You can have the lilac kind, but as for me I'll stick to the herb kind. Maybe coffee would be better? You decide, Mr. Butterfly, And I'll agree or disagree. I highly recommend the tea.

What? What did you say? We don't have any lilacs; you're going away? This just isn't my day!"

## School Board Names Boone 'Teacher Of Month'

The Madison County Board of Education recently honored Juanita W. Boone as "Teacher of the Month" for April.

Boone, 48, is a seventh- and eighth-grade teacher at Marshall Elementary School.

Boone received her bachelor's degree in elementary education from Mars Hill College in 1964 and her master's degree in middle grades education with a concentration in language arts from Western Carolina University in 1982.

She taught at West Buncombe Elementary School from 1964 through 1966 before joining the Madison County school system in 1966.

She is married to Ernest Boone and has two sons. They live on a farm in the Laurel Branch community.

Her hobbies include gardening, and she is organist at Laurel Branch Church.

She believes that the most important goal of a teacher is not to impart a body of knowledge but to teach a child to think and reason. By making a child feel good about him or herself as a unique individual and make that child aware that learning is a lifelong process, then Boone said she will feel that she has helped that child.
