

IT'S TIME TO BUY

Farm Implements

We have added the celebrated Avery Line to our stock and want you to look it over in time to place your orders for farm work that must be done in a short while.

When Cotton Seed Was Dumped in Creeks

because there was no market for it, it mattered little how much was wasted in planting. Now you simply can't afford to use an out-of-date planter because the

(Showing Hopper tilted out of gear)

Avery "Shawnee Jr." Will Pay for Itself

with seed it saves. It puts the right quantity of seed in the ground, at a uniform depth, and covers it properly. Planting plates are driven by two pitmans—no chains to slip off or cog wheels to wear out of mesh.

or tilted back without using a tool of any kind.

The corn plates are extra large, giving each hole a chance to fill. This means no bare spots in the field.

Come in and let us show you other good points that make the "Shawnee Jr." the favorite of Southern farmers.

Be sure you look over the entire stock at Butler Bros. You will find many things you need.

BUTLER BROTHERS

Invite you to their big store to inspect the tremendous stock of Farm Implements and other reasonable hardware it contains.

You will
SAVE MONEY
and get the
BEST OF SERVICE

at this store every time you come to buy.

We call your attention especially to the Avery Implements which are herewith illustrated. These goods are known the world over for their genuine worth and moderate prices. You would have to go far before finding their equals for the purposes for which you need them. We have a full stock and can make immediate delivery. We would advise, however, that you place your orders now; because we have no guarantee that additional shipments can be delivered in time for late winter and early spring farm work.

Don't fail to inspect our stock of stoves, ranges and heaters designed for all purposes and suited to all fuels. We have some especial bargains in dependable oil cook stoves and ranges, and our high-grade wood and coal burning ranges cannot be equaled at the prices we charge. Our stock of heaters is especially attractive too.

When you want furniture, rugs and carpets, or musical instruments, come to see our stock. There is nothing like it in town and we design, quality and prices.

You get a Square Deal when you trade with

BUTLER BROTHERS

Don't Walk 20 Miles A Day Behind a Plow

when you can ride and do better work without putting any additional load on your team.

There is a riding plow made specially for the farmer who has only two or three work animals—a plow of few parts that has every adjustment needed to do first-class work. Its name is the

Avery "Little Indian"

It has exceptionally light draft because the rear furrow wheel acts as a revolving landside; reducing friction, and all wheels are fitted with dirt proof, threaded grease caps, making it easy to force grease the entire length of the axle spindles without removing wheels.

enables the operator to take more or less land instantly to straighten crooked furrows. It also holds the plow to its work on sloping ground.

Furnished with 10 or 12-inch bottoms and two or three horse hitch.

The landing lever controls the front furrow wheel and

It won't cost you a cent to come in and look this plow over.

Service is one of the big things you get when you trade at Butlers. It costs you nothing extra.

Better Seed Beds Grow Bigger Crops

No implement used on the farm pays bigger dividends than an up-to-date disc harrow. Disc your land before plowing, then plow deep, then disc again and you will have a seed bed with no large air spaces in it—a seed bed that will absorb heavy rains and store up moisture for the hot, dry days of summer. The

Avery "New Tornado"

used as suggested will prove one of the best investments you ever made. It is strong, yet flexible, and will give you dividend-paying service for many years. It can be furnished in class

four to eight feet, with or without tongue truck.

There's not room here to tell you all its many fine points. Come in and let us show you.

We have a big stock of farm implements especially adapted to your needs. Let us show them to you.

This Cultivator Makes Your Day's Work Easier

because it requires so little muscular exertion to guide the gangs. The pivot axle and lateral shifting arch act in unison so that a gentle push on the foot lever turns the wheels and shifts the arch and gangs in the same direction. The

Avery Pivot Axle

has a frame so strong it will not sag no matter how heavy the operator.

to the bed.

Each gang lifts independently of the other and it is impossible for them to crowd together and cut out of the row, no matter how hard the ground is. Gangs can be reversed in a minute's time and given any desired angle

This cultivator can be furnished with shovel gangs instead of discs and works equally well with either style equipment.

There is not room enough here to tell you the complete story—come in and see for yourself.

If you need anything in hardware or furniture you can always find it at Butler Brothers.
