SOIL SURVEY OF HARNETT COUNTY

The soil survey of Harnett county has been completed, and all the data pertaining to the survey will be sent to Washington, D. C. for publication. This survey was made under the supervision of the Bureau of Soils, U. S. Department of Agriculture in cooperation with the N. C. Department of Agriculture.

The primary object of the soil survey consists in the classification and correlation of the soils and the publication of such knowledge as can be obtained from field observation and laboratory analyses.

It was necessary to make an accurate and detailed map of the county showing, in addition to the soils, public roads, secondary roads, streams, bridges, railroads, houses, churches, school houses, towns and villages. The soils are represented on the map by colors and these are lithographed so as to avoid obscuring other detail.

Samples of the soils have been taken for both physical and chemical analyses. The North Carolina Department of Agriculture will publish the results of the chemical analyses.

Accompanying the map is a report of 40 pages covering the survey of the county. This report will give a description of the county, showing its location, boundary, area in square miles and acres, physiographic and topographic features, regional drainage, character and density of population, transportation facilities, roads and markets. There will also be a chapter on climatic conditions. Another chapter will deal with the agriculture of the county, giving a brief history of crops and soil usage, present status of agriculture, recognition given to soil adaptation, methods and equipment employed, rotation of crops practiced, kinds, amounts, and value of fertilizers used, labor, tenure and size of farms, and value of lands. A chapter on soils will give the origin and character of the soil material and the processes of soil formation.

The individual soil types will then be described, the description giving their color, texture, structure and depth; also drainage conditions, topography, importance and extent of use, relative importance of crops, yields of crops, and suggestions for improvements of the soil.

The map and report will be issued in bulletin form and will be sent free to any citizen of Harnett county upon application to Congressman H. L. Godwin.

DR. J. E. CAVINESS DEAD

Our town and county lost one of its best and most useful citizens this morning in the passing from life to death of Dr. Joseph E. Caviness at his home after a prolonged illness covering a period of several months.

Dr. Caviness came to Lillington from Moore (now Lee) county about fifteen years ago and has been closely identified with every movement for the development of the town along all lines. He was Mayor of the town for several terms; a member of the Board of Commissioners of the town for several years, and devoted much time and attention to any matter for the material progress of Lillington.

Dr. Caviness was a man with a large and noble heart and was ever ready to extend a helping hand to his fellow man. He was a strong friend to many young men and was ever ready to assist them in every way possible in their effort to get a start in life. It was said of him that he had never been heard to criticize or make unkind remarks about his fellows but always preferred to look at the better side of life and help along rather than hinder mankind.

He was a devout member of the Methodist church, a Mason, Pythian, and Odd Fellow and lived true to the principles of his church and orders.

Dr. Caviness was twice married, his first wife being Miss Gilbert, of Moore county. To this union were born three children; Mr. Condie Caviness of Jacksonville, Fla., Mrs. Bertha Clark of Sanford, Mrs. E. B. Rappan, of Atlanta, Ga. A second marriage was to Miss Annie E. Harrington his present wife, who with their children, Messrs. E. B. J. E. Jr., Claude C. Ferra, Annie Caviness and Mrs. W. A. Adair were present at the time of his death.

Funeral services will be conducted Friday afternoon at Hotel Caviness after which the remains will be conveyed to Jacksonville for interment.

All honor to this good man whose noble life we do well to follow. Harnett Reporter.

BASE BALL NEWS DEPARTMENT
 Tiger Dust.

J. J. WADE, Reporter.

Two had the game between Dunn and Clinton was rained out Monday. The boys were in a spirit of winning and the fans were in the spirit of rooting; the combination would have been to great for Clintonites.

Kid Carlyle is here to stay—for the present at any rate. We hope that the Wake Forest boy will like Dunn and its surroundings and that he will spend the summer here. He sure does brighten up the Dunn infield.

Hurray for Red Johnson. We did not know he was such a catcher until last week's and yesterday's games. He is some catcher, believe the fans and oh my, his peg. There won't be many stealing on Johnson. Manager Draughon and Taylor made a real find in Johnson, eh?

