EXPEDITIONARY FORCE WILL BE REDUCED

REDUCED

Washington, Feb 25.—Announcement by General Pershing's chief of staff that 18 national guard and national army divisions were scheduled to sail from France before July 1, apparently confirms reports which have been carrient here that the expeditionary forces were to be reduced to a total strength of 300,000 by the end of the current facal year.

Calculations in the various war department bureaus, it is said, have been based upon the 300,000 strength in figuring on the maintenance of the army abroad after July 1.

The announcement from France indicates that in addition to the seven regular divisions now in France and into which presumably men desiring to remain temporarily are being transferred, the American forces after July will include the 29th national guard and the 78th and 81st instinual army divisions. This would give a nine division trength for the combatant forces and allow one division for employment as a deport.

is a poor sort of patriot who would shirk the duty he steadfastly performed a year ago.

"The income tax last year was alberty tax. This year it is a victory tax, but the purposes of each are the same, to defray the cost of a world's war that has brought to the United States and its associates the ineffable boon of peace

"The government, therefore appeals to that higher form of patriot-imm which is not dependent upon the shouting and the tumult to cooperate in the collection of taxes this year with the same aplendid spirit of last year."

The Final Meeting.

The final meeting on February 13, had a dramatic finish in its simplicity. The President was attending a meeting of the supreme council and Lord Robert Cecil presided over the commission. The remaining articles were passed upon. At 7:28 o'clock in the evening, Lord Robert read the twenty-sixth and last article, and quietly remarked: "Is there any objection to this article?"

He waited a moment, and added: "If not, it is adopted Gentlemen, our work is done. The President of the United States will report our conclusions to the plenary session of the conference tomorrow.

The commissioners then left the room.
