For Christmas Morning a VICTOR-VICTROLA

This will bring complete joy. It plays all records. Your good taste will be appreciated. If you give, instead, a one record instrument, certain disappointment always follows. For the choice of records is limited.

No man wants to give his family an incomplete gift—one that is handicapped. So The Victrola is the season's choice.

New tonal values have been attained by the introduction of an all-wood sound chamber built like a violin. Music critics award The Victor first place. So will you.

Come hear The Victor before you buy. Let us play different makes of records. Then decide.

Price, \$32.50 to \$332.50.
