The Dispatch is requested to announce that there will be a meeting of the farmers of the Lillington section of the county held in the court house at Lillington next Monday. The object of the meeting will be to establish a tobacco market at Lillington. The land in that section of the county is more adapted to growing tobacco than cotton, according to a statement of a leading farmer and business man of the county, and he thinks it would be better for the farmers if they would grow more tobacco and less cotton. Those who are interested should be present Monday and discuss the matter with others who will be there.
Just before going to press news reached Dunn from Wilson that Mrs. E. F. Young died in a hospital there this morning. The body will arrive in Dunn this afternoon and burial will probably take place tomorrow in Greenwood cemetery. Mrs. Young has been critically ill for the past week and the announcement of her death did not come as a surprise to those who were aware of the seriousness of her condition. The news of her death will carry sadness into many homes throughout the State, especially in Dunn, where she has lived for the past twenty years or more. Mr. Young and her daughter, Mrs. Williams, her son, Robert, and her mother Mrs. Fleming, were all with her when the end came. A full sketch of her life will appear in the next issue of The Dispatch.

The following have been before the Recorder this week for spending and non-observance of the traffic laws: Bud Norris, King Butler, Millford Williams, Jasper Wade, Lonnie Hodges, Herman Barnes, Lee Crow and Roscoe Smith, the latter two being negroes. All of them submitted and were let off with a fine of \$4.55 each. There are about fifteen more to be tried tonight and it is probable that Judge Smith will release them upon payment of the fine as those above mentioned. The two policemen, R. F. Jernigan and O. T. Wilson, backed by the mayor and other citizens, are determined to get all who fail to observe the traffic laws, and their second appearance before the Recorder will no doubt mean a bigger fine. A vast majority of the people of the town are standing behind the officers in their efforts to enforce this law. Most automobile drivers have ignored it in the past and it has been a dangerous practice. Many accidents have occurred, people have had narrow escapes with their lives, and it is to be hoped that the officials will enforce the law impartially and put an end to this speeding which has been a menace to the public for some time.

After spending several days here with her sister, Mrs. Howard Crooch, Mrs. A. M. Pope returned yesterday to her home in Cary.
S. D. Pittman, assistant cashier of the First National Bank, returned the latter part of the week from a visit to his family in Florida.
Action next Saturday by Geo. L. Cannady. This would be a good invitation for any one looking for a desirable small residence.
After spending several weeks here with her parents, Mr. and Mrs. N. A. Bell, Mrs. J. M. Waters returned Monday to her home in Wilson.

Robert Young, of Camp Sevier, Greenville, S. C., was in Dunn Monday morning enroute to Wilson to see his mother, Mrs. E. F. Young, who is critically ill in a hospital there. He was making the trip in his automobile and stopped in Dunn but a few hours, being anxious to get to his mother's bedside.
Tom Sewell, the new manager of the Light and Water Department of the city, is taking up his work in earnest. He is going over the system this week adjusting and getting all meters in shape and otherwise familiarizing himself with the work before him. He says he thinks he will be able to give the people of the town good service and a little later on will furnish current all night as well as through the day. He is a good man and with the proper support and co-operation will place the light and water department on a basis that will be satisfactory and profitable.

In his lectures he will give actual experiences met on the battle front in France, Belgium and at Gallipoli. Captain Fallon will lecture in Dunn the first of the week and the people are fortunate in having an opportunity to hear him. BUIE'S CREEK BOYS UNDER THE FLAG.
In a recent issue of the Record we tried to give a correct list of our boys, members of Buie's Creek church who are in the camps, on the sea and "Somewhere in France." We found that several names were omitted. Some had been called and we were ignorant of the fact. Some had been called and their names did not occur to us at the time of writing, having to write in sketches, a few words now and then. NOTICE TO TEACHERS
Recently there was sent out from the office of the Board of Education a letter with reference to filling certain cards at the Exemption office. The responses came in promptly and with only one exception there was an expression of a desire to comply with the request of our government. I am taking this method to notify those teachers who offered to come to Lillington at their own expense and fill their quota of the cards and those who offered to remit the small amount necessary to fill theirs that the Board of Education at its regular meeting in February raised their salaries to the extent of filling the cards. No money will be collected from the teachers but will be paid direct from this office and those teachers who offered to do their part in this work for the government will be credited with the same. The cards have been filled and we reported to the government that not quite 100 per cent of our teachers offered to help in this patriotic work. We were mighty sorry not to be able to make it 100 per cent.
