NO FIXED GGAL

There's proof that people who are everlastingly on the go do not arrive anywhere.

Miss Holt and Marie Osteen, Mrs. and Mrs. Holt are not feeling well lately.

Another attraction being added to our community is the new home being built of Mr. and Mrs. Hugh L. Self.

We are getting ready for our rummage sale sponsored by the Community Club. We will have the date set and will announce in next week's paper. Anyone who wishes to donate anything for the sale please contact Mrs. Reva Foster, Mrs. Mamie Park, Dossie Holt or Emma Kate Davis and someone will be around to pick it up.

Now all your U.S. Savings Bonds pay higher interest.

Now it's official.

Now one of the safest investments in the world brings you new and higher returns.

Now your U.S. Savings Bonds pay the highest interest in history: a full 5 per cent when held to maturity of 5 years and 10 months. (4% the first year; 5.20% thereafter to maturity.) Previously, these Bonds earned you only 4 1/4% if you held them for seven years.

The new interest began June 1, 1969. So all of the Bonds you own, no matter when you bought them, have been collecting higher interest since that time.

Those Bonds are still replaced if lost, stolen or burned.

You can still buy them through Payroll Savings or the Bond-a-Month

plan.

Regardless of your other investments, can you think of any easier, better, or safer way to build a nest egg for yourself?

It's nice to know that you are doing a little something for Uncle Sam, too. The \$52 billion in U.S. Savings Bonds now outstanding in the hands of millions of Americans go a long way toward keeping your country financially strong.

There never was a better time to take stock in America.

There's a man at the place where you work who can start you on the Payroll Savings Plan right now.

Bonds are safe. If lost, stolen, or destroyed, we replace them. When needed, they can be cashed at your bank. Tax may be deferred until redemption. And always remember, Bonds are a proud way to save.

Take stock in America.
With higher paying U.S. Savings Bonds.
