UNITED STATES OF AMERICA FEDERAL ENERGY REGULATORY COMMISSION

French Broad Electric Membership Corporation
Project No. 3457
NOTICE OF APPLICATION
FOR PRELIMINARY PERMIT
(October 16, 1980)

Take notice that French Broad Electric Membership Corporation (Applicant) filed on September 11, 1980, an application for preliminary permit (pursuant to the Federal Power Act, 16 U.S.C. § 8171 (a) - 825 (f)) for proposed Project No. 3457 to be known as the Capitola Dam Project located on the French Broad River in Madison County, North Carolina. Correspondence with the Applicant should be directed to: Mr. Charles R. Tolley, General Manager, Post Office Box 9, Marshall, North Carolina 28753.

Project Description - The proposed project would consist of: (1) an existing 300-foot long and 9-foot high concrete dam; (2) an existing 25 acre reservoir with 225 acre-feet of storage capacity; (3) an existing 575-foot long intake canal; (4) a powerhouse with an installed generating capacity of 3.0 MW and (5) appurtenant facilities. The average annual energy generation is estimated to be 16,500 MWh.

Purpose of Project - The French Broad Electric Membership Corporation proposes to develop the hydroelectric potential of the project and to utilize the power to offset the utility's power purchases.

Proposed Scope and Cost of Studies Under Permit - The Applicant seeks issuance of a preliminary permit for a period of 36 months. During this time the significant legal, institutional, engineering, environmental, marketing, economic and financial aspects of the project will be defined, investigated and assessed to support an investment decision.

Agency Comments - Federal, State, and local agencies that receive this notice through direct mailing from the Commission are invited to submit comments on the described application for preliminary permit to James Massey, Reference is hereby made to the Madison County Registry to Deed Book 60, page 248, which is recorded in a deed dated June 29, 1936 from J.M. Rogers and wife, Sarah Rogers, and Celia Buckner, for the above described tract.

Comments, Protests, or Petitions to Intervene - Anyone desiring to be heard or to make any protest about this application should file a petition to intervene or a protest with the Federal Energy Regulatory Commission, in accordance with the requirements of the Commission's Rules of Practice and Procedure, 18 C.F.R. § 1.10 (1979). Comments not in the nature of a protest must be filed on or before December 22, 1980.

Whether your menu revolves around the traditional turkey or a beef dish, you can speed through messy kitchen cleanups with a bit of help from Grease Relief® degreaser. Some degreaser sprayed on greasy pots and pans will lift grease so that it can practically be rinsed away. Add it to dishwasher to boost your dishwashing detergent's grease-cutting strength and dishes and flatware will be a breeze to wash, too.

It can also "save the day" when cooking splatters land on your favorite apron, when guests accidentally drip greasy foods on your beautiful, washable tablecloths and when youngsters drop their drumsticks on their "Sunday best" - to remove greasy food marks, just squirt some degreaser on those spots before laundering the items (it boosts the strength and is compatible with detergents).
