

Spice up your time-saving holiday turkey with tasty Apple-Cinnamon Dressing.

- Apple Cinnamon Dressing**
- | | |
|-------------------------------------|---|
| 1 cup chicken broth | 2 medium apples, pared, cored, and finely chopped |
| 1/2 cup chopped celery | 1/2 cup chopped pecans or walnuts |
| 1/2 cup chopped onion | 1 teaspoon poultry seasoning |
| 4 tablespoons butter or margarine | 1/4 teaspoon ground cinnamon |
| 1/2 teaspoon salt | 1/8 teaspoon pepper |
| 4 cups dry, whole wheat bread cubes | |

Combine in a saucepan broth, celery, onion, butter and salt. Cover and bring to a boil; simmer until vegetables are tender, about 5 minutes. In a large bowl combine bread cubes, apples, nuts and seasonings. Pour broth mixture on top and toss to moisten. Turn into a greased 1-1/2 quart casserole and bake, covered at 350°F. for 25-30 minutes. Makes about 6 cups stuffing.

Holiday Turkey

Thanksgiving Bird Is Nutritious, Economical ... And A Real Time-Saver

This holiday season serve your family the traditional holiday favorite... turkey. Spiced up with fresh tasting Apple Cinnamon Dressing, you have a delicious combination that saves both time and money.

Americans are traditionally wise food shoppers, and the popularity of turkey proves it. First, turkey is an excellent budget stretcher. There are no better meat buys in the market today. Second, it's nutritious. Turkey has less fat and yet more protein than most other cooked meats. Third, and an important consideration during the busy holiday season, turkey is a time-saver.

In planning your holiday feast, keep in mind the fact that whole turkeys range in size from six to more than 30 pounds, are available fresh or frozen and may be prebasted. If you allow one pound of turkey per person, you will have plenty for the dinner and some for your favorite left-over recipes.

If turkey is frozen, leave in original bag and thaw in refrigerator for 3 to 4 days (24 hours for each 5 pounds of turkey) or cover with cold water, changing water frequently (1/2 hour per pound of turkey). Refrigerate or cook turkey as soon as thawed.

For your 6-minute turkey, simply follow these easy steps. Remove plastic wrap from thawed turkey, remove giblets and neck from body cavities, rinse turkey inside and out, pat dry with paper towel, return legs to hock lock or band of

skin, and skewer neck skin to back.

Place turkey breast side up on rack in foil-lined pan. Place a tent of aluminum foil loosely over turkey to prevent over-browning. Place in oven and roast according to chart. Foil tent may be removed last half hour for a final browning.

Approximate Roasting Time In 325 F. Oven*

Weight	Unstuffed	Stuffed
8 to 12 lbs.	3 to 4 hrs	4 to 5 hrs
12 to 16 lbs.	3-1/2 to 5 hrs	4-1/2 to 6 hrs
16 to 20 lbs.	4-1/2 to 6 hrs	5-1/2 to 7 hrs
20 to 24 lbs.	5-1/2 to 6-1/2 hrs	6-1/2 to 7-1/2 hrs

*Factors affecting roasting times are variations in ovens, shape of turkeys and degree of thawing. These variations make it important to begin checking for doneness about one hour before the end of the recommended roasting time.

Try the updated apple-cinnamon version of the traditional tasty stuffing cooked in a casserole dish for only 30 minutes.

Thanksgiving with thanksgiving

The custom of thanking the Lord at mealtime was once a prevalent practice in American life. But, nowadays, most people seeing someone bow over food would wonder why.

It's a shame. I'm still touched by our Pilgrim fathers that first Thanksgiving Day at Plymouth Rock. We've so much, really, to be thankful for — our food, the five senses, freedom; yes, also, our health. It could be worse for most of us, you know.

Hoping you sense my appreciation for your patronage, may you and yours celebrate Thanksgiving with thanksgiving!
