Gov. Scott Offers \$5,000

A \$5,000 reward was offered Friday afternoon by Gov. Bob Scott's office in Raleigh in the murder case of Nancy Dean Morgan, 24, a VISTA worker whose bound body was discovered in the back of a government car on Hot Springs Mountain on June 17.

The bounty is offered under 1967 Assembly given by the General Assembly to the governor.

Meanwhile, investigators from the State Bureau of Investigation and the Madison County Sheriff's Department are slowly sifting through a massive accumulation of information and other clues in the slaying. Nothing new had developed they said.

The \$5,000 is offered for information leading to the arrest and conviction of the person or persons responsible for the slaying of Miss Morgan.

Excluded from collecting the bounty are law enforcement officers of the state or any political subdivision.

Gov. Scott, in proclaiming the reward, said "I have today offered a reward of \$5,000 for information leading to the arrest and con-

viction of the person or persons responsible. Anyone having information in regards to this matter should contact Sheriff Roy Roberts at the Madison County Sheriff's Department in Marshall or any SBI agent."

Lawmen listed the following telephone numbers to call if anyone has information pertinent to the case:

Madison County Sheriff's Department — 649-3221.

Special SBI office in Marshall — 649-2561.

SBI office in Asheville — 253-2396.

SBI agent C. D. Chambers — 667-3600.

Persons having information relating to the crime may contact any local law enforcement officer, as well.

The murder of Miss Morgan has attracted wide attention, with its attendant number of half-leads and near-clues. However, investigators exclude no lead, and work the lead for all it will bear. It is mostly this fact that has kept them tied down.

DEMOCRATIC EXECUTIVE COMMITTEE

Newly-elected precinct officials were installed as members of the Madison County Democratic Executive Committee at the annual convention held recently at Marshall School.

They include Jack Payne and Mrs. Hazel Snelson, Marshall Precinct 1; Elbert Gentry and Mrs. Nell Franklin, Laurel Precinct 2; Robert L. Edwards and Miss Lucille West, Mars Hill Precinct 3; Kelly Ledford and Mrs. Ruby English, Beech Glen Precinct 4; Bill Brigan and Miss Lucille Bullman, Walnut Precinct 5; Howard Tino and Mrs. Violet Payne, Hot Springs Precinct 6; Dedrick Cody and Mrs. Delta Ponder, Ebbs Chapel Precinct 7; and Cecil Pangle and Mrs. Dale Keener, Spring Creek Precinct 8.

Other members of the committee are Mrs. George B. Shupe, president of the Madison County Democratic Women's Club; Mrs. James Lister, president of the French Broad Young Democrats Club; and Miss Billy Lynn Roberts, president of the Teen Dems Club.

Named to district committees were Brown Ammons and Eugene Wills, 11th Congressional executive committee; Troy Ramsey and George Penland, judicial committee; Byron Roberts and Cecil Blackwell, state senatorial committee; and Maynard Cody and Floyd Wallin, house of representatives committee.

CORRECTION

District court judgments published last week listed Mrs. Guy Hickey, slander, cost. This should have been frivolous prosecution, prosecutor charged with cost — not Mrs. Hickey.

Draft Lottery Gets Underway In Washington

1951 Births On July 9 Are First In Line For Drafting

Some 2 million men born in 1951 got their places in line for the 1971 draft Wednesday, with those whose birthdays fall on July 9 standing first in line.

The positions were assigned by a national lottery matching the birthdays of men turning 19 this year with numbers from one to 365.

Men will be called in that order to meet military manpower needs next year. This year's draftees got numbers in a similar lottery last December.

In this drawing July was a hot month, with three of the four lowest numbers, as well as the highest — and thus "safest" numbers.

Number 2 went to Dec. 24 — Christmas Eve — to be followed by July 25 at number 3 and July 29 at number 4.

July 7, however, was matched with number 365; men sharing that birthday will be the last ones called, meaning that as things now look they stand almost no chance at all of being drafted.

There has been no official estimate as yet how many men the Pentagon will need next year or, therefore, how high up the numbers list draft boards will have to go.

A fair guess — and it's only a guess — would be that the lower half or two-thirds would stand a chance of being drafted.

While the lottery was in progress the draft boards will have to go.
