Says Phosphates Make Beautiful Women and Strong, Healthy, Vigorous, Robust Men.

Physicians all over the world are prescribing phosphates to build up run-down conditions and those who have trouble with the nervous system with Argo-Phosphate are changing thin, scrawny women with toneless tissues, flabby feet, into the most beautiful rosy-cheeked and plump round formed women imaginable.

Atlanta, Ga., Dr. Jacobson said in a recent interview that 90 per cent. of anemia comes from nervous breakdown which can only be corrected by supplying the necessary phosphates to the nervous system that is lacking in the food you eat, and this can be quickly supplied by taking one or two 5-grain Argo-Phosphate tablets after each meal, and at bed-time. It will in many cases make a pale scrawny face the picture of health in a few days. I have seen women that I expected would have to be kept under treatment for months restored to perfect health in one or two weeks time.

SPECIAL NOTICE: The Argo-Phosphate recommended by Dr. F. H. Jacobson contains phosphates such as are prescribed by leading physicians throughout the world, and it will be found the most effective form for treating patients with Nervous Dyspepsia, Nervous Headaches, Head Pain, and Nervous Prostration. It will renew youthful vim and vigor, and build up the whole body. If your druggist will not supply you with Argo-Phosphate, send \$1.00 for two weeks treatment, to Argo Laboratories, 10 Forsyth St., Atlanta, Ga.

Biggest Stock Ever at Our Stores

THE NEED for careful buying was never more real than now when the cost of everything needed for the home and farm has reached a new high level. The dollar of 1917 will go hardly a third as far as did the dollar of 1907. Cotton at 25 cents, exchanged for other goods, means no more to the farmer than did the 8 cents cotton of ten years ago. To stretch the dollars of today over as great a buying area as he can, the man of this time must spend those dollars where they count most.

All of our purchases for the last several months have been made with present conditions plainly in sight. We bought while the buying was good, with the result that we now have the largest stock ever put in our stores at prices that cannot be equaled by merchants who bought too late.

Our stock includes furniture, carpets, druggets and rugs, kitchen furnishings, household goods of all kinds; guns, pistols, rifles and ammunition; watches, clocks and jewelry; bicycles, bicycle parts and tires, Ford accessories and uto tires; Sentinel roofing in one, two and three-ply—the three-ply guaranteed for 10 years; wire fencing for farms and poultry yards; pumps and pump parts, hemp rope; window glass; sewing machines and a wide variety of other things allied with our lines.

We have some especial bargains in dinner sets, Crex rugs and druggets, stoves and ranges, and our stock of brooms, chinaware, glass and enamel ware is worth coming to see. And you should examine our line of mattresses and springs before making a purchase elsewhere. Our sewing machines are the Free and the White—none better anywhere. We have, too, a number of second hand machines of different make in excellent condition. These can be bought very cheaply. All of our bicycles are standard makes. We carry parts for them and operate a first class repair shop in connection with this department.

We will be more than glad to serve you at any time and in any way. Be sure you come to see us when in town.

Automobile Insurance

When it comes to the awful jolt of a lump sum of money to be paid out on account of an accident, no mechanical device and no improved tire can take the place of **AUTOMOBILE INSURANCE.**

You provide an equipment that will insure comfort in the possession of your car, in which you feel a pride—but "pride goeth before a fall" unless you avoid the big bump by providing for an Automobile Insurance that will guarantee your financial safety. The expense and anxieties of car upkeep are but too well known. There are the breaking of this and the damaging of that. But those who have experienced the greatest of all anxieties will tell you that damaging humanity brings a terror all its own—and is the greatest expense of all. You may be ever so careful, but the child crossing the street or the fellow driving the other car may not. There is a claim, anyway. You DID look out for that pedestrian you thought; but nevertheless look out for law. **LIABILITY** is not necessarily **FAULT**, but the unlimited financial slip—for which **AUTOMOBILE INSURANCE** is the **SHOCK ABSORBER.**

OCEAN AUTOMOBILE INSURANCE

THE LURE OF THE KHAKI CLAD BOYS.

If You Could See the Boys in Uniform You'd Buy a Liberty Bond.

(By Liberty Loan Committee.)

There is something keenly inspiring in the measured tramp of marching soldier feet, the dun of khaki and the glint of shouldered rifles. Something that brings a lump to one's throat and a mistiness to the eyes; something that stirs one's loyalty to the traditions of our fathers and the ideals of our country; something that quickens the heart throbs and sets the blood pulsing at a livelier pace; something that loosens the purse strings.

Recently the Fifth regiment, pride of Northern Ohio, left Cleveland for the Montgomery training camp. At its head marched an escort of Spanish-American war veterans. A military band played "Oward Christian Soldiers." A Boy Scout drum corps played "Yankoe Doodle." A thousand cheered them as they passed.

