#### LILLINGTON FARM LIFE SCHOOL

(Written for the Dispatch)  
 The Lillington Farm Life School was established in the town of Lillington in the year 1914 under the "Gulfport Farm Life School Law." At this time a small Public High School with only local students in attendance had been in existence for several years. This High School was supported by a special local tax supplemented by funds from the state and county according to the rural high school law passed by the General Assembly in 1907. This school was merged into the Farm Life School as the law requires.  
 The school is open without tuition to all students of Harnett County of sufficient preparation to enter. Connected with the Farm Life School and preparatory to it is a graded elementary school which is usually considered a part of the more advanced school but is open without tuition only to children of the local school district. Other children may enter upon payment of tuition ranging in amount from \$1.00 to \$2.00 per month.  
 The equipment of the school is surpassed by few schools of like character in the state. Its entire plant including fifty acres of land has a value of at least \$48,000.00. The main building is a handsome brick structure containing up-to-date

spring of this calendar year, the total enrollment was 80 with 48 from outside the local district, and these 48 represented the greater part of the townships of the county. The elementary school had last term an enrollment of 160 making a total of 240 in whole school.

The Farm Life School (including the High School, offers three courses of study.

1. The Latin-Scientific course including four years of work in Latin and two years in French but no work either in Home Economics or Agriculture. This is the ordinary standard High School course.

2. The Agricultural course which contains no work in either Latin or French but instead an equal amount of work in Agriculture and allied subjects. This course is for boys only.

3. The Home Economics course which offers no work in either Latin or French but gives instead an equal amount of work in Domestic Science and Domestic Art. This course is for girls only.

All of these are four-year courses and prepare for practical life or for college; and the school is unusually well equipped to give the work in each course. The faculty for the present year is the strongest in the history of the institution.  
 The school has done each year some extension work in the way of institutes and Farmers' Meetings. The Agriculturist has also gone to various parts of the county to direct work in pruning and spraying fruit trees and to teach the farmers how to administer hog cholera serum and fight insect pests. The farmers should realize that all such schools in the state are in their infancy and should not be expected to do to much outside the school room until experience has taught us how to make this outside work count.

Honest and kindly criticism is invited and is always helpful but the spirit of fault-finding can result in nothing good either for the fault-finder or for his victim. Thus far the people have been very kind and sympathetic and we ask them to be patient and give us time to demonstrate the permanent value of this very promising institution.

An evidence of the people's devotion to their school, than which none could be better or more convincing, is to be found in the fact that men and women from all parts of the county have furnished in hundred dollar sums the five thousand dollars necessary to construct our last dormitory. A school so supported by the people is certain to become a monument of strength and beauty and a means to a nobler and more efficient life for their sons and daughters.

#### NOTICE

This is to notify the public that my son, Rory McNeill Andrews, has left my home in Dunn, N. C., without my permission or consent, and that I will not be responsible for any debts or obligations he may make.  
 Dunn, N. C., Sept. 12.  
 MRS. J. C. ANDREWS.

Many must go; all can serve. You may not be able to serve at the front, but you can help those who do serve there by helping the Red Cross through the local chapter.

### Colored People Delighted With New Discovery—To Bleach The Skin

Atlanta, Ga.—Says that recent tests have proven without doubt that swarthy or sallow complexion can be made light by a new treatment recently discovered by a man in Atlanta. Just ask your druggist for Cocotone Skin Whitener. People who have used it are amazed at its wonderful effect. Bid your face of that awful dark color or greasy appearance in a few minutes. It costs so little that you can't afford to be without it. Just think how much prettier you would look with that old dark skin gone and new soft, light skin in its place. Men and women today must care for their complexions to enter society.  
 If your druggist will not supply you with Cocotone Skin Whitener, send 25c for a large package to Cocotone Co., Atlanta, Ga.

### RUB-MY-TISM

Will cure Rheumatism, Neuralgia, Headaches, Cramps, Colic, Sprains, Bruises, Cuts, Burns, Old Sores, Tetter, Ring-Worm, Eczema, etc. Antiseptic Anodyne, used internally or externally. 25c

### DRAFT WAS KNOWN TO MOSES

Registration for a selective draft was known thousands of years ago. The first chapter of Numbers tells of Moses in the second year after the exodus from Egypt was commanded to choose from among the various tribes men to tabulate the names of men more than 20 years old, who were able to go to war. The passage, in part, follows:  
 "Take ye the sum of all the congregation of the children of Israel by their families, by their father's houses, according to the number of the names, every male by their polls; from 20 years of age and upward, all that are able to go forth to war, thou and Aaron shall number them by their hosts. And with you there shall be a man of every tribe. (Here are mentioned the men who are to assist in the registration.)  
 "Moses and Aaron took three men that are most tried and they assembled all the congregation together on the first day of the month. And they declared their pedigrees up ward."—Chicago Tribune.

### POTATO EXCHANGE IN WESTERN NORTH CAROLINA

A new growers' exchange for handling potatoes has been organized under the auspices of the Division of Markets, with headquarters at Waynesville. This is a cooperative enterprise among the potato growers of Haywood County, to be incorporated under the laws of North Carolina for the purpose of selling potatoes and other mountain products which are well graded, well packed, and of good stock.

The general manager, Mr. Bolling Hall, announces that the potatoes are now being dug, and that they are of excellent quality. It is not well known that Western North Carolina produces a large crop of late Irish

### MUSIC HUNGER

The concert season is here; but theatres are accessible to few of our homes. You do not have to suffer on this account, however; you can have real music in your own home this winter. You can have the re-created voices of the world's great artists literally re-created by Edison's new art in a way that makes your own veranda or living-room the world's greatest stage.

### The NEW EDISON

"The Phonograph With a Soul" is the instrument of which the St. Louis Republic says: "The problem of music in the home is solved when the singing of the greatest artists is made possible by an instrument that does not betray itself in the very presence of the artists."

#### VISIT OUR STORE

We want to give you a pleasant hour of music. No obligation. You will not be asked to buy.
