**JUST A WOMAN'S OBSERVATIONS**

Well, I guess I'd better be quite brilliant this week or the new owners of the paper will not use this column and I'd be out my big salary that I've been getting. (Which is three mean looks from Coley for having to type this up, one snarl from Floyd, and two free papers from Pop!)

Anyhow, I enjoy writing and wish I really had time to do a good job, instead of waiting until the last minute and dash off something that makes me ashamed when it comes out on Thursday. I sort of look forward to seeing the new size paper and how the offset really works. It will be about the size of our Blannahasset Tribune, only about 8 more pages!

Well, the national picture this week puts President Nixon on the spot for his remarks about Manson. I feel the same way he does about his guilt, but I don't suppose this will be read out there and it can't jeopardize Manson's civil rights. I believe strongly about our civil rights, but I don't believe we pay enough attention to the rights of the persons murdered. I don't think the framers of our Constitution wanted criminals to get by on mere technicalities...

Bill Reeves was down one day this week and came by

for a few minutes. He seems very happy and is adjusting to married life rather well for a man his age! He and his bride had a lovely trip to Great Britain for a honeymoon, and I think he pointed out the worst looking shacks over there to her as homes of my ancestors. He told of several stories about his getting married, one of which was a 14-year-old telling she heard Bill was getting married and her Dad asked her if she might be taking LSD to suggest such a happening!

Got a card from Cousin Gertrude Ruskim and this summer she is vacationing in Alaska. She said it was rather cool up there sometimes as low as 70 degrees below zero. She was longing for a woolen pair of socks to sleep in that night at Mt. McKinley National Park. Boy, ole Tom and Ethel are really having an extended trip. The last card I got from them they were in Washington and headed for the Canadian border. I hope Tom isn't too worried about the draft and defects up there. Come on back, Tom, you're too old for the service, again!

OBSERVED—Went over to watch Coach Reeves work the football squad for the first session Monday afternoon and the boys were snappy and on the ball in their drills—Dennis Treadway came home afterward and said he was hitting the bed cause he was pooped—Saw Ray Cantrell there and he was moving the fastest I've ever

seen him move—James Briggs has stretched up a lot and was looking good, heard he did real well with his baseball playing in Buncombe County this summer. Also heard that James Lewis and his team were playing in a regional tourney, good luck, James, I believe your coach was a classmate of mine at Cully. Saw Marie Moore and Delores Carter at Beautytime Monday afternoon. They are working at Barnardsville and having fun. Said Jannie Lee Wallin and several other '70 grads are working with them. Better hush. Have a good day!

He that will not reason is a bigot; he that cannot reason is a fool; he that does not reason is a slave.

For lack of a topic of conversation we commit the meanest acts of tactlessness and discretion.

Sweet are the days of adversity to the party it doesn't happen to.

A mere trifle consoles us, for a mere trifle distresses us.