Beside the ranks marched heart-torn mothers, a urrying to keep pace.

last time. Sweethearts, some just from school, books under their arms. And although there was much cheering and hand-clapping, there was a great prevailing sadness and many wet eyes.

Beside the soldiers monument in the public square stood a veteran of the Civil war. "It makes one's blood boil," he said, straight and grim for the moment. "If those boys could march before the wealth of America for one hour, there'd be no trouble about money to send them."

And he was right. Were it possible to line up the American public along the road to France, with the khaki clad soldier boys marching to Armageddon, the need of further appeal in behalf of the Liberty loan would vanish in a twinkling.

In Paris, the enthusiastic Frenchmen fairly covered the path of the first detachment of American troops

with flowers. And a thoroughly aroused American people would clutter the line of march knee-deep with ten-dollar bills.

If you haven't seen Uncle Sam's champions of liberty in uniform, go to the nearest training camp and look them over.

The pull at your heart strings will loosen the grip on your pocketbook. It will make clearer your duty to buy a Liberty bond.

CUMBERLAND ATTORNEY DISBARRED

"Professional Blind Tiger" Says Chief Justice Clark. Often in Trouble

"Professional blind tiger," and "habitual violator of the law" are two of a few compliments which Chief Justice Clark bestows upon James H. Johnson, attorney of Cumberland, who was disbarred by the Supreme court last week in the appeal of State court on the relation of Solicitor against Johnson.

Johnson's case vexed the Chief Justice. The lawyer was first convicted of selling wine four years ago and in defense pleaded a special statute State's act.

He was fined, Chief Justice Clark says, \$500, and did not pay the fine. Neither did he show good behavior at succeeding courts, sell out or quit his business. In 1916 he was convicted again and sentenced to three months, after he lost his appeal to the Supreme court. He was pardoned by Governor Craig.

Johnson won his point in the lower court which held that it had no jurisdiction in disbarment proceedings. It held that under the reveal no such offense as should make him unfitted to be trusted in the discharge of his duties had been shown. Judge Clark holds the judgment erroneous and orders the case remanded to the lower court where record will be made as of disbarment. "That it may be known that the law will be enforced against all alike. He who habitually violates the law is unfit to be trusted in the

Colored People Delighted With New Discovery—To Bleach The Skin

Atlanta, Ga.—Says that recent tests have proven without doubt that swarthy or sallow complexion can be made light by a new treatment recently discovered by a man in Atlanta. Just ask your druggist for Cocotone Skin Whitener. People who have used it are amazed at its wonderful effect. Bid your face of that awful dark color or greasy appearance in a few minutes. It costs so little that you can't afford to be without it. Just think how much prettier you would look with that old dark skin gone and new soft, light skin in its place. Men and women today must care for their complexions to enter society.

If your druggist will not supply you with Cocotone Skin Whitener, send 25c for a large package to Cocotone Co., Atlanta, Ga.

THE LIBERTY LOAN

Attention, people of North Carolina! Open hearts! March! Your President has called on you. Your Governor has appealed to you. Your boys, soon to be in the trenches, are turning wistful eyes to you. They bear your names, shall they not in their equipment bear unequalled evidence of your love.

Open pocket-books! Double time! March!

The winters in France are cold; are you willing for these plucky boys to shiver for lack of dollars to be converted into wool and warmth? Your little knows no lack; can you stand for our sons abroad to have less abundance? Our boys have to shoot; are you willing for them to fire with obsolete guns? Artillery paves the way for every infantry attack and saves an untold number of lives; shall our Tarheel lads have to rush into battle without the protective barrage of thousands of splendid guns and well-timed shells? Flying machines reveal enemy plans and guide every movement of our arms; shall they not be so gladly and generously furnished that they will hover like a protective cloud over the sons of our homes? Grave men will drop from wounds and sickness; shall they perish for lack of hospitals equipped with every healing art to nurse them back to robustness? Crossing the ocean is dangerous unless convoys encompass the transports; shall attend convoys not be multiplied until our troop-ships sail through guarded lanes?

To supply this clothing, food, guns, camp, hospital, flying-machines, ships, money, money is quickly needed. Let us not love our dollars more than our boys. Let us out of our abundance or out of our sacrifice provide an equipment worthy of the magnificent manhood and proud name of our loved country. Act this hour.

Miss Jeannette Rankin of Montana, the only woman Representative in Congress, delivered an address at the State fair in Raleigh Wednesday in connection with the dedication of the woman's building erected and presented to the women of the State this year by the State fair association. Reports have it that Miss Rankin captivated the great crowd that heard her. She told the men that if they persisted in not letting the women of North Carolina have the ballot the women of her Western country would govern them through the ballot.