The fans are hallooing for one more whiff at those lucky Johnstonites, namely, Smithfield, and they earnestly believe that with their invincible and rejuvenated outfield that Smithfield would not now have a chance.

Do the Dunn Tigers like to hear the name "Southard"? Ah, Southard. He certainly has the Indian sign on Dunn.

We were sorry to see Taylor's mishap in Center in Tuesday's week ago game. Taylor has featured in Reams' Park as well as he has done some nice hitting. We have no room to kick as every player has off days. Don't forget that Walter Johnson was knocked out of the box not very long ago as the world's greatest speed king and Alexandria lost both of his games in the World's Series as the greatest pitcher. Ty Cobb made a costly error in the field not very long ago which caused Detroit's defeat and he is known as the world's best all-round player. We can well excuse Taylor's mishap.

The tigers had three games scheduled and thought of possibly playing four this week. But when the call for Militia came one team who was to play yesterday and to-day sent a message to the management stating that every man on the team except two are in the company; he, himself, the manager, was a Lieutenant. We hope that these men Lumber Bridgers, can handle a gun better than they can a bat.

We are glad to see "Bullet" Joe Caviness back in town and ready to pitch the next game. Joe has pitched in hard luck so far this season and it is due the Tiger team to buck up and play hard like Turks behind him in the next game. We certainly deserve a win as in each game he has pitched superb ball making wonderful strike out records.

Although we spoke of Carlyle as a Dunn regular, later reports are that Carlyle will not be able to be with us regularly. His mother objects to him staying off all the time but stated that she would allow him to play with us a game at a time. The editor has not heard from the manager whether he will play with us any more this season. The admirers of his are sorry to hear this and we hope that he will play the majority of the games for the Tigers despite this fact.

IN THE FUTURE

The management has asked the editor to make the announcement of the following dates:

Today and Thursday we play Zebulon, long noted for a winning ball team and one of the highest priced series of the season. It is said that these boys have a college battery and are determined to win from the locals; we hope they have another thought coming.

It is most probable that the locals will have a game with Lumberton Saturday. It is a known fact that this team is one of the fastest in that section for they are one of the leaders of their league, namely the Cape Fear League. The locals will have a big job on their hands to whip this crowd.

Next Tuesday we will play Fremont. This team is something more than an ordinary amateur team; it is a super-amateur team and it may be known that one of Carolina's leading pitchers is a Fremont. Can we beat 'em? We CAN.

All of these games are high class games and promise to be more than interesting. Each team to oppose Dunn is the Base Ball Leader in its respective section and nothing but high class ball will be played. Nevertheless, the Tigers desire that they will take them all if possible and guarantee the majority. Game with Zebulon begins today at 4:00 o'clock. Come out, You.

The town of Dunn will give you all the homemade you want and then some if you will come to one of us July 4th.

Hundreds of dollars worth of prizes are being offered to make Dunn's Fourth of July celebration the greatest ever. Come get one of these.

Nothing To Be Added To The Maxwell

YOU will never want to add anything to your Maxwell. The purchase price includes everything you will ever need or desire for luxurious motoring.

You won't want to disguise the hood or buy a new body or put in another carburetor or ignition system or install electric lights or a self-starter.

You won't want a new radiator or springs or new spark plugs or shock-absorbers or a new top.

You need add nothing for comfort, reliability, beauty, economy or convenience. If it is a Maxwell, your car, your experience and your investment are complete.

That is the way that Maxwells are designed, manufactured

Question the owners of other motor cars—any other motor cars—and see if they are equally satisfied with their motoring investment.

POLITICAL ANNOUNCEMENTS.

FOR SHERIFF

Having been solicited by a number of friends throughout the county to become a candidate for Sheriff I take this method of announcing that my name will be presented to the Democratic Primaries on July 15th as a candidate for that office. Having heretofore served the county in this office, I rely upon my record in the past as to the kind of officer I would be in the future.
 J. B. LANIER
 Lillington, June 5th, 1916.

FOR REGISTER OF DEEDS

I hereby announce myself a candidate for the office of Register of Deeds of Harnett County subject to the action of the Democratic Primaries to be held on July 15th, 1916. I shall appreciate the votes of all Democrats and if nominated promise the very best service of which I am capable.
