W. E. Howard and Dr. Floyd, who is spending several weeks here with his daughter Mrs. Edward Smith, were visitors in Fuquay Springs yesterday. They attended the tobacco sales there and were deeply impressed at the price tobacco brought. They witnessed the sale of a pile of tobacco from one acre of land and it brought the owner \$416.92. This is a lot of money to get from one acre of land and if the farmers of Dunn and vicinity would grow more tobacco they would reap a golden harvest. A few citizens still hope that some day Dunn will revive its tobacco market and offer the farmers who do grow tobacco a convenient place to market it. We have the houses and a little more of the farm spirit would make the market here a success. This is over.

In a joint ad in this issue of The Dispatch the retail groccymen of Dunn make an interesting announcement. Effective next Monday, September 16th, they will discontinue their delivery service and folks who buy will have to come or send for their orders. This plan has been adopted in several North Carolina towns and the merchants of Dunn have reluctantly decided to adopt the same policy. It is done at the request of the Food Administration in order that the manpower necessary to carry on this delivery service may be released for other and more important work. It will also enable the merchants to sell their customers at a cheaper price as the delivery service has gotten to be an expensive luxury. The merchants who have adopted this policy want the co-operation of the people and feel that they are patriotic enough to give their assistance. It would also be a wise policy for the dry goods merchants to adopt and they would show a fine spirit by falling in line later.

GOLDSTEIN'S OPENING BEGAN THIS MORNING

It Will Continue Through The Week And Many Beautiful Designs Will Be Shown.

Goldstein's, Dunn's Best Store, announces their opening, beginning this morning. They are showing the most complete line of ladies' ready-to-wear ever brought to Dunn. Their millinery department is in charge of Miss Ruth Seabock, Mrs. Virgie Warren and their assistants, Misses Ethel Sutton, Laura Shell and Medrod Hood.

Ellis Goldstein, who spent two weeks in northern market, purchasing merchandise and looking after contracts for merchandise that he placed months ago, states that the customers who buy early will be the ones who will be benefited, as undoubtedly there will be the greatest scarcity of goods ever known and prices now will be exceedingly low, compared to what they will be in a few weeks or months.

A cordial invitation is extended to all to inspect their display this week.
