SUGGESTIONS AS TO THE SCHOOL

In a few weeks the graded school term will open, and another school year will begin.

What kind of a term is it going to be? Is the community going to back every movement, put big interest in the work, and seek to improve?

It must be said, though I regret that it can be said, that Dunn is further behind in schools than it is in any other one thing.

DR. FRIDGEN GOES TO FLORIDA Dr. D. LeRoy Fridgen, son of Mr. and Mrs. D. L. Fridgen, left for Arcadia, Fla. August 16th, where he will be stationed at an aviation camp as assistant dentist.

Dr. Fridgen also made a splendid record in college during the three years of regular study there.

He made good in his college work and his friends back home feel that he will do equally well while in the service of his country.

THE DEATH OF LIEUTENANT SYKES

In Wednesday morning's Norfolk Ledger-Dispatch, the name of James Sykes was reported in the casualty list as a death.

The report comes much sorrow in Dunn. For "Jim" Sykes of Charlotte, student of State College, was known and liked, probably, as much as any son of Dunn who is fighting for Uncle Sam, though he never lived here.

The report comes much sorrow in Dunn. For "Jim" Sykes of Charlotte, student of State College, was known and liked, probably, as much as any son of Dunn who is fighting for Uncle Sam, though he never lived here.

BUREAU FORMED IN DUNN

Ensign W. J. Shelton, navy recruiting officer for North Carolina, was in town this week and formed a Children's Public Information Bureau, for the benefit of those who wish to get information relative to the navy and for publicity purposes.

store, will be glad to furnish application blanks and give you any information desired concerning the different branches of the navy. Women may be enrolled in the yeoman branch of the service if they have had experience as stenographers, typists or as much as one year's experience as saleslady.

A TALK WITH THE BOYS

"Remember, my son," said Robert J. Burdette, "you have to work, whether you handle a pick or a pen or a wheel-barrow or a set of books, dig ditches or edit a paper, ring an auction bell or write funny things, you must work."

"There are young men who do not work, but the world is not proud of them. It does not even know their names; it simply speaks of them as 'old So-and-So's boys'."

And may add, the greater honor will you be to God, who made, redeemed and sanctified you, if you will apply the above advice not only to your earth by calling, but also to the work of the church.

A NECESSARY CAMPAIGN

If President Wilson were regularly before the people for re-election this year and were defeated his defeat would be a disaster to the cause of the Allies equal to the loss of an important battle on the western front.

It is not enough that Republicans are as loyally supporting the war program as Democrats. Mr. Wilson should have the support and control which can be given by a majority of his own political faith in both branches of Congress.

The Republicans have nominated practically a full ticket all the way down the line in this State. If there is any convincing reason why John M. Morehead should be elected to supplant the tried and faithful F. M. Simmons in the State it should be fully and fairly presented to the public for public consideration.

The same reason and logic apply in less degree only to the ten Congressmen from this State. All of them are vitally needed in Congress, not only because of their superior equipment of experience but because the defeat of any one of them might mean the recognition of the House by the party in opposition to the President.

Our Republican friends have entirely misconstrued the suggestion State Bank & Trust Co. and Earl Searfoot at Wilson & Lee's Drug

ALWAYS WATCH THIS SPACE.

Something now to tell you very soon. We are making great preparation for our new stock, as we are going to make a big display for the fall.

LIVER DIDN'T ACT DIGESTION WAS BAD

Says 65 year Old Kentucky Lady, Who Tells How She Was Relieved After a Few Doses of Black-Draught.

Meadowville, Ky.—Mrs. Cynthia Higginbotham, of this town, says: "At my age, which is 65, the liver does not act so well as when young."

Democratic supremacy in every department of government possible in State and nation by the nomination of a Republican candidate for practically every public office that is open to election this year, they then suggest that the issue be submitted to the people without public discussion.

Public discussion should as a matter of course, be in keeping with the dignity of these momentous times, incidental and unimportant matters should not be crowded upon public attention but it seems to me there has never been a time when those in high authority could wit knowers properly be asked to present to the people their views upon the great problems that have engaged their attention these recent years, and that are now impending, or a time which called for more earnest effort upon the part of the people to maintain and support with increased majorities those who have so conspicuously served the State and nation.

In addition to a United States Senator and ten Congressmen to be elected in North Carolina in November there is a State General Assembly, a majority of our State Supreme Court, two members of the Corporation Commission, ten judges of our Superior Courts twenty solicitors and a full county ticket in every county your problem, and the rest of the

A LETTER TO THE COTTON FARMERS

The world's consumption of American cotton for the last three years amounted to 41,000,000 bales. The American crops for the same three years amounted to 37,786,000 bales. In these three years of war the consumption of cotton has exceeded production by 3,214,000 bales.

We have spared no time or cost in equipping our gin plant for operating to the very best interest of the farmers and the government, therefore, in the interest of winning the war.

We can gin 200 bales in a day, will return all your available lint in bale, buy your seed at accurate full weight—no guess—and will have on hand at all times, cotton seed meal for exchange on seed.

We have the most up-to-date ginning plant in the world, according to recognized authority. We are located conveniently, on paved street—no mud—and only two blocks, with paved streets, from the cotton yard of the biggest and best market situated on the A. C. L. Railroad.

Patronize the biggest and best gin plant in the world and the best market within your reach. We guarantee satisfaction to our customers.

Yours for service and friendship.

if NOW IS THE TIME TO HIT HARD. EST AT HOME. Now is the time for the people at home to hit hardest if the enemy at the front is to be kept running till the Rhine is crossed and complete victory is won. General March says that America must speed up instead of let up in its war records if the Allied Armies are expected to continue their advances at the front. "Don't let the recent successes made by the Allies create too sanguine hopes and cause the letting up on war efforts," says General March. "This is a time to stop to indulge in hopes and to waste time arguing as to when the war will be over, or the kind of peace it will bring. The thing to do now," he says, "is to put the maximum punch into standing back of the Government, a solid front, until the war is over. That America shall speed up at a greater rate than she has yet done is now deemed necessary not only for
