Social Security

It Isn't Reserved For The Young

People who receive supplemental security income (SSI) payments because they are age 65 or over, or blind, or disabled, are required to report to Social Security any changes that could have an effect on their monthly payment according to T.L. Johnson, field representative of the Asheville Social Security office.

The following events must be reported to Social Security Administration: Any move or change of address, entry to or discharge from an institution,

separation of husband or wife, marriage or the end of a marriage, any change in income, any change in resources — property or things you own.

Blind or disabled beneficiaries must also report any improvement in their condition and-or if they go to work.

Students under age 22 must report if they stop or start attending school.

It is very important that these reports be made on time. If not, incorrect payments will be made that will have to be repaid, or, the person could be due more money than they received.

Reports can be made in person or by phone. In any report, be sure to include — name of person, Social Security number under which payment is being made, change being reported and the date it occurred.

GENIEVE BURDA

Genieve Burda, Mars Hill 4-H Recognized

Genieve Burda is being recognized for her work as Mars Hill 4-H leader in the month of November. She, along with Mrs. Polly Cheek, began their work 1½ years ago. That club has now divided into two age groups. Genieve and Sarawill Bellamy are leading the younger 4-H's and Polly Cheek the older group.

Genieve is originally from Franklin. She went to school at Colorado State University, majoring in biological science. Genieve previously worked as a water and sewage chemist. She and her husband, Larry, have three daughters, Cathleen, Cindy, and Carrie. The Burda family is members of the Mars Hill United Methodist Church.

Genieve has many special interests. They include crafts, jogging, and she loves the outdoors. Genieve includes these special interests into some 4-H activities. She says that 4-H is beneficial to young people because they "learn by doing."
