### Book Club Anniversary Is Observed

Marshall Book Club held its annual anniversary meeting on Tuesday, Nov. 9, 1971, at Sheraton Motor Inn in Asheville. Following the luncheon gathering, the group heard Mr. John Bridges, active member of the Asheville Community Theater and staff member of Pack Memorial Public Library, trace the history of theater in Asheville.

Mr. Bridges traced the activities of theater from the earliest known production in 1833, brought to Asheville by stage from New Orleans, to the present organization which has already begun construction of a building from which to work.

The Tanglewood Children's Theater is now a wing of the Asheville Community Theater and will enjoy full use of the new facility. The basis of support is the sale of season tickets, though patrons may purchase at a slightly higher price at the box office at the time of performance. Mr. James Hamilton has been director of the ACT since 1967. A grand opening is planned for June when an extravaganza of entertainment is planned. Mr. Bridges also reviewed the current schedule of Film Features and concerts at Pack Memorial library, open to the public.

Mrs. R. R. Ramsey is president of the club. Members, former members and guests attending the meeting were Mrs. Clyde Roberts, Mrs. Wade Huey, Mrs. James Story, Mrs. Carl Stuart, Mrs. Leonard Baker, Miss Nita Gahagan, Mrs. Landon Roberts, Miss Stella Carver, Mrs. Eugene Rector, Mrs. John Corbett, Mrs. Paul Dinwiddie, Mrs. James Bailey, Mrs. W. T. McKinney and Mrs. Overton Gregory.

### Selective Beta Omega To Present Zeus Award

Army Private Donald L. Parrott, 18, son of Mr. and Mrs. Andrew J. Parrott, Route 1, Dix Creek, Leicester, recently was assigned to the 2nd Infantry Division in Korea, as a truck driver.

The soldier's wife, Debra, lives on Route 8, Asheville.

Marine Pfc. Arthur D. Adams, son of Mr. and Mrs. Arthur Adams of Route 2, Mars Hill, was promoted to his present rank upon completion of Individual Combat Training with the First Infantry Training Regiment at the Marine Corps Base, Camp Lejeune.

Army Sergeant First Class Harold R. James, son of Mr. and Mrs. Frank M. James, Route 1, Leicester, recently received the Army Commendation Medal near Hakata, Japan.

The medal was awarded for meritorious service. Such service can be over an extended period of time or for outstanding achievement in a single situation. In either case, the recipient must have demonstrated skills and dedication far above the average.

Sgt. James received the award while assigned as a movements supervisor with the area transportation office, Southern Japan.

Presenting the award and congratulating him is Colonel Lloyd A. Osborne, Director of Transportation.

His wife, Freda, lives in Salina, Kan.

Some local man will be recognized as the "Man with 40,000 Sweethearts" here Saturday night.

It's not a gag, either.

The award, known as the Zeus Award, will be given by Beta Omega chapter of ESA International, a leading women's leadership-service organization.

"In every community in which there is an ESA chapter," explains Beta Omega vice-president Mrs. Peggy Cutshaw, "there are men who have performed an outstanding service for the chapter, for their community or for mankind in general."

"To recognize the efforts of these men, our sorority has designed an interesting and colorful award, proclaiming each recipient to be a 'Man with 40,000 Sweethearts.' We're officially naming him as 'sweetheart' of our 40,000 members who are scattered all around the world."

Mrs. Cutshaw said the name of this year's local winner is being kept a secret until the presentation Saturday night during Beta Omega's November social at the Madison Grill.

"All we can say about it right now," she added, "is that it's a pretty special award for someone who himself is pretty special."

Following the announcement of the county winner, Mrs. Pat Franklin, president of the Beta Omega Chapter, presented Randy with a plaque and medal.

Mrs. Joyce Plemmons, Educational Director of the Chapter, gave the invocation and Mrs. Peggy Cutshaw, vice-president of the Chapter, stated the purpose of the contest and following the contest, refreshments were served in the Fellowship Hall of the church.

The criteria for judging included: Content of essay, 75 percent, reading of essay, 10 percent, personal appearance, 5 percent and personality, 10 percent.

The judges were loud in their praise for the fine essays by all the youths and stated that it was most difficult to choose a winner. One of the judges remarked that "...all the youths were winners."

Schools represented were Spring Creek, Hot Springs, Walnut, Mars Hill, Ebbs Chapel and Beech Glen.

matter, but one small bit from everyone in Madison County adds up to a visible amount of chemicals, smoke, beer cans, trash and other waste matter that pollutes the air, land and water.

I could help by encouraging people to dispose of their trash properly, encouraging automobile owners to carry a litter bag and encouraging people to have their cars checked regularly so their exhaust emissions will be cleaner. I should also participate in clean-up programs. I could set containers along the road for people to put their trash in. I could start a clean-up program in 4-H that would help greatly.

In short, there are many things I could do. I am going to try harder. Will you?

## "LOOK ANOTHER" OPEN HOUSE

WESTCO TELEPHONE COMPANY  
MARS HILL, NORTH CAROLINA

Ever wonder where your voice travels when you place a telephone call. Well, it takes a lot of intricate equipment and trained people to make your voice travel to the proper destination.

Mr. C. O. Stafford, Telephone Company Manager for Mars Hill, has designated Thursday, December 2, 1971 from 11:00 a.m. to 8:00 p.m. as open house day at the new Central Office Exchange Building in Mars Hill.

Everyone is invited to attend this open house to get a look at this office in action and the way a telephone call is handled.

The Telephone Company will have trained people on hand to explain and show the function of the new office.

LAND UTILIZATION

How is North Carolina farm land used? It's changing all the time, but in 1970 it broke down like this, according to the North Carolina Farm Census Summary: 21 percent of the total was devoted to harvested cropland, 11 percent was idle cropland, 6 percent was improved pasture, 4 percent was unimproved pasture, and over half -- 58 percent -- was categorized as "woods, waste land, etc."
