson said in accepting the position. Johnson is the son of Mr. and

Mrs. Robert Johnson of Walnut.

#### Allison Nets 43 For Spring Creek

Larry Allison fired home 43 Mars Hill High's Wildcats swept three games from visiting points, mainly on the strength of points and the McDevitt boys Rickey and Wayne, had 16 apiece Finley, Kent, Rogers, Roberts, L. Waldrop, Justice, F. Waldrop, Justice day night, 88-50 in boys play, 34-31 in girls play and 53-35 in Laurel High at Spring Creek Monday night.

After a close first half Mars Creek's record to 9-5. In the girls Hill taller boys proved the difference, as the Wildcats blasted game Phyllis Goforth netted 16 the visitors, 51-17 in the last half points and Patsie Plemmons 1: play. The Wildcats are now 12-8 to pace the visitors' 46-18 vicand 6-2 in Appalachian Conferen tory. Spring Creek girls now own an 11-3 mark.

### Bone Marrow Transplant Operation A Victory Over Rare Birth Defect

The Camp family knew about birth defects long before their son David was born. Although they had four healthy daughters, the life of one of their nephews had been claimed by a hereditary disease seven years earlier.

earlier.

Every father wants a son, but Mr. Camp knew that his rephew's illness had been "sex-linked"—that is, girls carry the gene but beys get the illness—and that if his wife bore a son, he would run a 50-50 chance of being afflicted.

When David was born on

When David was born on March 19, 1968 in Waltingford; Conn., his parents and doctor were on the alert. At first, David seemed a fine, healthy looking 7 pound 10 ounce baby. But Dr. Jerome L'Heureux did not relax. He knew that if the signs might not show up initially. Three months later, the in-

sidious illness was discovered in laboratory tests. As feared, the diagnosis was sex-linked lymphopenic immunologic de-

The prognosis was not good. Effects of this disease had al-ways destroyed its victims' lives before their first birthday. Years of Research

Agammaglobulinemia (AGG) was first described in 1953. David's body lacked the normal defense system which helps us fight infections. Even a mild childhood illness could

HELPING HER BROTHER, David, is a habit with Doreen Camp. She was the donor for a bone marrow transplant that corrected a rare immunological birth defect in the Connecticut lad

ported by grants from the Na- The well-known process of tional Foundation-March of blood typing, i.e., assuring that David was suffering from the Dimes. A professor of pediatapers of pediatapers and person with type A blood is same condition as his cousin, rics and microbiology at the not transfused with type B University of Minnesota, he has been a National Foundation grantee since 1960. He and his associates have

been conducting a variety of research projects related to birth defects of the immunity system and bodily defenses. To correct such defects, Dr. Good wanted to transplant healthy bone marrow into pa-tients with such defects in order to reconstitute their im-munologic systems.

Other investigators had con-sidered this line of treatment, but previous attempts at trans-plantation had failed because of overwhelming, and ultimate-ly fatal—graft-vs.-host reac-

and ultimate—graft-vs.-host reactions.

Most people are familiar with the concept of the GVH reaction today because of the publicity that heart transplants have received. When foreign material enters the body, antibodies tend to build up and attack or reject this material. This is the "rejection reaction" the body rejects the donor reaction that led to the first successful one marrow transplant in his vand.

blood, is analagous to the matching which must be done before a transplant. But the marrow-grafting procedure is much more difficult. Miracle in Minneapolis

This is where previous attempts had failed and where Dr. Good and his associates ucceeded. By August 1968, the entire Camp family had journeyed to the March of Dimes Birth

Defects Research Center in Mineapolis. After extensive testing of David's four sisters, nine-year-old Doreen was chosen as the

donor. On August 24, the transplant was performed. About plant was performed. About two ounces of marrow was withdrawn through a hollow needle from Doreen's hipbone and injected into David's abdominal cavity.

On September 2, Labor Day, David began to take a turn for the worse. But after an initial bout with the dreaded GVH reaction, his symptoms sub-
