Although there is no organized PTA at the school, Allen reports that the students parents have been very supportive in this first year. Parents of kindergarten students packed the Little Theatre at Madison High last week for the school's first kindergarten graduation program.

In addition to the Dental Health Month activities, students at Marshall Primary have also been involved in other special programs such as science shows, puppet theatre and programs emphasizing the heritage of mountain people.

As a new school, Marshall Primary faced problems of establishing itself at the start of the school year. Allen reports that she and the faculty members met before the students arrived to establish their objectives. "We sat down and the teachers compiled our objectives for the students. Before we began, we sat and discussed what we believed in and talked about our philosophy of education."

The county's newest school is a facility Madison County can point to with pride. It's brightly lit classrooms provide students with a pleasant atmosphere in which to learn. The school's modern design and new equipment give Marshall Primary students an advantage not enjoyed by students in the county's many older schools.

Kindergartens Take A Big Step Forward

The kindergaten classes of Marshall Primary School held graduation ceremonies Thursday night. The ceremonies were held, appropriately enough, in the Little Theatre of Madison High School.

WHY SO MANY PEOPLE FEEL AT HOME WITH A FIRSTRATE MORTGAGE.

We've done it for lots of people. And First Union can show you the way to afford a home, too. A FirstRate Mortgage. It's the one that gives you all the advantages of an adjustable mortgage loan. For instance, there's no need to go to the trouble and expense of refinancing if interest rates drop. Because the interest rate for your loan is automatically adjusted quarterly.

And a FirstRate Mortgage from First Union gives you other advantages, too. Like monthly payments fixed for 5-year periods. And a limit on the percentage your payment can be adjusted.* So it's easy to plan a home-buying budget. Stop by your nearest First Union office and take a closer look at a FirstRate Mortgage. It's opened the door for a lot of people. And it can do the same for you.
