

North Buncombe Defeats Madison Patriots, 41-12

held the host team to one touchdown in the last half. The game's final touchdown came in the final quarter when the Patriots scored their second touchdown as Randy Hodge went into the end zone from the 25-yard line.

The Madison "Patriots" scored first and last against the "Black Hawks" of North Buncombe Friday night at North Buncombe in the football season's first game. What occurred between the first and last touchdowns, is incidental as far as Patriot fans are concerned.

With more than 1,000 Madison High fans looking on, the 1976 edition of the Patriots brought the Madison rooters to their feet when the Pats scored the game's first touchdown with 6:40 left in the opening quarter. Following the second fumble by the Hawks, the Patriots got the ball on the Hawks 28-yard line. Steve Wood, quarterback, faded back and heaved a perfect spiral to Mike Cody who

Madison	6	0 0 6-12
N. Buncombe	14	20 7 0-41

caught it in the corner of the end zone for a 6-0 lead. The try for extra point was blocked but the local fans went wild, realizing that the Pats had scored against the highly favored Hawks.

During the early part of the game both teams had the "opening game jitters" with the Hawks fumbling and being penalized for frequent offsides and illegal procedures. On the other hand, the Pats were penalized twice for "holding" and for illegal procedures.

Later in the initial quarter, however, the Hawks started moving the ball against the Pats, and after advancing to the two-yard line, Fortner crashed over for the tying TD. Mike Elkins, place-kicking specialist of the Hawks, entered the crossbars for the extra point to give the Hawks a 7-6 lead which they never relented.

With 31 seconds left in the first quarter, the Hawks' Phillips went over from the one-yard line and after Elkins perfect placement, the Hawks led, 14-6.

The Hawks continued their assault in the second quarter, scoring three touchdowns and two extra points. Bobby Fortner and Mike Phillips

shared running honors with each gaining over 100 yards.

Although the score was 34-6 at halftime, it actually wasn't as one-sided as the score might indicate.

Steve Wood threw numerous passes with accuracy but they were either dropped or batted away by the Hawks' defense. Randy Hodge, junior tailback, made several fine runs and on the whole, the Patriot line, anchored by Ricky Ingram, 300-pound tackle, looked great at times and both the line and backfield showed promise of better days ahead. "They have a great deal of potential," one

fan commented.

At halftime both bands performed well and drew applause from the more than 3,500 fans who witnessed the game.

The Patriot band, again under the direction of William "Bill" Stell, looked neat in their new red, white and blue uniforms with an "M" on the

front and a "Patriot" on the back of the overalls. Their music and marching was excellent.

Head Coach David McFee and his assistants tried everything they could in the last half to overcome the Hawks' lead but the more experienced North Buncombe team was not to be denied.

Meals

spinning wheel and demonstrated carding wool and making thread. Programs on food and fashion are among those provided by the staff from the Agricultural Extension Service. Firemen, public health personnel and policemen are invited to talk about their special fields; and Mars Hill College students also provide programs.

Meals are important too. "Great" is the word many lunch club participants use to describe the fare. Meals are prepared at day care centers and transported to sites.

For more information about lunch clubs call Mrs. Geneva Ramsey, Marshall, 649-3784 or Mrs. Rachael Morgan, Mars Hill, 689-4406 or Mrs. Christine Schaffer, Hot Springs, 622-3411.

BLACK HISTORY

Donald Bogle, author of "Toms, Coons, Mulattoes, Mammies and Bucks," a history of the black actor in American films, will be at Mars Hill College on Tuesday, Sept. 14, for a seminar and lecture.

Bogle, a graduate of Lincoln University in Pennsylvania, has worked with Otto Preminger as story editor on several of Preminger's films. He has also been a reporter on the staff of "Ebony" magazine.

NAN NORTON of Route 6, Marshall, and his son, Gerald, know how to grow tall tobacco. As in past years, they have brought a few stalks to Marshall to prove tobacco grows tall in their community. Dan is shown holding two stalks of the leaf which measure over seven feet tall.

Patriots Battle Erwin Friday

The Madison High School Patriots will open the home season here Friday night at Oren E. Roberts Stadium when they battle the strong Erwin High Gridders. Kickoff is scheduled for 8.

Despite the 41-12 loss to North Buncombe in the season's opener at North Buncombe last Friday night, the Patriots displayed potential and should improve as the season progresses.

The Madison Marching Band, with their attractive new uniforms, will perform during the game. William "Bill" Stell, popular director, is again director of the band. A large crowd is expected to

Specials Required
If the supermarket advertises a special, you have the right to buy the product at the advertised price immediately upon request.

I wish to sincerely thank each voter who saw fit to support me for Register of Deeds for Madison County in the August 17th Primary. Perhaps you have not heard, Mr. Emery Matcal has, in fact, called for a second Primary. I humbly and sincerely ask for your vote and support again in this second Primary on September 14, 1976; I earnestly ask for the vote and support of the voters who saw fit to vote for one of the other two candidates in the first Primary. If elected, I will make every effort to make the Democratic Party proud that I was chosen to represent our great Party.

An immunized kid means a healthy home

Back-to-school means kids meeting kids, dribbling, drooling, achooling and generally passing off on other kids whatever disease they happen to have at the moment. The exchanging of "germs" among our youngsters in school is just the beginning. For when they come home from class they're right in our faces, too, breathing, snorting and wheezing those new-found journeyman germs.

Childhood infections spread like wildfire without preventive measures. Isn't it about time you made that appointment with your doctor to shackle your family's susceptibility to measles, mumps, polio and flu?

No matter how you cut it, it's a losing proposition without proper immuniza-
