imp annuticed quota. Legislation provides that The poundage qu'a established for any tarp for any year shall be increased by the number of pounds by which marketings from the farm during the preceding year were less than the farm's poundage quota Likewise, any marketings in excess of a farm's quota are deducted from the farm's quota for the following year

per rent larger than the 1972

If total marketings from the 1972 crop turn out to be 588 million pounds, as currently estimated, undermarketings of 1972 farm quotas will exceed overmarketings by about 23 nullion pounds. Thus, farm quotes in offert for 1973 are expected to total about 584 million pounds, about 4 per cent less than the quotas in effect last year

Notice of individual farm poundage quotas for 1973 will be mailed to farm operators by local Agricultural Stabilization and Conservation Committees as soon acadostments can be made to reflect undermarketings and overmarketings of 1972 farm quotas
