Two negroes broke into the grocery store belonging to Mr. Lee P. Surice Sunday night and stole several hundred pounds of meat, lard and other groceries. The theft was discovered early Monday morning when a search was instigated. The negroes were soon discovered and arrested and immediately tried before Recorder Smith and were sentenced to the roads. One of them got six months while the other was given twelve months.

The Legislature passed a law at its recent session requiring all automobile owners to have shaded lights put on their cars. This law went into effect the first of July. Quite a number complied with the requirements, but there are still many cars that are not equipped yet. Those who have not yet had the shaded lights put on their cars are subject to a fine and had better do so at once. Glasses to meet the requirements of the law may be had at either of the local garages at a small cost.

At a meeting of the directors of the Bank of Cape Fear last Friday night, held in the bank's offices, a four per cent semi-annual dividend was declared and a substantial amount was placed on the undivided profits side of the ledger.

The directors were indeed proud of the statement of the condition of the bank which was read by its president, Mr. Fuscil, showing the progress the institution had made during the past six months, and of the efficient work being done by the cashier and his assistant. The deposits are larger than at any similar period during the history of the bank and the institution is enjoying an era of prosperity it has not heretofore experienced.

The stockholders are receiving their checks today and they are highly appreciated, coming at such a dull season of the year.

**Catarh Cannot Be Cured** with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarh is a local disease, greatly influenced by constitutional conditions, and in order to cure it you must take an internal remedy. Hall's Catarh Cure is taken internally and acts thro the blood on the mucous surfaces of the system. Hall's Catarh Cure was prescribed by one of the best physicians in this country for years. It is composed of some of the best tonic known, combined with some of the best blood purifiers. The combination of the ingredients in Hall's Catarh Cure is what produces such wonderful results in curatorial conditions. Send for testimonials, free. F. J. GERRY & CO., Prop., Toledo, O. tercourse with his fellow beings. Boris Androvsky, as he is known, soon meets Domini, who has fled from a life of storm and stress to seek peace and comfort in Allah's Garden. The remainder of the story is familiar to the readers of Hitchens' novel. A great love grows into the hearts of the man and the woman and they are married in the little church at Beni-Mora, from whence they go to spend their honeymoon in the desert, where for a time they seem to find the peace they have sought all their lives. Through a terrific sandstorm they wind their way, but the outburst of nature has for them no terrors.

In the course of time strangers find their isolated but hospitable tent, among them Captain Trevigani who recognizes Boris as the monk who had fled from the Trappist monastery at El Largani. Boris confesses to his wife and then returns to the monastery to resume his broken vows. Domini goes back to the wonderful garden where they had first met and there she finds happiness and solace in her little son, Boris.

**CONTRIBUTIONS FROM THE MASONS**

Local Lodge Contributes to Red Cross Fund.—Everybody Should Be Interested in Work

(By the Secretary)

On Monday the Harnett County Red Cross Chapter was in receipt of \$27.35 as a contribution from the local Masonic Lodge.

As a branch of the National Red Cross, this Chapter wishes to extend its sincerest and warmest thanks to the Palmyra Lodge for this generous aid and to express gratitude in the name of the men of Harnett County who have answered the call to colors.

It is well to say in this connection that the trying need on the war front today is for bandages, anesthetics and amputation for the maimed victims of shrapnel and liquid gas.

Do you know that straw and paper are being used on the French front because there are not sufficient bandages? Many wounded soldiers who might otherwise recover are dying on account of the intense pain of operations without chloroform. And he man whose eyes are gone from the terrible liquid fire poured from the German lines, or the man with limbs torn, these men whose mental condition is worse than their physical,—what are we doing to mitigate their suffering?

It is the inalienable right of the American citizen to aid in this fight for freedom from autocracy. Harnett County is giving of its best men. There will be no slackers among the soldiers called.

But what are we, who stay at home, doing? Out of our abundant ease and pleasure, what are we giving? There are no holders of vast fortunes in our county, but there are families everywhere who live easily and comfortably. There is not one person in the County who would not respond to the present world cry of suffering were the need brought forcibly enough to him.

That is the object of the Harnett County Red Cross Chapter,—to bring to the people of this County the heart throbs of pain that is going up from the battle fields and allow them the privilege of sharing in the divine right which belongs to all,—the privilege of giving.

My son, Roney B. Lee, 17 years old, has left home without my consent. Therefore I will not be responsible for any debts or other obligations he may incur. July 9, 1917. M. G. LEE 4-4-pd.
