## Supersport: J.R. Richards

The eyes of Texas are watching J.R. Richards.

So are the eyes of just about everybody in big-league baseball.

Richards is one of the top pitchers in the game today. He struck out 303 batters last season.

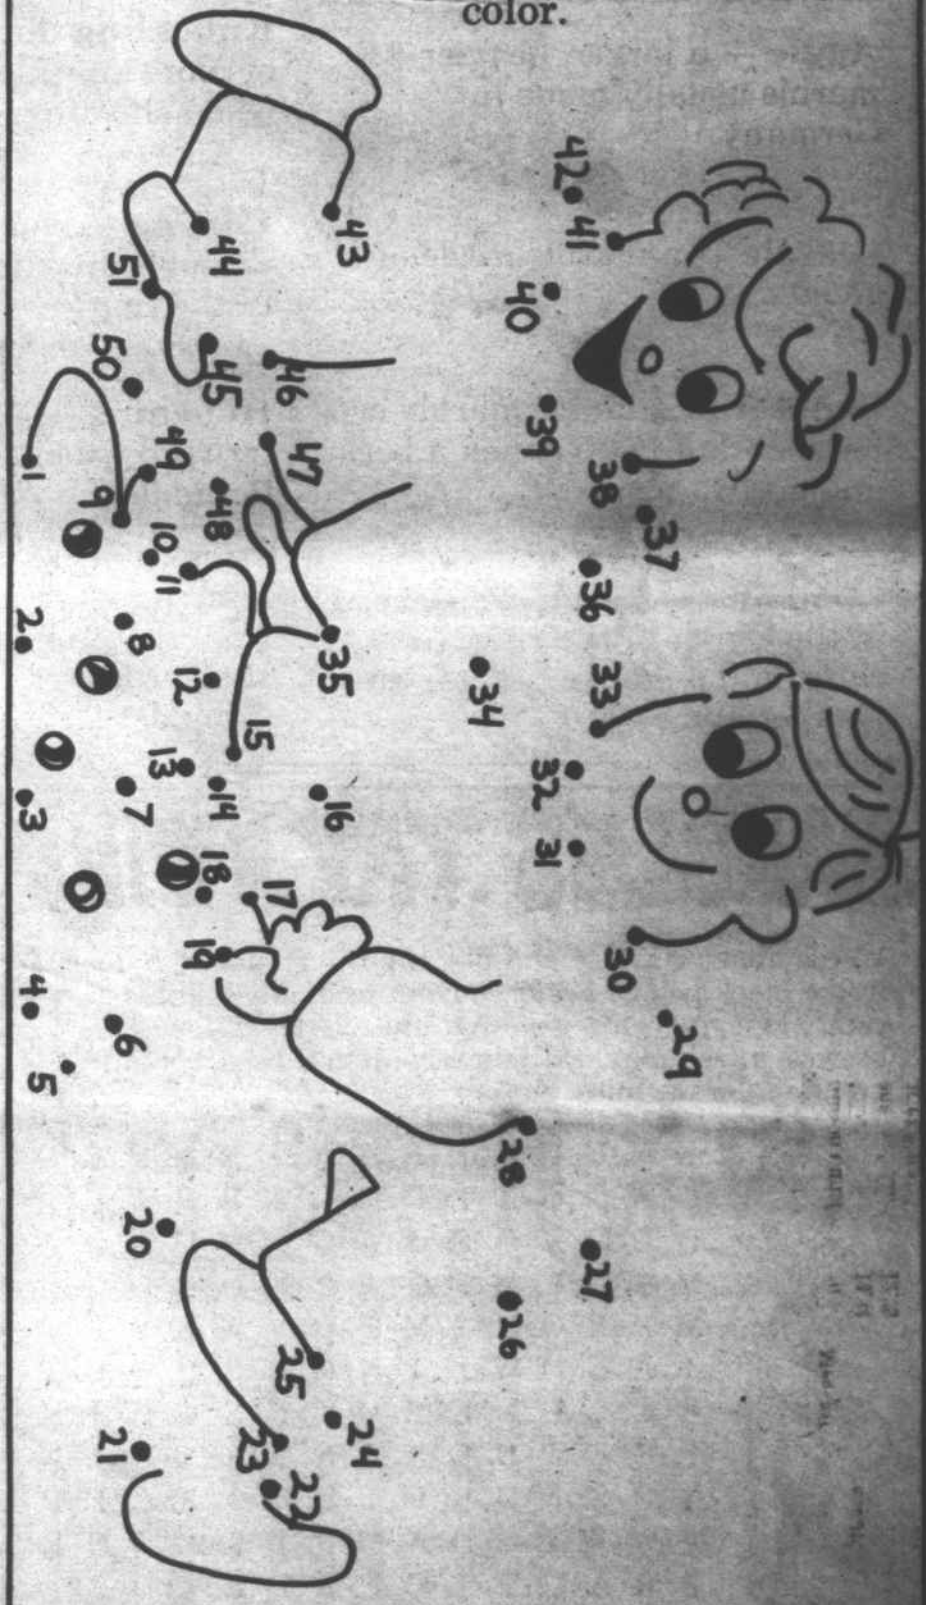

The 6-foot 8-inch right-hander's fastball travels more than 90 miles an hour.

He has won 56 games for the Houston Astros in the last three years.

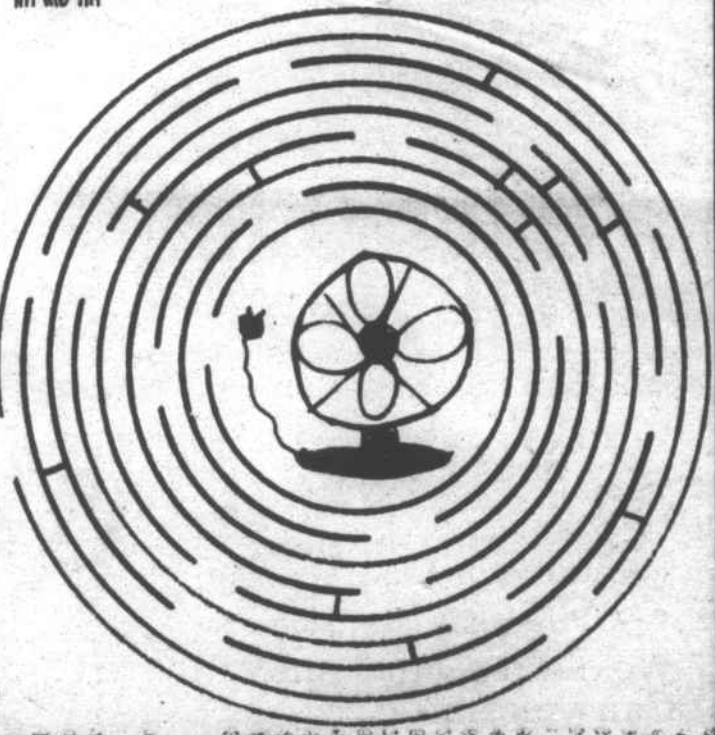

Richards is married and has five children. In the off-season, he likes to fish.

Go dot to dot and color.
