BIG AUCTION SALE

OF THE

A. B. WALKER FARM

THREE MILES FROM LINDEN, N. C. Fayetteville and Linden Highway runs thru Farm

FRIDAY, NOVEMBER 9th, 10:30 A. M.

You are especially invited to attend this sale and see this excellent bargain we are going to offer in the way of a safe investment. Farm land in Cumberland county. The best tobacco land in North Carolina. This farm contains about 1500 acres, AND HAS A BEAUTIFUL LOT of STANDING TIMBER, mostly pine, for which there is a great demand. The land is sandy loam with a red clay subsoil and adaptable to the growth of most any kind of crop peculiar to the section, and will yield on an average of one bale of cotton to the acre, practically level with no swamps, quite a number of tenant houses each having a good well of water. This farm will be subdivided into small farms and you can buy one to suit yourself, exactly the size and shape you wish. There is no safer investment than farm land in this section. Ask, if you are not already aware, the value of this farm ten years ago, and then compare its value now. What do you think? Just as surely as you are living the value will enhance more the next ten than the past ten. Be sure to attend this sale, a big time is guaranteed every one, whether or not you buy. Big Free Dinner, Good Music by the Burton Bros. Famous Band, Free Daylight Fireworks, Prizes, in fact we are striving to make this a gala day for this section.

Don't Forget the Time and Place.

Pale Faced Women Take Phosphate to Make Rosy Cheeks and Beautiful Forms Men Need Phosphates to Make Strong, Healthy, Vigorous Bodies

Athletes increase their strength, energy, and endurance 200 percent or more by simply taking a few weeks treatment of Argo-Phosphate. Atlanta, Ga., Dr. F. A. Jacobson... Phosphate is the cause of all chronic conditions and the administration of a grain Argo-Phosphate tablets will increase the strength and endurance of weak, nervous, care worn men and women 100 per cent in two or three weeks time in many instances, and their continued use will build up the whole nervous system, and give new life, vim, vigor, and vitality to the whole body. I always prescribe Argo-Phosphate to patients who are pale and colorless, and it is surprising to see how quickly a few weeks treatment will transform a pale face to a rosy glowing beauty. There can be no rosy cheeks, healthy, beautiful women, without their system being constantly supplied with Phosphate to renew their vitality, phosphorus on the ground and various consequences of a deficiency of Phosphate in the blood of American men and women I have strongly maintained the fact that doctors should prescribe more phosphate in the form of Argo-Phosphate for weak, worn out, lagging-looking men and women. When the skin is pale, and hair falls, it is a sign of weakness. When the phosphates go from the blood, the pink cheeks go to. The lips lack tone.

MUSIC HUNGER

The concert season is here; but theatres are accessible to few of our homes. You do not have to suffer on this account, however; you can have real music in your own home this winter. You can have the re-created voices of the world's great artists literally re-created by Edison's new art in a way that makes your own veranda or living-room the world's greatest stage.

The NEW EDISON

"The Phonograph With a Soul" is the instrument of which the St. Louis Republic says: "The problem of music in the home is solved when the singing of the greatest artists is made possible by an instrument that does not betray itself in the very presence of the artists."

PRUSSIAN LOGIC A boy we once knew as a printer on his college track team. One day he rushed up to the trainer in great excitement. "Say," he burst forth eagerly, "I think I have a great idea! Now I can run a hundred yards at top speed, can't I? And the greatest distance anybody can run at top speed is about four hundred yards." The trainer nodded. "Well, suppose I run fifty yards today at top speed, and fifty-one yards tomorrow, and fifty-two yards the day after tomorrow, and so on. Why can't I get to the point, in about four years, when I can run a mile at top speed all the way?" The trainer rubbed his chin reflectively, and grinned. "No reason at all why not, son. No reason at all. Except that you're a human being, and can't."

Prussian Logic... sinking of the Lusitania, the murder of Edith Cavell—by all laws of logic these should have contributed to German victory. Which fact did not in the least prevent their contributing to German defeat. The Prussian idea is older than Prussia. It has lured many men, in many ages. It is rational, flawless, beautiful. There is nothing wrong with it, except it won't work. Recession. Whereas, the city of Dunn and vicinity has long needed a town clock for the use and convenience of its citizens, and Whereas, the First National Bank of Dunn has met this need by the installing on its bank building on Broad street one of the largest A.
