A WINNING FIGHT

One Year Saves \$3,000 Lives From Tuberculasis.

That the campaign against tuber culosis has so far succeeded that i can show figures as evidence of a winning fight is encouraging both to the laity, who are sotive in the fight and particularly so to physicians. and particularly so to physicians. The latest figures available are those for 1913. In the United States for that year 147,600 people died from this disease, but 53,600 were saved. If the tuberculosis death rate for 1900 had been maintained for 1913 there would have been 201,200 deaths during that year.

By virtue of the power and authority given by a certain mortgage, executed by A. W. McLean and wife. Amander McLean, to The Dunn Commission & Supply Company which is recorded in the office of the Register of Deecs of Harnett county in book 110, page 469, the following property will be sold at public auction, viz:
